1. Nucleus

by Gregory Johnson of Cumming, GA

A nucleus is the central and most important part of an object; it's the basis for activity and growth (kinda like Town Center is for Suwanee!).

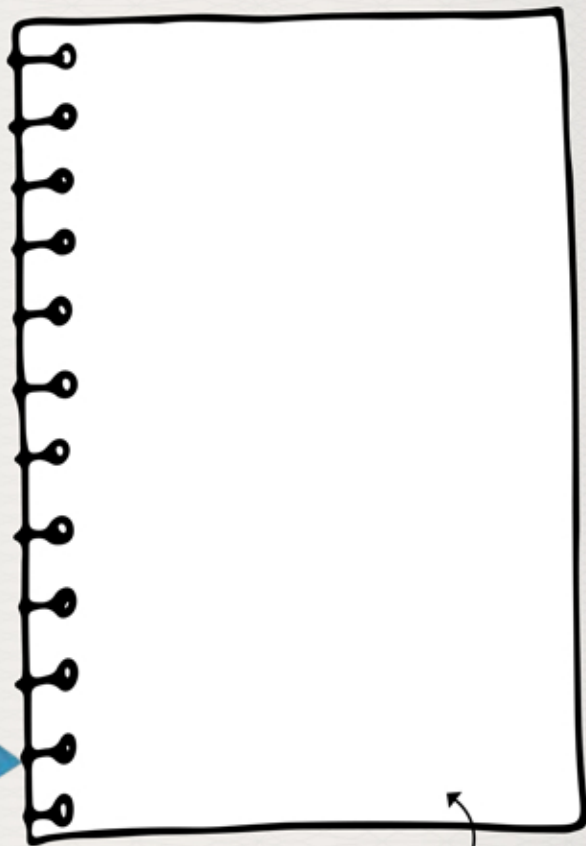

Draw a picture of 'Nucleus' here!

2. Metaphysica

by Phil Proctor of Decatur, GA

Have you seen 'The Herd' of goats near the cemetery? The same artist made those! See the big piece with the green circle and silver feather? He made that, too! Have you seen 'The Hunger Games'? The artist fabricated the 'Cornucopia' used in filming on location here in Atlanta!

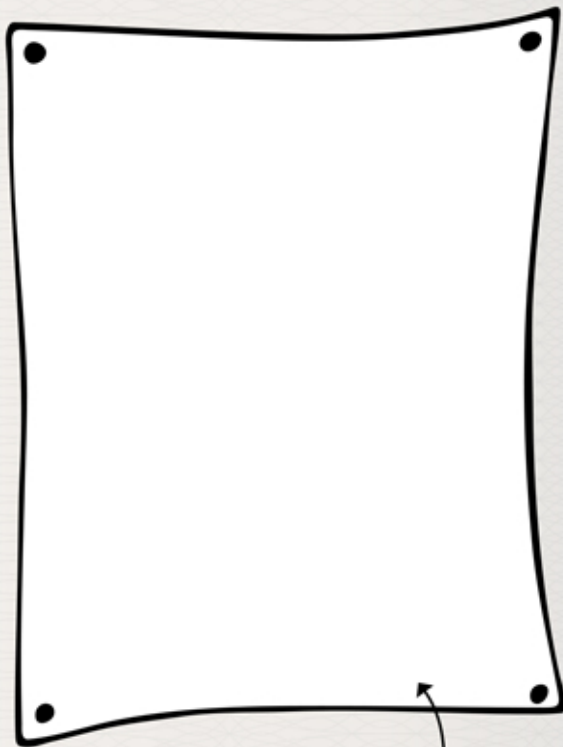

Draw a picture of 'Metaphysica' here!

3. Cow and Calf

by Jonathan Bowling of Greenville, NC

This artist loves animals – his previous Sculptour piece, 'Corey' (a horse), was purchased by a local business and is on display at The Terraces at Suwanee Gateway.

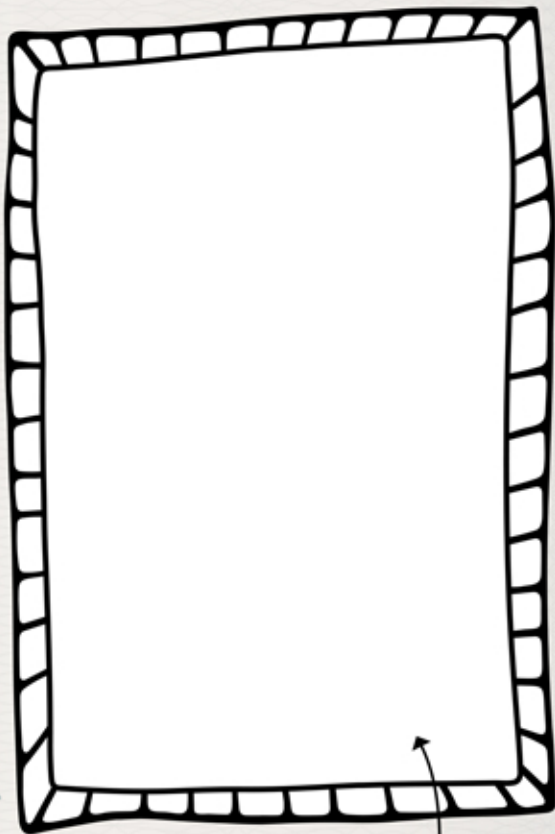

The artist likes to create art using recycled materials. List some of the different parts that you see!

4. Basin & Range

by Todd Frahm of Asheville, NC

Mount Everest, the highest point on earth, is made of marine limestone – a rock that is formed on the ocean floor! The artist wanted to turn the hard stone back into the fluid seas that formed it.

Draw a picture of 'Basin & Range' here!

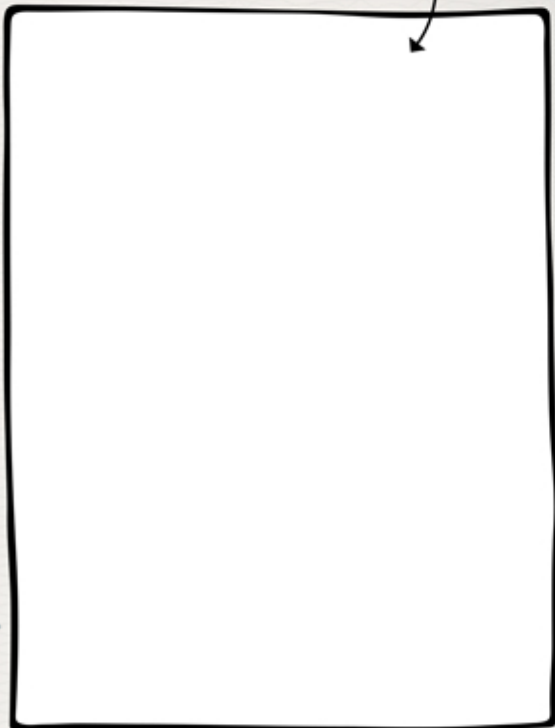

5. Mixed Emotions

by Davis Andrew Whitfield IV of Sylva, NC

See how this piece almost looks like it's crossing its arms? The artist was inspired after an argument with his wife (hence the crossed arms!). The openness on the other side represents the couple working together to resolve the issue.

Draw a picture of 'Mixed Emotions' here!

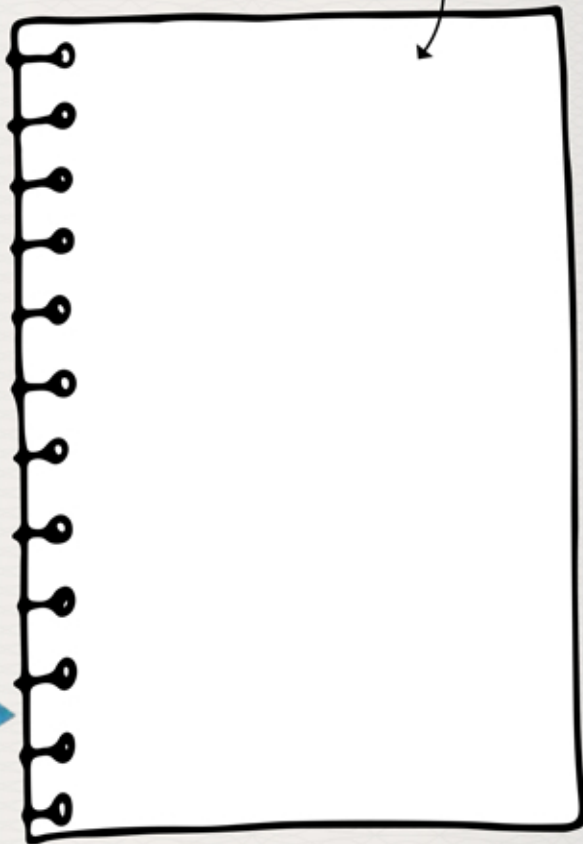

6. Apollo's Scorn

by Todd Frahm of Asheville, NC

Apollo is the Greek god of the sun, knowledge, healing, music and dance, archery, and protection of young. Why do you think the artist named this piece after Apollo?

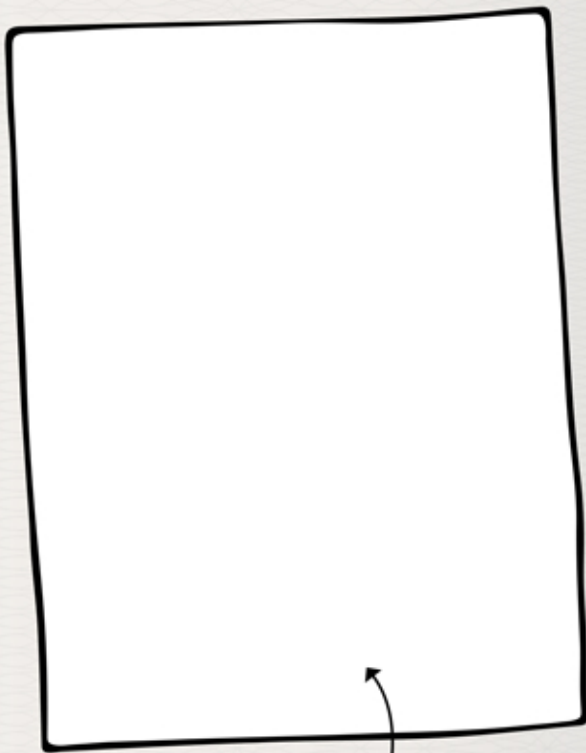

Draw a picture of 'Apollo's Scorn' here!

7. Kinetic Flower Sculpture

by Al Garnto of Blairsville, GA

The term 'kinetic' refers to movement
– What part of this piece moves
in the wind? The artist also has a
piece at Sims Lake Park called 'Wind
Sculpture Weathervane.'

Draw a picture of your favorite
kind of flower!

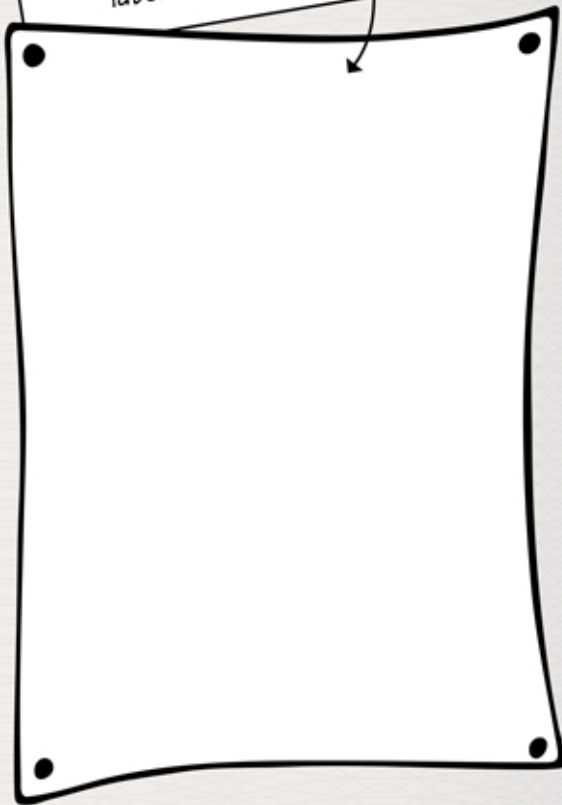

8. His n Hers

by Gregory Johnson of Cumming, GA

So...which one is His, and which one is Hers? Why?

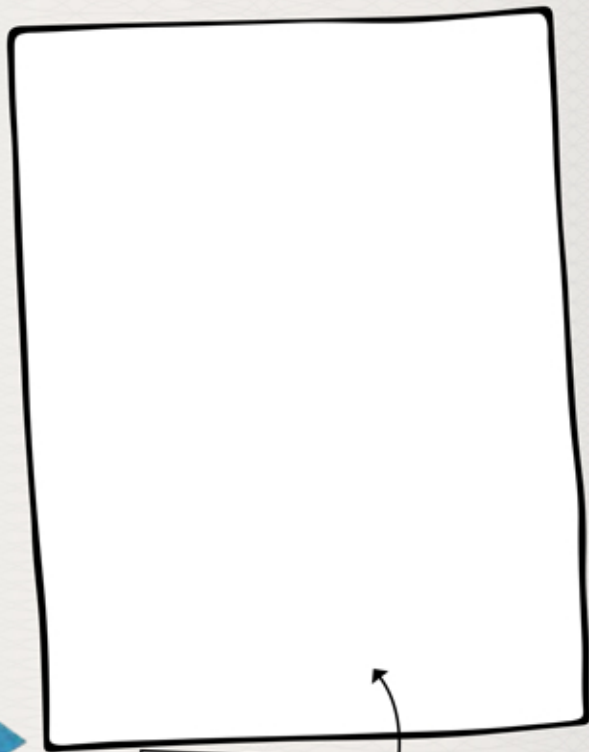

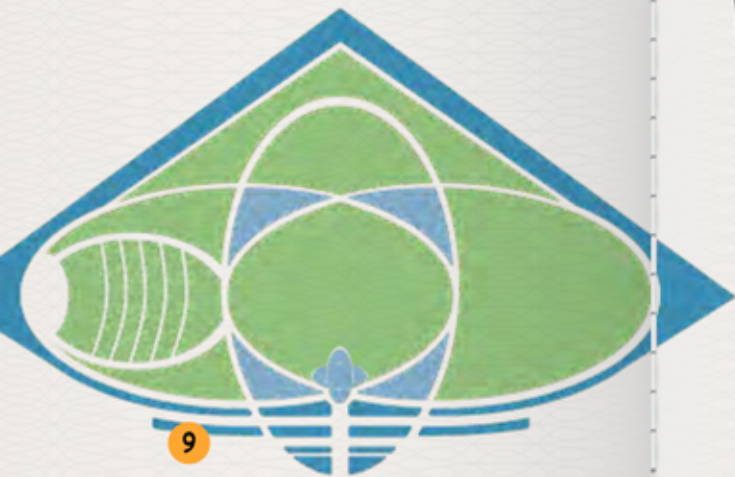

Sketch the popsicle sculpture and label whose is whose.

9. I Love to Sit

From the private collection
of Mellow Mushroom/Home Grown
Industries, Inc.

See the statue's left hand? It's signing "I love you"... What do you think this man's name is? Who is he saying "I love you" to?

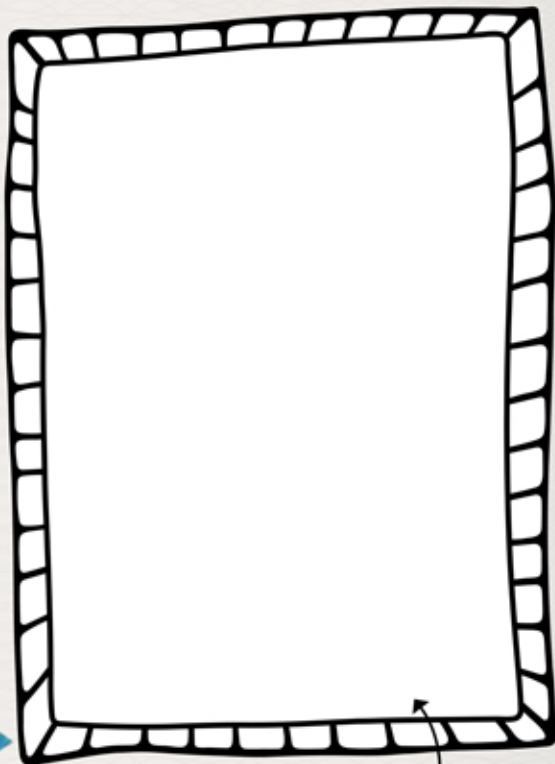

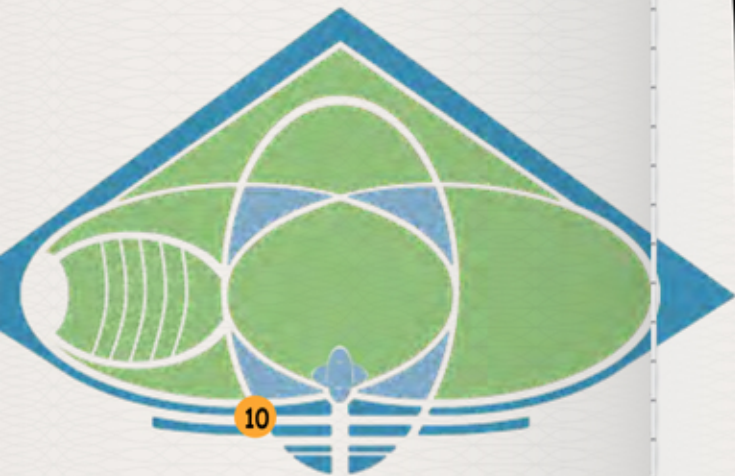

Draw a picture of you doing
something you love!

10. Votive

by Gregory Johnson of Cumming, GA

Did you know a 'votive' is something offered in fulfillment of a vow or in gratitude? Votive art has been made for centuries!

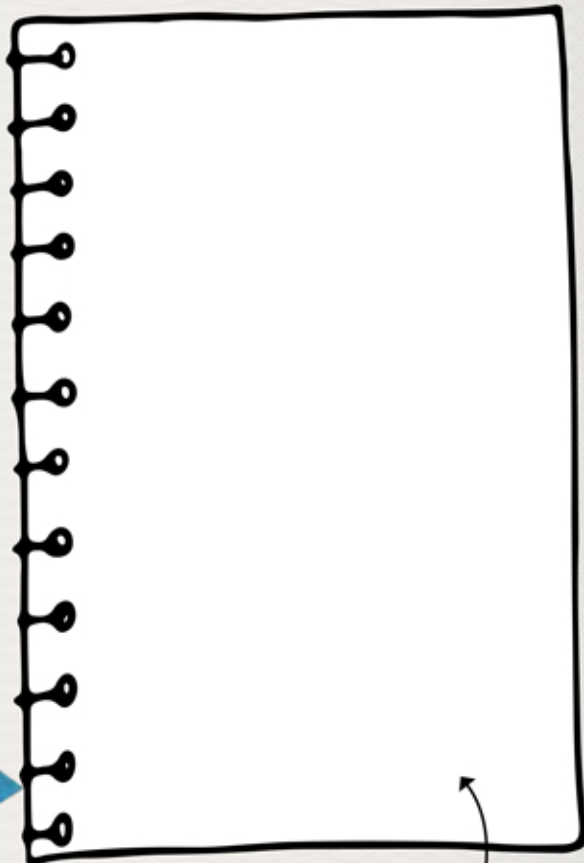

Sketch a picture of 'Votive' here!

11. Reach

by Marc Moulton of Statesboro, GA

The surrounding landscape of the artist's home state of Utah influences his work. This artist also created the 9/11 memorial 'Remembrance,' which is part of the city's permanent art collection and located in Town Center Park.

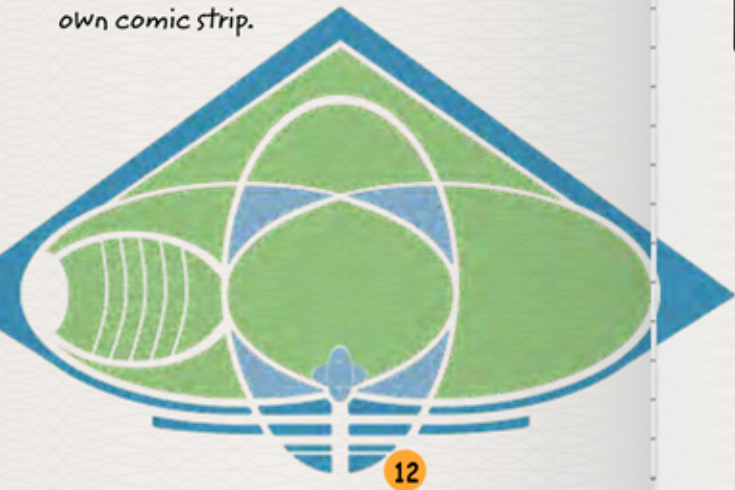

Draw a picture inspired by
Suwanee Town Center.

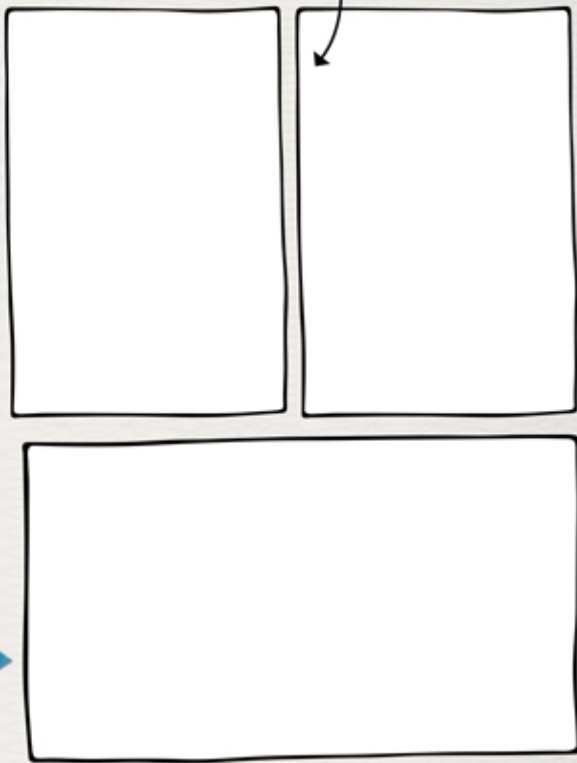

12. Mel

From the private collection
of Mellow Mushroom/Home Grown
Industries, Inc.

Meet Mel O. Mushroom of Shroomville.
Over the years, Mel and his family and
friends have appeared in Mellow Mushroom
restaurants, calendars, and even in their
own comic strip.

Draw a comic about Mel!

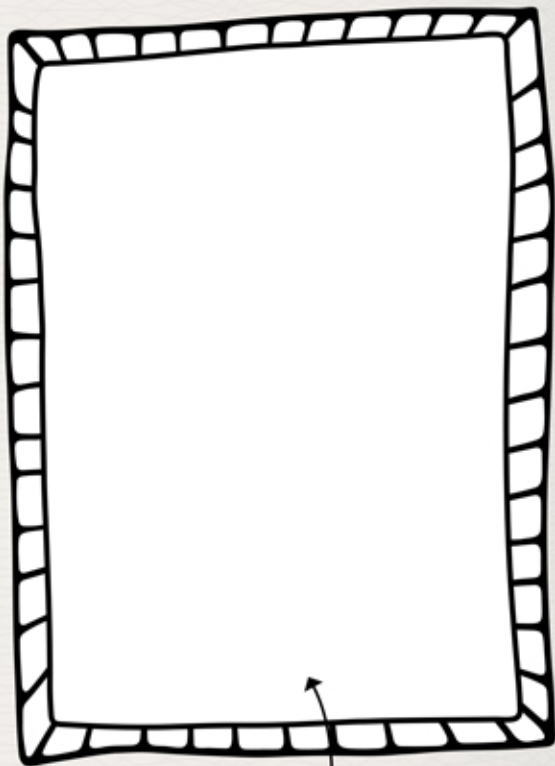

13. Love, Suwannee

From the private collection
of Mellow Mushroom/Home Grown
Industries, Inc.

Amor ♥ Amour ♥ Liebe ♥ Kærlighed ♥ Dragoste
♥ Lyubit' ♥ Mohabbat ♥ Āi Pi'àra ♥ Upendo
Uthando ♥ Bhàlabàsà! There are so many ways to
say LOVE! (And even more ways to SHOW love!)
