

Dear Georgia Voter,

Thank you for voting!

In 2006, the photo identification requirement for voters who cast their votes in person took effect. If you have a government issued photo ID (such as a Georgia driver's license or military identification card with a photo), this does NOT affect you.

Voters who cast their votes in person must show one of six forms of photo identification. If you vote ABSENTEE BY MAIL, you do NOT need a photo ID. These rules ONLY APPLY if you vote IN PERSON by absentee or on Election Day.

Here are the acceptable forms of photo identification:

1. A Georgia **driver's license or Department of Driver Services identification card**;
2. A valid U.S. **military identification** card containing your photograph;
3. A valid **photo identification card issued by any branch, department, agency, or entity of Georgia, any other state, or the U.S.** authorized by law to issue personal identification;
4. A valid **state or federal employee identification card** containing your photograph issued by a branch, department, agency, or entity of the U.S., this state, or any county, municipality, board, authority or other entity of this state;
5. A valid **U.S. passport**; or
6. A valid **tribal identification card** containing your photograph.
