GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**City of Suwanee  
Georgia**

For the Fiscal Year Beginning

**July 01, 2021**

*Christopher P. Morrill*

Executive Director

The Government Finance Officers Association (GFOA) of the United States and Canada presented the Distinguished Budget Presentation Award to the City of Suwanee, Georgia for its annual budget for the fiscal year beginning July 1, 2021.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

This award is valid for a period of one year only. We believe our current budget continues to confirm to program requirements, and we are submitting it to GFOA to determine its eligibility for an award in 2023.

 Re: City Manager’s Budget Message for FY 2023

## Introduction

Over the last year, many municipalities have eased their way back into a sense of normal, and Suwanee is no different all the while keeping safety measures in place. As high-quality City services have sustained, the City of Suwanee remains in a strong and stable financial position. Moreover, Suwanee continues to be one of the most desirable and vibrant communities in the country, as noted by national publications and rankings.

Once again, we’re proud that we not only provide Suwanee residents an excellent quality of life and are able to do so while maintaining a strong and stable financial position. Revenues continue to grow and are well-diversified among multiple sources. The City has a comprehensive approach to long-term capital and infrastructure needs, not only planning for future assets, but also ensuring the proactive maintenance and replacement of existing assets.

The City’s overall fiscal health remains strong. The FY23 budget projects approximately **\$8.7 million in accumulated fund balance**, i.e. savings. The City holds a **AAA bond rating from Standard & Poor’s rating service**. The City’s employee pension plan is financially very healthy being fully funded at roughly 100% of its pension obligations (based on the plan termination basis).

Near the beginning of each calendar year, the Council and management staff participate in a multi-day strategic planning retreat. At that retreat, Council establishes specific goals and priorities for the upcoming year and beyond. These goals, projects, and initiatives are memorialized and later adopted in the City’s annual Short-Term Work Program (STWP). The STWP (page 285) reflects on Suwanee’s driving principles that make up the ten-year Strategic Plan (page 303). These driving principles shape the goals and priorities of the Council in both short and long-term planning: Communications & Engagement, Economic Development, Public Safety, Planning, Community Culture, Parks and Open Space, and Transportation. Below are a few of the most significant capital projects that the Mayor and Council recognized as priorities for the fiscal year 2023 (STWP page 288 & 290):

- Design and construction of Town Center on Main, Delay Nature Park and realignment of Main Street
- Completion of Buford Highway reconstruction and streetscaping
- Main Street Park renovation
- Veteran’s Memorial at Town Center on Main

In developing the annual budget, staff analyzes a large amount of data to project the next fiscal year’s revenues and expenditures. Staff reviews current and historical revenues and expenditures, proposed new projects and initiatives, current economic conditions, relevant changes in law, and numerous other factors. Some items, particularly reoccurring expenses or more stable revenues, are relatively easy to predict and/or control. Other items can fluctuate depending upon local and world conditions. The City’s overall budgeting philosophy is to **budget and project figures conservatively**. The City monitors the budget throughout the year and undertakes quarterly budget adjustments if needed. The City also has 10-year financial projections, both for revenues and expenditures, which assist with long-range financial planning.

An important budget element is the City’s Capital Improvements Program (CIP). The CIP (page 273) is a multi-year financial plan for large capital projects or purchases. Projects include, but are not limited to, improvements for transportation, parks, city facilities, and other capital expenditures. The City’s 2023-2027 CIP totals approximately \$42 million over the next five years. Funding comes from various sources including past and future SPLOST funding, URA bond funds, local funds on hand, and other sources as approved.

As the budget was being developed the City was in the final stages of creating a citywide **Stormwater Utility**. After many months of study, including an extensive public participation component, the Utility was formally adopted by the City Council on June 28. The Utility will go into effect on this year's tax bill. It is expected to provide approximately \$1.5 million annually in dedicated funding for stormwater infrastructure, regulatory compliance and other stormwater related activities. While not part of the general fund, this capital will help address emerging stormwater needs in turn taking future pressure off the general fund.

Another important item of note is the **American Rescue Plan Act (ARPA)**. This is federal money provided to local governments to help address and offset the impacts of COVID-19. The City is set to receive a total of about \$7.8 million in two phases. Because the City falls within a certain allocation amount (less than \$10 million), it can be used for general city eligible services and projects. The City anticipates using most of this funding for various capital projects that have been impacted by rising costs due to COVID-19.

The City continues to grow in terms of population, the number of businesses, and visitors. With this proposed approximately **\$16 million general fund budget for FY23**, the City will maintain existing service levels, continue to improve performance, and improve our facilities for safe and enjoyable use by our citizens. City Council sets a vision and, with a dedicated staff, works as a team to ensure that Suwanee models regional leadership and exceeds expectations. We strive to build upon our track record of success and numerous awards to continue providing excellent services for the community.

## Executive Summary

Staff is proud to present a **balanced General Fund budget of \$16,419,600**. The budget projects the same **4.93 millage rate** as in FY22.

GENERAL FUND BUDGET	FY22 (adopted)	FY22 (final)	FY23 (adopted)
Revenues	\$ 15,069,730	\$ 15,112,830	\$ 16,419,600
Other Financing Sources	-	2,003,700	-
<b>TOTAL</b>	<b>\$ 15,069,730</b>	<b>\$ 17,116,530</b>	<b>\$ 16,419,600</b>
Expenditures	\$ 14,834,730	\$ 14,982,830	\$ 16,174,600
Other Financing Uses	235,000	2,133,700	245,000
<b>TOTAL</b>	<b>\$ 15,069,730</b>	<b>\$ 17,116,530</b>	<b>\$ 16,419,600</b>

**NOTE:** In FY 2022, Other Financing Sources includes 4th quarter capital improvement funding of \$1,753,700. Pre-funding Suwanee's Capital Improvement Program allows for pay-as-you-go financing for capital projects

Major budgetary highlights for the upcoming year include:

- The adopted **\$16,419,600** general fund budget is balanced. It relies on anticipated revenues; no fund balance is proposed to be used for operating expenses.
- At **4.93 mills**, the millage rate is proposed to be the same as last year. The millage rate has either remained the same or been reduced over each of the past twenty years.
- At **\$16,419,600 the adopted general fund budget** is about **9.0% more** than the adopted FY22 budget (\$15,069,730).
- Overall, **revenues are relatively stable** with some sources rising and others declining slightly. General fund revenues are expected to be lower by about 4.1% (\$696,930) from \$17,116,530 (FY22 final) to \$16,419,600 (FY23 adopted). The majority of this decrease is due to the City's FY22 fourth quarter contributions of \$1,753,000.
- The City expects to receive approximately **\$477,000 in Intergovernmental Revenue from Gwinnett County** as a result of Service Delivery Strategy negotiations and cost-sharing.
- The adopted budget largely focuses on maintaining the City's current service and staffing levels and existing initiatives such as police and street and park maintenance.
- At \$6,251,600, and representing approximately **38% of the City's overall budget**, police services are the City's largest expenditure category.
- Annual **bond payments totaling about \$2.9 million** represent another large expenditure area.
- The budget provides funding for a Planner 1 and a Communication Specialist, part-time (24 hours per week).

SPLOST remains a significant source of revenue for the City. The **2017 Special Purpose Local Option Sales Tax (SPLOST)** program is a 6-year sales tax program for specific capital purposes as approved by voters. SPLOST revenues fluctuate with the economy and local spending and revenue estimates are adjusted periodically. The first payment of the 2017 SPLOST was received in June 2017. Current estimates are that the City will have received approximately \$18.5 million by the time the program ends.

The City's fund balance remains healthy. General fund balance is unencumbered cash held by the City - essentially the City's "savings." No fund balance is proposed to be used in the FY23 budget. In previous years, fund balance has been used at times as a revenue source usually for one-time capital project contributions. The City's **general fund balance of \$8.7 million** provides around seven months of operating expenditure coverage and serves as a financial

cushion for unexpected events. Suwanee's adopted fund balance policy provides guidelines for preserving an adequate fund balance in order to sustain financial stability and prudent management of the City's reserves.

## General Fund Revenue Highlights

The City is fortunate to have a stable and diverse revenue stream. The City's primary general fund revenue sources include Commercial and Residential Property Taxes, Utility Franchise Fees, various Business Licenses and Taxes, Fines and Forfeitures, and other miscellaneous revenues. While not a general fund revenue, the City also receives substantial sales tax revenue for certain capital purposes through the 2017 SPLOST sales tax which helps reduce financial pressures on the general fund.

Property tax revenue is based on the City's tax digest and an adopted millage rate. At approximately \$2 billion, the City's **assessed tax digest** is stable and healthy. The City has a well-rounded tax digest with a good mixture of residential, commercial, and industrial property development.

The City typically does not receive actual tax digest values until after the budget is developed. As such, staff must project the upcoming digest value. Staff anticipates a tax digest of approximately \$2 billion. As a historical note, the assessed tax digest has increased from about \$349 million in 2000 to about \$2 billion today. With this growth, the City has realized increased revenues along with increased service demands associated with new development.

At **\$8,011,100, combined commercial and residential property taxes** make up the largest category of City revenues. FY23 property taxes are anticipated to be about **\$1,295,500** higher than projected in the FY22 final budget based on the proposed same 4.93 millage rate. If adopted as proposed, the City will have maintained the millage rate in each of the past ten years.

**Overall business taxes are expected to increase by about 2.9%.** Taxes in this category include business licenses, insurance premiums, and taxes on financial institutions. The FY23 budget projects an increase to generate approximately **\$76,200**.

**At \$1,865,140, utility franchise fee payments** from electric, natural gas, cable television, and telephone providers remain a substantial revenue source and are expected to increase slightly from FY22. All four franchise taxes remain relatively stable.

**Court Fines are expected to provide a net of \$1,025,680** to the general fund for FY23. This is approximately \$324,320 less than FY22 adopted budget. This is largely due to the fact that police operations are adjusted and new officers are in the academy.

**Alcoholic beverage tax revenue** also is anticipated to increase by about \$9,400 from last year. At **\$890,000**, the budget for these excise taxes (\$735,000) as well as the mixed-drink tax (\$155,000) is expected to increase slightly.

Given the relatively small size of the City, annual **development permit fees** can vary significantly from one year to the next depending on local construction activities. Based on local knowledge of pending projects, staff projects an increase of \$250,000 for FY23 to about \$650,000

## General Fund Expenditure Highlights

Suwanee remains a vibrant community with changing and expanding needs that demand high-quality services. Various costs, especially construction items, materials, equipment, and staffing are rapidly escalating. The FY23 budget projects **\$16,419,600 in expenditures**. Expenditures include costs for personnel, supplies, materials, equipment, utilities, professional and contracted services, financing costs, and other items. Personnel costs represent the single largest category of expenditures.

Overall general fund expenditures are projected to be \$16,419,600 which is an increase from \$15,069,730 FY22 adopted and a decrease from \$17,116,530 FY22 final.

At \$6,251,600 and representing about 38% of the City’s overall budget, **Police Services** are the single largest category of City expenditures. Employing 39 sworn officers and 12 non-sworn personnel, the police department is a 24-hour-a-day operation. As the Suwanee area continues to grow with residents, visitors and businesses, demands on police services will also increase.

At \$4,035,950, **Parks and Public Works** is the City’s second largest expenditure area (25%). This funding pays for 27 full-time staff as well as the maintenance and upkeep costs for all of the City’s parks, trails, buildings, streets and other related infrastructure. SPLOST funding is often used to undertake much of the capital construction associated with these items.

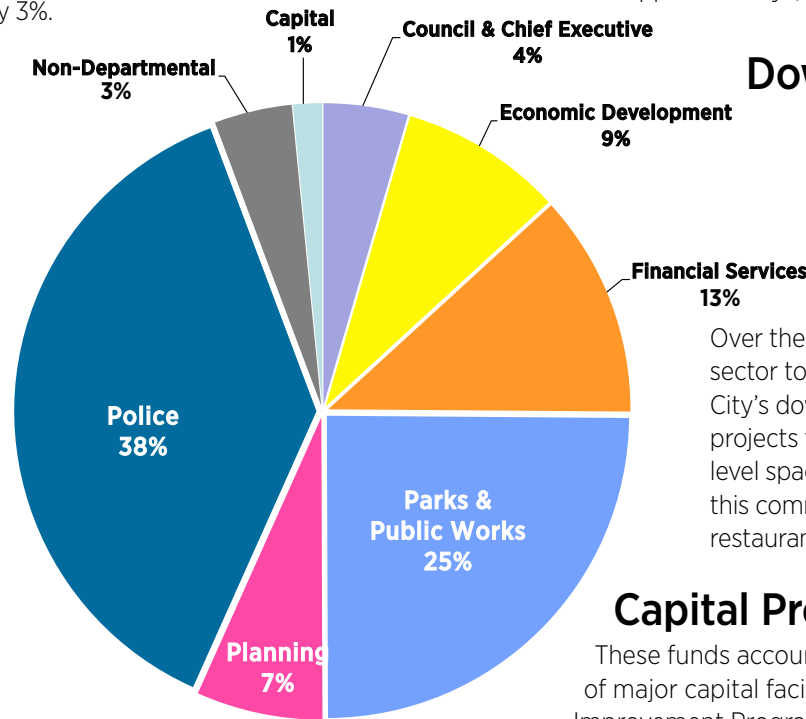

**Bond payments of about \$2.9 million** will be required this year for annual debt service payments.

One significant budget item, **healthcare benefit costs for employees**, are expected to increase by 3%.

### Special Revenue Funds

Special revenue funds are established to account for revenue sources that are restricted to expenditures for specified purposes. For Suwanee, these include Suwanee Fest, Community Arts, Confiscated Assets (Police), Community Garden, **American Rescue Plan Act**, Hotel/Motel Tax, and Rental Vehicle Excise Tax. These are largely stable and on-going funds. There are no new major issues or concerns with these funds for FY23.

The hotel/motel tax fund is showing improvement over several years ago. **Hotel/motel funds** are legally restricted in their use. Staff proposes a balanced budget for ongoing hotel/motel expenditures, which include promotions/advertising and other related programs. At **\$688,000**, budgeted revenues and expenditures are higher than last year’s estimates. This could be because training and out-of-town travel for staff have eased back into its regular schedule.

### Custodial Fund

The City maintains one custodial fund, the municipal court fund. The municipal court fund accounts for collection of various fines and forfeitures that are disbursed to other agencies. The net funds received are transferred to the general fund to help cover operating costs associated with the court.

While the **police and court services** are not provided in order to generate revenues, they still need to be projected for planning and budgetary purposes. At **\$1,540,000**, the FY23 budget projects an decrease of about \$335,000 compared to the FY22 adopted budget.

**Municipal Court** generates approximately \$128,300 per month. About \$85,500 of this amount is transferred to the general fund. About \$43,000 each month is paid out to various trust funds. The City’s Indigent defense trust fund costs for FY23 were approximately \$95,000.

### Downtown Development Authority

The mission of the Suwanee Downtown Development Authority (DDA) is to enhance the historic center of Suwanee. The previously mentioned Downtown Master Plan provides a blueprint for future downtown growth and development. Daily administrative operations of the DDA are part of the general fund.

Over the last couple of years, the DDA has partnered with the private sector to help deliver a compatible development that supports the City’s downtown. The development of Siena and Skye are mixed-use projects that each contain approximately 10,000 square feet of street-level space adjacent to Town Center. The DDA owns and operates this commercial space to attract new innovative businesses and/or restaurants.

### Capital Project Funds

These funds account for resources used for the acquisition or construction of major capital facilities. Currently, there are 7 such funds. The City’s Capital Improvement Program (CIP) - included as a part of the budget - provides detailed information about each of the funds and future projects that will be completed in the next five years. Capital funds may include money from various sources including the general fund, grants, SPLOST, and others.

The **SPLOST Fund** includes final proceeds from the 2009 SPLOST (expired), the 2014 SPLOST (expired), and the 2017 SPLOST (current). SPLOST funds are a major source of City revenue for various capital projects. SPLOST money is legally restricted for use in categories specifically approved by voters, such as transportation, recreation, public safety, parking enhancements, etc. This fund will help Suwanee construct various projects over the next few years.

The financial value of SPLOST is substantial: the voter-approved funds allow the City to address important capital needs throughout the community and improve the quality of life in Suwanee without placing more demands on the general fund and property taxes. Although SPLOST funds are separated from general funds, they provide relief for the general fund and provide funding for projects that likely could not otherwise be accomplished

SPLOST-funded projects (partially or wholly funded) include, but are not limited to:

- street and road resurfacing
- general sidewalk construction
- road repairs and reconstruction
- storm drainage projects
- general park enhancements
- implementing various projects contained in the Downtown Master Plan and Facilities Study
- Buford Highway Corridor Improvements

## Budget Presentation

The City of Suwanee takes pride in presenting a complete and clear budget for public use. The Government Finance Officers Association (GFOA) establishes guidelines for an effective budget presentation, which are designed to assess how well a government's budget serves as a policy document, financial plan, operations guide, and communications device. It should be noted that the budget document for Fiscal Year 2022 was submitted to GFOA for consideration and again received the Distinguished Budget Presentation Award. The City will be once again submit to the GFOA for consideration for the Distinguished Budget Presentation Award the FY 2023 budget document.

Budget documents can be intimidating documents filled with numbers and data. Each year our staff takes pride in developing a document that is useful, attractive and readable. Financial Services Director Amie Sakmar leads us through the budget process each year and takes tremendous pride in producing an outstanding and meaningful budget document. Paul Bara, Wendy Budd, Billqeece Naqawe, Donna Sisley, and Susan Van Nus play key roles in the layout

and creation of the award-winning budget document. All of these staff members typify the dedication and commitment to excellence that is the hallmark of Suwanee's staff team.

Suwanee's budget is an impressive and comprehensive financial document. The City also recognizes the need for accurate and concise information for readers of all levels and interests. As such, the City provides a condensed Citizen's Operating Budget. It is not intended to replace the City's full budget; instead, it attempts to summarize it, focusing on certain important and interesting points for a potential reader.

## Conclusion

Suwanee remains an attractive, growing, and desirable community. I want to thank the citizens, Mayor and Council, and staff for their continued support and commitment.

City Council and staff remain committed to working together. The City takes a planned approach to provide services. Each year, Suwanee's City Councilmembers and management staff, gather for at least three days in a strategic retreat to generate ideas and assess conditions while planning for the future. Having a committed Council willing to collectively set the direction for the next year is commendable. The resulting Short-Term Work Program developed during that important planning session sets the goals for the coming year.

Mayor Jimmy Burnette and each of our Councilmembers deserve recognition and credit for setting a positive tone and providing leadership to keep the City moving in the right direction. This commitment to community service and desire to improve the community helps motivate City staff to continue striving for excellence.

City staff works hard to carry out the goals of the Mayor, City Council, citizens, and stakeholders in Suwanee. Our staff deserves the credit that goes along with our noteworthy accomplishments and continued success. I would also like to thank each staff person for his or her contributions over the past year.

Please contact me if you have any questions or comments about this document.

Respectfully submitted,

## Review of Assumptions and Budget Elements

### I. Maintain current millage rate.

Proposed budget assumes no millage rate increase. Proposed millage rate is 4.93, the same as the past ten fiscal years (FY 2013 to FY 2022).

### II. FY 2023 budget proposes to use \$0 in budgeted fund balance to balance the proposed budget.

The current proposed budget is balanced without using any budgeted fund balance. The City's current fund balance is \$9,638,837 which represents 7 months of fund balance reserves of which 4 months (\$5,705,510) is reserved for stabilization based on our current fund balance policy. This leaves 3 months of reserves (\$3,933,327) as unassigned.

The proposed CIP funding for FY 2023 includes transferring \$888,700 from unassigned fund balance to help fund the Police Headquarters Phase I project. After this transfer, unassigned fund balance will be reduced to \$3,044,627 representing 2 months in unassigned fund balance and 6 months in total fund balance. We are recommending including this transfer with the proposed 4th quarter capital transfers outlined below.

### III. Proposed 4th quarter FY 2022 capital funding transfer \$1,753,700. (Proposed May Council meeting agenda)

During 4th quarter of the current budget, we usually propose fourth quarter capital transfers to pre-fund our capital improvement program (CIP). Pre-funding our capital improvement program allows for pay-as-you-go financing for ongoing capital needs. Based on current revenue and expenditure projections for FY 2022, we are anticipating \$865,000 to be available from current resources to fund the normal CIP transfers along with \$888,700 coming from unassigned fund balance for the Police Headquarters Phase I project. Proposed transfers include:

- Maintenance funding, \$250,000
- City wide tree management program, \$215,000
- Paved streets local funding, \$200,000
- PIB Bridge study match, \$200,000 (20% match)
- Police Head Quarters Phase I funding, \$888,700

### IV. Property tax revenues are anticipated to increase by 19.3% from FY 2022 final projected actual.

For fiscal year 2023, we are anticipating a 20% growth in digest value due to the anticipated large market value updates that have occurred during calendar year 2022. Gwinnett County issued a press release on April 22, 2022 that stated roughly 83% of the property value notices will include market updates due to market changes that occurred during calendar year 2021.

Along with the press release, Gwinnett County also provided an estimated digest growth for real property. Based on the data provided and adjusted for appeal loss, exemptions, and collectability, we are recommending using 20% digest value growth for our revenue projections.

Additional information will be provided in late July before Council sets the actual millage rate in August.

- Calendar Year 2020 (FY 2021)  
assessed value digest net: \$1,522,712,594
- Calendar Year 2021 (FY 2022)  
assessed value digest net: \$1,602,816,729
- Projected Calendar Year 2022 (FY 2023)  
assessed value digest net: \$1,857,580,993
- Value of 1 mill FY 2021: \$1,522,713
- Value of 1 mill FY 2022: \$1,602,817
- Value of 1 mill FY 2023: \$1,857,581 (projected)

(Note: FY 2022 projected value of a mill was \$1,602,600, a difference from actual of \$217 or less than 1%.)

### V. Revenue changes compared to FY 2022.

Most revenue assumptions used the past three-year rolling average and on average showed a 2.5% to 3% growth rate from FY 2022 projected ending balances. The following revenues are showing a different trend or growth analysis:

- **Alcohol Beverage and Local Option Mixed Drink excises taxes are maintaining fiscal year 2022 levels.** During fiscal year 2021, consumers' behaviors changed with increases being shown in 2021 for these consumption-based excise taxes. One tax is based on the wholesale of packaged beverages (alcohol beverage tax) and the other is based on a by the drink tax by the consumer at an establishment. Both of these types of taxes showed large increases for fiscal year 2021. During this time period, the City provided an alcohol license tax credit for businesses for 2021, which several new businesses tried out the license for calendar year 2021 but selected not to renew the license for 2022. Both of these tax sources are very stable taxes and have returned to a more normal growth pattern as seen before 2021. The monthly average for fiscal year 2022 was used to project 2023 revenues. Based on this method, these taxes are reflecting maintaining the current revenue levels.
- **Hotel/Motel taxes are returning to pre-pandemic levels.** The combined monthly averages for FY 2019 and 2022 were used to estimate the FY 2023 revenues resulting in a 7% increase from FY 2022 projected ending and a 44% increase from FY 2022 final budget. During the pandemic, this revenue

source had significant decreases in both FY 2020 and 2021. A stabilization and return to a prior normal range has occurred during FY 2022. A change in state law that went into effect in September 2021, has also helped to stabilize this revenue stream which now allows for this excise tax to be collected on short term home rentals. We are projecting the ending FY 2022 revenues will be \$654,000. The total budgeted for FY 2023 is \$688,000.

- **License and permit fees are projecting a large increase.** Due to Suwanee's size, one or two large permits can cause large increases from one period when compared to another period. This is the case for FY 2023. Based on projected permit activity, we are anticipating \$650,000 in building permit fees for FY 2023. This is \$250,000 increase from FY 2022 final budget and \$283,000 increase from projected ending FY 2022 balance.
- **Intergovernmental grants are projected to decrease.** A significant portion of this decrease is due to the new 911 reimbursement agreement with Gwinnett County that went into effect on February 2022. Under the terms of the new agreement, the City is anticipating a reduction of \$80,000 from the FY 2022 budgeted amount. The total reimbursement for dispatching services for FY 2023 is budgeted at \$477,000.
- **Municipal Court revenues are projecting a return to pre-pandemic levels.** Fiscal year 2023 projections are based on FY 2019 and FY 2020 monthly averages. Our projections are based on court session returning back to normal pre-pandemic activity levels during October, when Police staffing is expected to return to normal staffing levels. The proposed budget of \$1,026,000 is a 24% decrease (\$324,000) from the FY 2022 budget of \$1,350,000 but a 24% increase (\$196,000) from the ending projected FY 2022 balance of \$830,000.

## VI. Proposed funding for Compensation Study Implementation and annual employee performance reviews, \$631,500.

The proposed budget includes implementing the recommendations from the Compensation Study. Implementation of this study was combined with the annual performance reviews and the proposed new pay rates are recommended to go into effect as of July 1st. The budget cost projection for the combined implementation is projected to be \$631,500 for the projected 115 full time and 2 part time employees.

## VII. New positions request, \$109,000

The proposed budget includes two position requests.

- **Planner I** - The Planning Department is seeking to add an entry level Planner I. This position's primary functions would be related to current planning. This position would assist with writing staff reports and preparing packets for the Planning Commission and Zoning Board of Appeals, assist with interpreting

and enforcing Zoning Ordinances, process sign permit applications, and assist with code enforcement responsibilities as needed.

- **Communication Specialist (part-time)** - The Economic Department is requesting a part-time (24 hours a week) Communication Specialist to primarily assist with graphic design, website maintenance, photography and video. This position would serve city-wide needs.

## VIII. Position reclassification, \$100,000 in payroll expenses transferred to contracted services

The proposed budget includes eliminating 1 full time crew leader position and three seasonal crew member positions. Reclassifying one crew leader position to a crew member position and continuing to hold one crew member position vacant. Based on current staffing challenges, the Parks and Public Works Department is requesting to transfer the funding for the positions listed above to contracted services for facilities and right-of-way landscaping. This is a neutral budget request, not increasing or decreasing the current funding levels. This staffing change will be reviewed during FY 2023 to determine if this should be a permanent or temporary staffing level change.

## IX. Developing a Co-Responder Program, \$75,000 (new initiative).

Police officers are often being called upon to respond to individuals who are having a mental health crisis, experiencing homelessness, or who have other health and social service challenges. Many agencies are seeking out alternatives to a traditional arrest situation by pairing health care professionals with law enforcements officers. These teams are called Co-Responder Teams. Co-Responder Teams provide the resources to effectively and safely respond to calls involving people in a mental health crisis. They can provide on-scene crisis de-escalation, screening and assessments, and referrals to ongoing treatment by a mental health professional. Ultimately, they are used to meet the goal of connecting people to services that promote wellbeing and lead to fewer repeat mental health service calls. The proposed FY 2023 budget is requesting \$75,000 in funding to develop a Co-Responder Program for Suwanee's Police Department.

## X. Items of note in the budget:

- Maintaining Pension Funding at 6%.
- Maintaining 2% retirement matching program.
- Group health insurance 3% renewal rate increase, overall budget increase \$192,000.
- Economic Development Marketplace Dataset, \$12,500.
- Public Works small equipment \$88,000 (mowers, aeration equipment, gator vehicles),
- Public Works backhoe loader (replacement), \$121,000. (Included in Facilities Enhancement Fund)

- Police equipment, \$70,000  
(laptops, radios, body cameras, and in car video systems).
- Police two vehicles (replacement), \$142,000.
- Dispatch Equipment computer aided dispatch (CAD), \$142,000.
- Landscape maintenance, \$525,000.
- Storm drainage administration (MS4), \$90,000.
- Vehicle and building repairs, \$189,000.
- Park repairs and improvements, \$151,000.
- Planning and Inspections professional services, \$110,000.
- Contracted IT services, \$110,000.
- Tax Allocation District (TAD) transfer, \$240,000.
- Full event season funding, \$150,000 general fund and \$65,000 Vehicle Excise Tax Fund.
- Existing Private/Public Partnerships, \$321,000.
  - North Gwinnett Arts Association (NGAA), \$66,000 (funding provided by the Hotel/Motel Tax Fund).
  - Gwinnett Municipal Association (GwMA), \$27,000.
  - Gwinnett Convention and Visitors Bureau (GCVB), \$196,000 (funding provided by the Hotel/Motel Tax Fund).
  - Partnership Gwinnett, \$20,000.
  - Geek Space Gwinnett Corporate Membership, \$12,000.

This budget document contains a wide variety of information about the services the City of Suwanee provides to the community. The purpose of this guide is to explain how the budget document is organized and to help the reader find the information that they may be looking for.

## How is this document organized?

The City's budget is organized on the basis of funds. Each fund is considered a separate budgetary and accounting entity. Resources are allocated to, and accounted for, in individual funds based upon the purposes of the specified activities.

The budget document is divided into twelve main sections separated by tabs: Executive Summary, General Fund, Special Revenue Funds, Capital Project Funds, Debt Service Fund, Enterprise Fund, Agency Fund, Capital Improvement Program, Downtown Development Authority, Short Term Work Program, Supplemental Information, and Glossary. The content of each section is summarized below.

**EXECUTIVE SUMMARY:** This section relates to the entire City. It includes the transmittal letter, budgetary and financial policies, organizational charts, combined statements, and budget resolutions.

**GENERAL FUND:** The general fund is the primary operating fund that provides for basic government services, such as police protection, recreation and parks, planning and zoning, building inspections, code enforcement, economic and community development, special events, municipal court services, and road, sidewalk, and infrastructure maintenance. Each service area is organized by function categories. The beginning of each category is divided by a title page for easy reference.

**SPECIAL REVENUE FUNDS:** Special revenue funds represent revenues that are legally restricted for specific purposes. The City maintains the following special revenue funds:

- Suwanee Fest
- Community Arts
- Confiscated Assets
- Community Garden
- American Rescue Plan Act (ARPA)
- Hotel/Motel Tax
- Rental Vehicle Excise Tax

A statement of service for each fund has been provided to help the reader understand the function of each special revenue fund.

**CAPITAL PROJECT FUNDS:** Capital project funds account for financial resources used for the acquisition or construction of major capital facilities for the City's governmental fund types.

All of the capital project budgets are presented on a **project balance basis** and are not broken out by fiscal period, since most of the projects are expected to expand more than one fiscal period. The City maintains the following capital project funds:

- 2009 SPLOST
- Public Facilities Maintenance
- Public Facilities Enhancement
- Cemetery
- Paved Streets
- Storm Drainage
- Master Plan Implementation
- Urban Redevelopment (URA)
- Community Stabilization
- Downtown Development Authority (DDA)
- Suwanee Tax Allocation District (TAD)
- 2014 SPLOST
- 2017 SPLOST

**DEBT SERVICE FUND:** The debt service fund accounts for the accumulation of resources for, and the payment of, the refunded 2016 general obligation bonds for open green space and the refunded 2015 Urban Redevelopment Authority revenue bonds for the construction of the New City Hall.

**CUSTODIAL FUND:** The City maintains one custodial fund, the municipal court fund. The municipal court fund accounts for the collection of various fines and forfeitures which are disbursed to other agencies. The net funds received are transferred to the general fund.

**CAPITAL IMPROVEMENT PROGRAM (CIP):** The Capital Improvement Program is a plan for capital expenditures to be incurred each year over a five year period. It provides the City Council and staff with a process of identifying and prioritizing capital projects.

**DOWNTOWN DEVELOPMENT AUTHORITY:** The Downtown Development Authority of Suwanee is a legally separate entity. The authority is included in the budget document for information purposes.

**SHORT TERM WORK PROGRAM (STWP):** The Short Term Work Program (STWP) is a five year plan of action that the City intends to complete in order to address identified needs and goals. The STWP is a planning document, but also plays an important role in budget development.

**STRATEGIC PLAN:** The Strategic Plan is the comprehensive plan focused on managing growth, programs, services, and other aspects of the community.

**SUPPLEMENTAL INFORMATION:** The Supplemental Information section includes economic and demographic information.

**GLOSSARY:** Alphabetical list of terms used throughout this document and their definitions.

\*The budget is prepared for all funds including major and non-major funds.

**The Annual Budget is a fiscal plan which presents the services to be provided to the community and the funds necessary to perform these services. Key steps in this process are described within.**

## Budget Preparation

The City of Suwanee operates under a fiscal year that begins on July 1st and ends June 30th. The major steps in the process are outlined below with a detailed schedule on page 17.

Proposed Budget- A proposed budget shall be prepared by the City Manager with the participation of all the City's Department Directors within the provisions of the City Charter. The City will cover current expenditures with current revenues. The City will avoid budgetary procedures that cover current expenditures at the expense of meeting future years' expenditures, such as postponing expenditures, accruing future years' revenues, or rolling over short-term debt.

- a. The budget shall include four basic segments for review and evaluation. These segments are:
  1. Revenues
  2. Personnel costs
  3. Operations and maintenance cost
  4. Capital and other (non-capital) project costs
- b. Departments develop performance and expenditure requests for the next fiscal year.
- c. During the months of March and April, the City Manager reviews all departmental operations and budget requests in order to propose a recommended balanced budget.
- d. At least 30 days prior to the fiscal year commencing July 1st, the City Manager submits to Council a proposed operating budget for all operating funds. The operating budget includes recommended expenditures and the means for financing them.
- e. A series of workshops and public hearings are held before making any final changes to the City Manager's recommended budget.
- f. The annual budget is formally adopted by Council before July 1st.

## Expenditure Control

Once the annual budget has been adopted, expenditure control is maintained on the appropriation unit basis (group of accounts) with travel and capital expenditures maintained under full control. Throughout the year, all expenditures and revenues are monitored.

## Budget Control

Georgia Law, O.C.G.A. §36-81-3 establishes the legal level of budgetary control at the department level. Within the overall budget limitations, authority is delegated to the City Manager. When acting on the authority delegated by the City Manager to the Financial Services Director, intra-departmental transfers of appropriation and revenue anticipation may be approved as deemed necessary. Under no circumstances, however, may the total budget of any department be increased or decreased without Council approval.

## Reporting

Monthly financial reports will be prepared by the Financial Services Director to enable the Department Directors to manage their budgets and to enable the Financial Services Director to monitor and control the budget as authorized by the City Manager. Summary financial and budgetary reports will be presented to the City Council quarterly. Such reports will be in a format appropriate to enable the City Council to understand the overall budget and financial status.

## Policy Guidelines

The overall goal of the City's financial plan is to establish and maintain effective management of the City's financial resources. The following section outlines the policies used to guide the preparation and management of the City's budget. This section consists of operating budget policies, capital expenditures' policies, revenue policies and financial accounting policies.

The development and preparation of the City's budget are guided by the following policies:

- All funds are required to balance. Anticipated revenue, which may include budgeted fund balance, must equal the sum of budgeted expenditures for a budget to balance. All funds should be included in the budget process along with work programs, objectives and strategies.
- The Capital Improvement Program requires coordination and planning in conjunction with the various operating fund budgets.
- The General Fund is based on long-range financial plans which include unallocated fund reserves. The goal is to keep the reserve at approximately the level of three to six months of operating expense. This reserve protects the City against catastrophic revenue losses and major emergency expenditures.

## Revenue Policies

The City will maintain effective collection systems and implement aggressive enforcement strategies in order to maximize revenues from available sources.

The City will maintain a broad revenue base; that is, a large number of widely diversified revenue sources that will be established and maintained in order to distribute the revenue burden equitably and protect the City from short-term fluctuations in any one revenue source.

The City will implement user fees in all areas where feasible and productive as well as seek to set fees at levels related to the costs of providing the services and to be consistent with what other jurisdictions/organizations are charging. Moreover, user fees will be reviewed annually as part of the budget process and will be adjusted as needed with Council approval in order to recoup costs or match market increases.

The projection of revenues will receive conservative treatment in order that actual revenues at the fund level will consistently equal or exceed budgeted revenues.

## **Financial Structure**

The financial transactions of the City are budgeted and recorded in individual funds. A fund is an independent financial and accounting entity. It is a set of interrelated accounts used to record revenues and expenditures associated with a specific purpose. Funds have a balancing set of accounts and records, cash and other financial resources in conjunction with all related liabilities and residual equities, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations or restrictions. Funds are classified into three basic types: governmental, proprietary or fiduciary.

## **Governmental Funds**

Governmental funds are used to account for all or most of the government's general activities, including the collection and disbursement of earmarked monies, the acquisition or construction of general fixed assets and the servicing of general long-term debt.

The following types of governmental funds are utilized by the City:

- The General Fund is the principal fund of the City of Suwanee and is used to account for all major activities of the government such as Police, Public Works and Planning.
- Special Revenue Funds are used to account for the proceeds of specific revenue sources legally restricted to expenditures of specific purpose. The Police Confiscation and Hotel/Motel Funds are examples of special revenue funds.
- Capital Project Funds are used to account for financial resources for the acquisition, renovation or construction of major capital facilities and improvements.

## **Proprietary Funds**

Proprietary funds are used to account for activities similar to those found in the private sector. Enterprise funds account for activities that are usually self-sustaining, principally through user charges for services rendered.

## **Fiduciary Funds**

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments or on behalf of other funds within the government. When these assets are held under the terms of a formal trust agreement either a pension trust fund, a nonexpendable trust fund or an expendable trust fund is used. Agency funds generally are used to account for assets that the government holds on behalf of others as their agent. Traditionally these funds have not been included in the Operating Budget because the receipt of revenue is uncertain. The City maintains one fiduciary fund, the Municipal Court fund.

## **Accounting Basis**

The governmental funds are accounted for on the modified accrual basis of accounting. Under this basis, revenues are recognized when they are susceptible to accrual, when they become measurable and available. Likewise, expenditures are recorded as the liabilities are incurred, if measurable. However, principal and interest on general long-term debt are recorded as fund liabilities when due. Revenues susceptible to accrual are property taxes, licenses, interest revenues and charges for service. Fines are not susceptible to accrual generally since they are not measurable until received in cash. The City considers property taxes as available in the period for which they were levied if they are collected within 60 days after year-end.

The accrual basis of accounting is utilized by proprietary fund types, pension trust funds and non-expendable trust funds. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. Estimated uncollectible accounts receivable are reserved at year-end.

## **Budgetary Basis**

All budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). The General, Special Revenue, and Capital Project funds are developed on a modified accrual basis. The Enterprise fund is developed on the accrual basis. All annual appropriations lapse at the fiscal year end. The basis for budgeting is consistent with the basis for accounting with the difference being encumbrances. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures of resources are recorded to reserve that portion of the applicable appropriation, is utilized in governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures because the commitments will be honored through subsequent years' budget appropriations.

The budget process spans over a number of months and requires leadership and guidance from City Council and the City Manager as well as planning, input and teamwork from the Department Directors. The budget policies and procedures outline a general timetable for the preparation of the budget.

**DECEMBER** • City Manager and Department Directors attend Planning retreat.

**JANUARY** • City Council, City Manager and Department Directors attend Council Planning retreat.

**MARCH-APRIL** • All Operating Departments, following the City Manager's Guidelines, prepare their Budget and Capital Improvement Request.

A Capital Improvement Program (CIP) covering a five year period, will be developed, reviewed and updated annually. As resources are available, the most current year of the CIP will be incorporated into the current year operating budget.

To be considered in the CIP, a project must have an estimated cost of at least \$10,000 in one of the fiscal years of the project. Projects may not be combined to meet the minimum standard unless they are dependent upon each other. Items that are operating expenses, such as maintenance agreements and personal computer software upgrades, will not be considered within the CIP.

The City will identify the estimated costs and potential funding sources for each capital project prior to inclusion in the CIP. The operating costs to maintain capital projects shall be considered prior to the decision to undertake the projects. Capital projects and capital asset purchases will receive a higher priority if they meet a majority of the following criteria:

- It is a mandatory project.
- It is a maintenance project based on approved replacement schedules.
- It will improve efficiency.
- It will provide a new service.
- It is mandated by policy.
- It has a broad extent of usage.
- It lengthens the expected useful life of a current asset.
- It has a positive effect on operating and maintenance costs.
- There are grant funds available.
- It will eliminate hazards and improve public safety.
- There are prior commitments.
- It replaces an asset lost to disaster or damage.

The CIP is presented annually to the City Council for approval. Any substantive change to the CIP after that must be resubmitted for approval by the City Council.

## I. Purpose

The City recognizes that the foundation of any well-managed debt program is a comprehensive debt policy. A debt policy sets forth the parameters for issuing debt and managing outstanding debt and provides guidance to decision makers regarding the timing and purposes for which debt may be issued, types and amounts of permissible debt, method of sale that may be used and the structural features that may be incorporated. The debt policy should recognize a binding commitment to full and timely repayment of all debt as a requirement for entry into the capital markets. Adherence to a debt policy helps to ensure that a government maintains a sound debt position and that credit quality is protected. Advantages of a debt policy are as follows:

- Enhances the quality of decisions by imposing order and discipline.
- Promotes consistency and continuity in decision making.
- Rationalizes the decision making process.
- Identifies objectives for staff to implement.
- Demonstrates a commitment to long-term financial planning objectives.
- Regarded favorably by the rating agencies in reviewing credit quality.

This policy is intended only to address the City's criteria with respect to the issuance of debt which is secured by the full faith and credit of the City. Policies with respect to the issuance of revenue backed debt and other debt instruments will be adopted by City Council as such financing vehicles become necessary or prudent to accomplish future capital funding needs. This General Obligation debt policy will be reviewed and amended as necessary no less than every third year after its initial adoption.

## II. Creditworthiness objectives

The City seeks to maintain the highest possible credit rating for all categories of short and long term General Obligation debt that can be achieved without compromising delivery of basic City services and achievement of adopted City policy objectives. The City recognizes that external economic, natural, or other events may from time to time affect the creditworthiness of its debt. The City is committed to full and complete financial disclosure, and to cooperating fully with rating agencies, institutional and individual investors, City departments, and the general public to share clear, comprehensible, and accurate financial information. The City is committed to meeting secondary disclosure requirements on a timely and comprehensive basis.

- A. Financial Disclosure:** Official statements accompanying debt issues, Annual Financial Reports, and continuous disclosure statements will meet (at a minimum), the standards articulated by the Governmental

Accounting Standards Board (GASB), the National Federation of Municipal Analysts, the Securities and Exchange Commission (SEC), and Generally Accepted Accounting Principles (GAAP).

- B. Capital Planning:** To enhance creditworthiness and prudent financial management, the City is committed to systematic capital planning, intergovernmental cooperation and coordination, and long term financial planning. Evidence of this commitment to systematic capital planning will be demonstrated through adoption of a five year Capital Improvement Program (CIP) and adherence to the Short Term Work Program component of the City's Comprehensive Plan.

## III. Debt affordability measures

- A. Assumption of Additional Debt:** The City shall not assume more tax supported general purpose debt than it retires each year without conducting an objective analysis as to the community's ability to assume and support additional debt service payments. The City acknowledges the importance of pay-as-you-go financing in meeting its capital funding requirements to date. The City reaffirms its commitment to pay-as-you-go financing and will consider the feasibility of this funding option prior to any issuance of long-term General Obligation debt. When appropriate, self-supporting debt (e.g., revenue bonds) shall be issued before general obligation bonds.
- B. Affordability Targets:** The City acknowledges the importance of establishing and adhering to standards of affordability when issuing long term general obligation indebtedness. These standards may include, but are not limited to outstanding direct and overlapping debt per capita, direct debt service payments as a percentage of current revenues and current expenditures, and undesignated general fund balance as a percent of annual revenues and expenditures. The City will conduct a review of rating agency target ranges for these criteria no less than every third year after the initial adoption of this policy and will endeavor to maintain actual debt, value and other appropriate ratios which equal or surpass the current acceptable ranges and/or ratios associated with the City's then current ratings. The decision on whether or not to assume new debt shall be based on these costs and benefits, the current conditions of the municipal bond market, and the City's ability to afford new debt as determined by the aforementioned standards.

## IV. Purpose and uses of debt

- A. Asset Life:** The City will consider long term financing for the acquisition, maintenance, replacement, or expansion of physical assets only if they have a useful life of at least five years. Debt will be used only to finance capital projects and equipment. City debt will not be issued for periods exceeding the useful life or average useful lives of the projects to be financed.

- B. Use of Limited Tax General Obligation Debt:** Before issuing limited tax general obligation bonds, the City will consider all other financing alternatives or funding sources, including non-debt financing. The City shall only use limited tax general obligation bonds:
- Under catastrophic or emergency conditions; or
  - If the project to be financed will generate positive net revenues after debt service. Net revenues after debt service must not only be positive over the life of the bonds, but become positive on an annual basis within the first five years after completion of the project; or
  - If the project will significantly reduce City operating costs; or
  - If an equal or greater amount of non-City matching funds will be lost if the City limited tax general obligation funds are not applied in a timely manner; or
  - If the project to be financed is less than \$1,000,000; or
  - If the project to be financed provides essential City services or would so advance core City policy objectives that its value overrides the value of obtaining voter approval.

## V. Debt standards and structure

- A. Length of Debt:** Debt will be structured for the shortest period consistent with a fair allocation of costs to current and future beneficiaries or users.
- B. Debt Structure:** Debt will be structured to achieve the lowest possible net cost to the City given market conditions, the urgency of the capital project, and the nature and type of security provided. Moreover, to the extent possible, the City will design the repayment of its overall debt so as to recapture rapidly its overall credit capacity for future use. The City shall strive to repay at least 20 percent of the principal amount of its general obligation debt within five years and at least 40 percent within ten years.
- C. Backloading:** The City will seek to structure debt with level principal and interest costs over the life of the debt. “Backloading” of costs will be considered only when natural disasters or extraordinary or unanticipated external factors make the short term cost of the debt prohibitive, when the benefits derived from the debt issuance can clearly be demonstrated to be greater in the future than in the present, when such structuring is beneficial to the City’s overall amortization schedule, or when such structuring will allow debt service to more closely match project revenues during the early years of the project’s operation.

- D. Variable Rate Debt:** The City may choose to issue securities that pay a rate of interest that varies according to a formula that is pre-determined or results from a periodic remarketing of the securities, consistent with state law and covenants of pre-existing bonds, and depending on market conditions. The City will have no more than 15 percent of its outstanding general obligation bonds in variable rate form.
- E. Second Lien Debt:** The City shall issue second lien debt only if it is financially beneficial to the City or consistent with creditworthiness objectives.
- F. Refunding:** Periodic reviews of all outstanding debt will be conducted to determine refunding opportunities. Refunding will be considered, within federal tax law constraints, if and when there is a net economic benefit of the refunding or the refunding is essential in order to modernize covenants essential to operations and management.
- In general, advance refunding for economic savings will be undertaken when a net present value savings of at least three percent of the refunding principal can be achieved. Current refunding that produces a net present value savings of less than three percent will be considered on a case-by-case basis. Refunding with negative savings will not be considered unless there is a compelling public policy objective.
- G. Bond Anticipation Notes:** Use of short term borrowing, such as bond anticipation and tax-exempt commercial paper, will be undertaken only if the transaction cost plus interest of the debt are less than the cost of internal financing, or available cash is insufficient to meet working capital requirements.
- H. Credit Enhancements:** Credit enhancements, letters of credit, bond insurance, etc., may be used, but only when net debt service on the bonds is reduced by more than the costs of the enhancement.

## VI. Debt administration and process

All short term and long term debt over \$5,000 must be approved by City Council. Short term debt would include lease purchase agreements, installment purchases, and professional service agreements. All purchases should be in compliance with the City's purchasing policy.

- A. Bond Sales:** The City Manager shall produce appropriate ordinance(s) and, if needed, bond sale resolutions for consideration by the City Council. Before the sale of general obligation bonds the City Manager will submit a "Sources, Uses, and Payments" memo to the City Council identifying source and use of bond proceeds, funds for deposit of all bond proceeds, and funds for payment of debt service. No bonds or other forms of general obligation indebtedness shall be incurred by the City without approval of the "Sources, Uses, and Payments" memo by the City Council.
- B. Bond Fund:** All payment of general obligation debt service shall be from the Bond Interest and Redemption Fund. This Fund shall act as a clearing account for debt service and will not itself be used as a final source of debt payment. The Financial Services Department shall make debt service payments out of the Bond Fund by transferring the amounts from the accounts specified in the "Sources, Uses, and Payments" memo.
- C. Investment of Bond Proceeds:** All general obligation and revenue bond proceeds shall be invested as part of the City's consolidated cash pool unless otherwise specified by the bond legislation or by the City Manager or the Financial Services Director. Investments will be consistent with those authorized by existing City and State law and by the City's investment policies.
- D. Costs and Fees:** All costs and fees related to issuance of bonds will be paid out of bond proceeds or by sources identified by the City Manager.
- E. Call Provision:** Call provisions for bond issues shall be made as short as possible consistent with the lowest interest costs to the City. When possible, all bonds shall be callable only at par.
- F. Competitive Sale:** In general, City debt will be issued through a competitive bidding process. Bids will be awarded on a true interest cost basis, providing other bidding requirements are satisfied.
- G. Negotiated Sale:** Negotiated sales of debt will be considered when the complexity of the issue requires specialized expertise, when a change of underwriter may result in losses, when the negotiated sale would result in substantial savings in time or money, or when market conditions or City credit are unusually volatile or uncertain.

- H. Underwriters:** For all competitive and negotiated sales, underwriters will be required to demonstrate sufficient capitalization and experience related to the debt issuance. The criteria used to select an underwriter in a competitive sale shall be the true interest cost. In a negotiated sale, the underwriter may be selected through a request for proposals (RFP). The criteria used to select an underwriter in a negotiated sale should include the following:

- Overall experience
- Market philosophy
- Capability
- Financial statement
- Public finance team and resources
- Breakdown of underwriter's discount

- I. Financial Advisor:** The City will retain an external independent financial advisor, to be selected for a term of up to four years, through a process administered by the City's Financial Services Department. The utilization of the financial advisor for particular bond sales will be at the discretion of the City Manager on a case-by-case basis and pursuant to the financial advisory services contract. The selection process for financial advisors will require comprehensive municipal debt experience, experience with diverse financial structuring requirements and pricing of municipal securities. Upon expiration of a four-year contract, the City has the option, after a full competitive process, of signing a new contract with the existing financial advisor. For each City bond sale, the financial advisor will provide the City information on pricing and underwriting fees for comparable sales by other issuers.
- J. Other Service Providers:** The City Manager shall have the authority to periodically select other service providers (escrow agents, verification agents, trustees, arbitrage consultants, etc.) as necessary to meet legal requirements and minimize net City debt costs. These services can include debt restructuring services and security or escrow purchases. The City Manager may select firm(s) to provide such financial services related to debt without an RFP. A firm so selected must receive City Council approval before conducting any transaction or providing any service.
- K. Arbitrage Compliance:** The Department of Finance shall maintain a system of record keeping and reporting to meet the arbitrage rebate compliance requirement of the federal tax code.

## VII. Federal Tax Law

**Record Keeping:** All records relating to the tax-exempt debt needed to comply with Section 6001 of the Internal Revenue Code of 1986, as amended (the Code) will be maintained. These records will be kept in paper or electronic form and will include, among other things, (i) basic records relating to the transaction (including the bond documents, the opinion of bond counsel, etc.), (ii) documents evidencing the expenditure of the proceeds of the tax-exempt debt, (iii) documentation evidencing the use of tax-exempt debt-financed property by public and private entities (e.g., copies of management contracts, leases and research agreements) and (iv) documentation pertaining to any investment of tax-exempt debt proceeds (including the purchase and sale of securities, SLG subscriptions, yield calculations for each class of investments, actual investment income received from the investment of the proceeds of the tax-exempt debt, guaranteed investment contracts and rebate calculations. Such records must be maintained as long as the tax-exempt debt is outstanding, plus three years after the final payment or redemption date of the respective tax-exempt debt.

**Use of Proceeds:** A list of all property financed with the proceeds of the tax-exempt debt will be created and maintained. The use of such property will be monitored to ensure that such use does not constitute “private business use” within the meaning of the Code. Without limiting the foregoing, each contract, including but not limited to management contracts and leases, relating to such property will be reviewed by legal counsel prior to the execution of such contract.

**Remedial Action:** In the event that property financed with the proceeds of the tax-exempt debt is used in a manner that constitutes “private business use” or the property is sold, the remediation provisions of Treasury Regulation § 1.141-12 will be carried out in consultation with bond counsel.

**Yield Restriction:** If bond counsel advises that a fund or account needs to be yield restricted (i.e., not invested at a yield in excess of the tax-exempt debt), the moneys on deposit in such fund or account will be invested in United States Treasury Obligations – State and Local Government Series, appropriate “yield reduction payments” will be made if permitted by the Code or the City Financial Services Director will establish other procedures to ensure that such fund or account is yield restricted.

**Rebate:** At the time, the tax-exempt debt is issued, the City Financial Services Director will determine if he or she reasonably expects that one of the arbitrage rebate exceptions will be satisfied. If the arbitrage rebate exception relates to the time period over which the proceeds of the tax-exempt debt are spent, the

City Financial Services Director will verify that the appropriate expenditures have been made at each milestone. If one of the milestones is not satisfied or the City Financial Services Director does not reasonably expect that one of the arbitrage rebate exceptions will be satisfied, an outside arbitrage rebate consultant will be retained unless the City Financial Services Director has determined that positive arbitrage will not be earned.

## VIII. Securities Law

**Continuing Disclosure:** The City will record and comply with any continuing disclosure undertaking entered into with respect to tax-exempt debt. The City Financial Services Director will catalogue and determine any continuing disclosure undertaking entered into by the City prior to the imposition of the Policy to ensure that its continuing disclosure obligations will be updated and satisfied going forward.

The City Financial Services Director will implement appropriate procedures to ensure that annually recurring disclosure obligations are timely fulfilled. Upon the occurrence of an event requiring the filing of an events notice under any continuing disclosure obligation, the City Financial Services Director will ensure such event notice is filed within ten (10) business days of the occurrence of such event.

## 1. Scope

This investment policy does not apply to the investment activities of the ICMA employee retirement funds and the employee retirement accounts. This policy does apply to all remaining funds for the City of Suwanee.

## 2. Objectives

- A. Safety** of the principal is the foremost objective of the City of Suwanee. Those investing funds on the City's behalf must first ensure that capital losses are avoided by limiting credit and interest risk. Credit risk is the risk of loss due to the failure of the security issuer or backer. Interest risk is the risk that market value portfolios will fail due to an increase in general interest rates.
- B. Liquidity** is the second objective of the investment portfolio. The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which might be anticipated.
- C. Return on Investment** is the third objective of the investment portfolio. This objective is subordinate to safety and liquidity. After the first two objectives are met, the goal of the investment portfolio of the City of Suwanee shall be designed to attain a market-average rate of return.
- D. Maintaining the Public Trust** is the fourth objective. City officials act as custodians of the public trust. In keeping with the public trust, the investment officials shall seek to avoid engaging in transactions which may jeopardize the public's faith in the abilities of those who govern the City of Suwanee.

## 3. Delegation of Authority

The Financial Services Director is the designated investment officer of the City of Suwanee and is responsible for the investment decisions. In the absence of the investment officer, the City Manager shall perform the duties. The investment officer is responsible for writing, maintaining and establishing guidelines to be reviewed and approved by the City Council. The investment officer is responsible for the maintenance of other written administrative procedures consistent with this policy and the requisite compliance. City Council may create an investment committee to monitor the investment portfolio and the activities of the investment officer.

## 4. Prudence

The standard of prudence to be used by investment officials shall be the prudent person. The prudent person standard states: Investments shall be made with judgment and care under circumstances then prevailing which

persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. Investment officers acting in accordance with written procedures and exercising due diligence shall be relieved of personal responsibility for an individual security credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

## 5. Standards and Procedures

All standards and procedures created by the investment officer must be reduced to writing when possible.

## 6. Ethics and Conflicts of Interest

The investment officer shall read and familiarize himself/herself with section 2.14 of the City of Suwanee Charter. The investment officer shall manage the City's portfolio in a manner consistent with section 2.14 of the City of Suwanee Charter.

## 7. Internal Controls

The investment officer shall establish and maintain a system of internal controls, which shall be documented in writing. The controls shall be designed to prevent and control losses of public funds arising from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees and officers.

## 8. Reporting

The investment officer shall create reporting procedures that must be approved by the City Council.

## 9. Authorized Investment Instruments

All investment activity is required to be in compliance with Chapter 83 of Title 36 of the Official Code of Georgia, which establishes guidelines for local government investment procedures.

The City of Suwanee may invest funds subject to its control and jurisdiction in the following:

- A.** Certificates of deposit issued by banks insured by the FDIC. Deposits in excess of the FDIC coverage must be collateralized by securities with a market value equal to at least 110% of the deposit. Only those securities described in Georgia Code 50-17-59 can be pledged as collateral;
- B.** Obligations issued by the United States government;

- C. Obligations fully insured or guaranteed by the United States government or a United States government agency;
- D. Obligations of any corporation of the United States government;
- E. Obligations of the State of Georgia or of other States;
- F. Obligations of other political subdivisions of the State of Georgia;
- G. The local government investment pool created by Code Section 36-83-8.

Suwanee shall only use those investment instruments allowed by state law. Those instruments not listed above, but allowable by state law must be approved by the City Council. The City Attorney must also approve any investment instrument not listed above. Prime bankers' acceptance and repurchase agreements must be approved by affirmative vote of the City Council.

## 10. Banks and Dealer Selection

The investment officer will create banking service procurement procedures. The officer will be required to maintain a list of eligible banks and dealers. The institutions should be appropriately capitalized. The officer will create procedures for determining the creditworthiness of banks. Preference will be given to banks located within the City of Suwanee to the extent possible. The preference should not jeopardize the investment policy objectives of safety, liquidity, and return on investment.

## 11. Diversification and Maturities

It is the policy of the City of Suwanee to diversify its investment portfolio. Investments held should be diversified to the extent practicable to control the risk of loss resulting from over-concentration of assets in a specific maturity, issuer, instrument, dealer, or bank. Diversification strategies will be established by the investment officer and periodically reviewed by the Council. The average maturity date of securities may not exceed one year without City Council's approval. The investment officer shall diversify maturities and to the extent possible match those maturities to cash flows.

## 12. Safekeeping and Custody

All securities shall be held by a third party custodian designated by the investment officer and approved by the Council. The third party custodian shall be required to issue a safekeeping statement to the investment officer listing the specific instrument, rate, maturity, and other pertinent information. All securities transactions entered into by the City of Suwanee shall be conducted on a delivery-versus-payment basis. In other words, the security must be delivered before funds are released.

## 13. Performance Evaluation

The investment officer will seek to achieve or exceed a market rate of return on the City's portfolio. Given the safety and liquidity needs of the City, the basis used to determine whether market yields are being achieved shall be the one year Treasury Bill.

## Background

The City of Suwanee maintains its financial operations in a manner consistent with sound financial management principles, which require that sufficient funds be retained by the City to provide a stable financial base at all times. An adequate fund balance level is an essential element in both short-term and long-term financial planning. It serves to mitigate current and future risks, sustain operations during economic downturns, provides cash flow liquidity for the City's general operations, and enhances creditworthiness. Maintenance of sufficient levels of fund balance enables the City to stabilize funding for operations, stabilize taxes and fees, and realize cost savings in issuing debt. While adequate levels of fund balance are important, the City strives to maintain an appropriate amount that is neither too high nor low.

## Purpose

This policy establishes guidelines for preserving an adequate fund balance in order to sustain financial stability and to provide prudent management of the City's financial reserves. Fund balance is a surplus of funds accrued from unexpended operating budgets and unanticipated revenues.

## Components of Fund Balance

Fund balance consists of four accounts: restricted, designated, stabilization, and unassigned. Funding of these accounts follow the order listed.

- **Restricted account** consists of funds that are mandated by a third party through laws, regulations, and other legal requirements to be used for a specific purpose. There is no minimum funding requirement for this account.
- **Designated account** consists of funds set aside by ordinance or resolution (including annual budget resolutions) for specific purposes. There is no minimum funding requirement for this account.
- **Stabilization account** consists of a minimum of four months of general fund budgeted expenditures and transfers. As a part of the budget resolution, the City Council will annually commit the funding level of the stabilization account.
- **Unassigned account** consists of the remaining funds not segregated above. These funds may be used for new programs or positions desired outside of the current and established budget or for one-time capital investments. There is no minimum funding requirement for this account.

## Policy

The stabilization account provides the City with a "rainy day" fund for use in unforeseen, unbudgeted emergency situations, such as rapidly declining real estate values and/or tax collection rates; the loss of a major taxpayer; sudden changes in revenues or spending requirements imposed by the state or federal government; natural disasters or emergency infrastructure failures; or unforeseen litigation. A minimum of four months of general fund budgeted expenditures and transfers is prudent based upon an evaluation the City's operating characteristics, diversity of tax base, reliability of non-property tax sources, working capital needs, impact on bond rating, state and local economic outlooks, emergency and disaster risk, and other contingencies.

The City Manager will report to the City Council an estimated, unaudited balance of both the stabilization and unassigned account balances during the annual budget submission process. Recommendations of the use of these funds would be included as an element of the annual operating budget. Any funds in addition to the minimum requirement of four months maybe authorized by City Council in the budget resolution.

After the City has allocated resources to the stabilization account, any excess funds would be reported in the unassigned account and may be utilized for other municipal purposes, including, without limitations, additional capital improvement needs identified in the five-year capital improvement plan. The five-year capital improvement plan would include resource allocation of these unassigned funds.

## Utilization

The stabilization account reserves below minimum standards should only be used to provide a short-term solution to maintaining services until projected revenue growth or necessary expenditure reductions are achieved to balance the budget. The City will evaluate the current economic conditions and their impact on future revenue projections to determine the extent of expenditure reductions or revenue increases that are required to achieve day-to-day financial balance.

## Restoration

When it becomes necessary for the City to draw funds from the stabilization account, wherein the balance drops below the minimum level of four months, the City will develop a plan to replenish the account to the minimum level from net revenue surpluses in subsequent fiscal year(s) until the balance is restored to the minimum level.

(1) FY 2021 expenditures include \$2,747,059 in CARES Act expenditures that were reimbursed from Gwinnett County. FY 2021 expenditures also include \$2,228,470 in capital transfers. These transfers include the transfers that would have been made in FY 2020 (\$1,008,670) and the 4th quarter capital transfer for FY 2021 (\$1,060,000) per the City's capital improvement program approved for FY 2020 before the pandemic. Pre-funding the general fund capital contributions aligns with the City's plan for pay-as-you-go financing policies.

(2) FY 2022 expenditures include \$1,753,700 in 4th quarter capital transfers to pre-fund our capital improvement program (CIP). Pre-funding our capital improvement program allows for pay-as-you-go financing for ongoing capital needs. Based on the current revenue and expenditure projections for FY 2022, we anticipate \$865,000 to be available from current resources to fund the normal CIP transfers along with \$888,700 coming from unassigned fund balance for the Police Headquarters Phase I project.

City's fund balance policy includes funding for a stabilization account which consists of four months of general fund budgeted expenditures and transfers.

The financial activity of the City of Suwanee takes place in accounting entities called funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures.

The General Fund is the City's primary operating fund and accounts for basic governmental services. It accounts for all the financial activity of the general government, except for those required to be accounted in another fund.

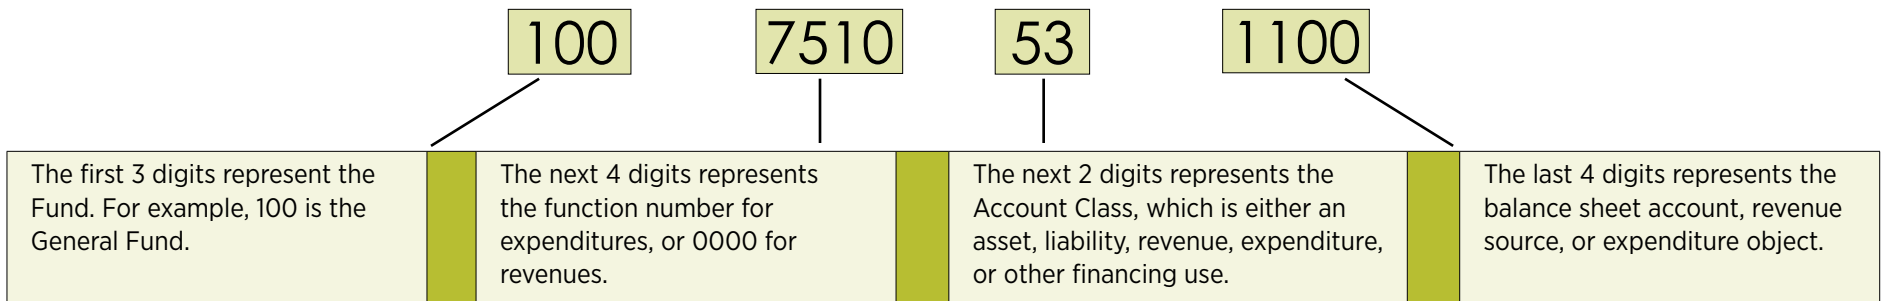

Other fund types are: Special Revenue, Capital Project, Debt Service, Enterprise and Agency Funds.

- **Special Revenue Funds** are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. The use and limitation of the special revenue funds are specified by City ordinance or federal or state statutes.
- **Capital Project Funds** are used to account for the acquisition or construction of major capital investments.
- **Debt Service Fund** is used to account for the accumulation of resources to pay the general obligation and revenue bonds' long-term debt principal, interest and related costs.
- **Custodial Funds** are used to account for revenues that belong to parties other than the City. The Court is our only Custodial Fund.

The City of Suwanee follows the State of Georgia’s Uniform Chart of Accounts for Local Governments. The primary goal for the development of the State’s Uniform Chart of Accounts is to improve government accountability by making financial information reported more comparable, thereby enabling local taxpayers and local policy makers to better understand and evaluate local government service delivery and operations.

The following are examples of the City’s account coding structure:

**100-7510-531100**

The above number would be used to code an expense to the Economic Development Assistance department.

- 100** - General Fund
- 7510** - Economic Development and Assistance
- 531100** - General Supplies

**275-0000-111110**

The above number would be used to code the Hotel/Motel fund’s cash in bank.

- 275** - Hotel/Motel Special Revenue Fund
- 0000** - used for revenue
- 111110** - Cash in bank

After the 3 digit fund number, the next 4 numbers for expenditures represent the function classifications.

- 1000** - General Government
- 2000** - Judicial
- 3000** - Public Safety
- 4000** - Public Works
- 5000** - Health and Welfare
- 6000** - Culture / Recreation
- 7000** - Housing and Development
- 8000** - Debt Service
- 9000** - Other Financing Uses

(1) In fiscal year 2022 the ownership and operational responsibility of the water system was transferred to Gwinnett County.

A resolution to adopt the fiscal year 2022-2023 budget for each fund of the City of Suwanee, Georgia, appropriating the amounts shown in each budget as expenditures/expenses, adopting the items of revenue anticipations, prohibiting expenditures/expenses from exceeding actual funding available.

**WHEREAS**, the City Manager has presented a proposed fiscal year 2022-2023 Budget to the City Council of each of the various funds of the City; and

**WHEREAS**, the budget lists proposed expenditures/expenses for the fiscal year 2022-2023; and

**WHEREAS**, each of these budgets is a balanced budget, so that anticipated revenues for each fund equal proposed expenditures/expenses.

**NOW, THEREFORE, BE IT RESOLVED THAT** this budget, Attachment “A” attached hereto and by reference made a part of this resolution, shall be the City of Suwanee’s budget for the fiscal year 2022-2023; and

**SUWANEE CITY COUNCIL,  
A GEORGIA MUNICIPAL CORPORATION**

**BE IT FURTHER RESOLVED** that this budget be and is hereby approved, and the revenues shown in the budget for each fund are adopted, and that the amounts shown in the budget for each fund as expenditures/expenses are hereby appropriated to the departments named in the fund; and

**BE IT FURTHER RESOLVED** that the expenditures/expenses shall not exceed the appropriations authorized by this budget or amendments thereto provided; and

**BE IT FURTHER RESOLVED** that this budget contains appropriations for Intergovernmental agreements, and that the City Council authorizes the City Manager to execute such agreements.

**ADOPTED** this 28<sup>th</sup> day of June 2022.

## Property Taxes

Property taxes include taxes on real and personal property, motor vehicle, mobile homes, and intangible taxes. This category represents 48.8% of the total FY 2023 budgeted general fund revenues. These taxes are projected based on estimated growth of the State approved tax digest at millage rates adopted by Council. For fiscal year 2023 budget, we are anticipating a 20% growth in digest value due to the large (83%) market value updates that have occurred during calendar year 2022. This 20% digest growth estimate was based on preliminary estimates provided by Gwinnett County’s Tax Assessor office. Based upon the 20% digest growth estimate, \$254,764,300 of assessed value was added to the current digest. Resulting in \$1,148,100 in additional revenue as compared to the prior period.

Real estate transfer tax revenues were projected using a two year average of changed applied to the fiscal year 2022 collections. Motor vehicle used the lowest monthly collection value to predict a twelve month value. Title tax, included in other taxes and penalties, but combined with property taxes for budget analysis, used a two year average of rolling monthly collections to determine FY 2023 value. State law changed in July 2020 to increase the percentage of title tax that is transferred to local governments. Motor vehicle taxes will continue to decline as new vehicles are purchased and the title tax is applied. In total motor vehicle revenues from title tax and ad valorem are increasing by \$61,000 from the final FY 2022 budget amounts.

## Utility Franchise Fees

Franchise taxes are the fees charged to utility companies for use of City streets and rights-of-way to conduct their private business of delivering electric, natural gas, telephone, cable television, and other fiber optics cable services. This category represents 11.4% of the total FY 2023 general fund revenues. Revenue projections are typically based on historical trends in conjunction with current economic indicators and past climate conditions. A cold winter and a hot summer will produce additional power usage and cause the fees to increase. These fees are deposited in the general fund and are used along with other sources to support City operations.

The various utilities conducting business in the City are Atlanta Gas Light, Georgia Power, Jackson EMC, AT&T Communications, Birch Telecom, Charter Communications, and Time Warner.

Projected **FY 2022** Franchise Fees **\$1,854,000**  
 Original **FY 2022** Budget **\$1,806,400**  
 Final **FY 2022** Budget **\$1,806,400**  
**FY 2023 Adopted** Budget **\$1,865,140**  
**FY 2023** Budget is a **3.3% increase** from **FY 2022**

## Alcoholic Beverage Taxes

Alcoholic beverage taxes are levied on the sale, distribution, or consumption of selected goods and services. Included in this category are taxes imposed on the distribution of distilled spirits, malt beverages, and wine. Taxes are also imposed on the sale of distilled spirits by the drink. This category represents 5.4% of the total FY 2023 general fund revenues. Revenue projections are based on historical trends in conjunction with current economic indicators. A rolling two year average was used in this projection.

Projected **FY 2022** Alcoholic Beverage Taxes **\$889,000**  
 Original **FY 2022** Budget **\$880,600**  
 Final **FY 2022** Budget **\$880,600**  
**FY 2023 Adopted** Budget **\$890,000**  
**FY 2023** Budget is a **1.1% increase** from **FY 2022**

## Business Taxes

This category includes revenues realized from business and financial institutions' occupational licenses and excise taxes on insurance premiums written by insurance companies conducting business within the City. This category represents 16.4% of the total FY 2023 general fund revenues. Projections are based on historical trend analysis and economic indicators. Current estimates for business and financial institutions' occupational licenses assume a 2.6% growth based on projected FY 2022 collections.

Excise taxes on insurance premiums written by insurance companies conducting business within the City are allocated from the State to local governments based on current census data. Official Census data is updated every ten years. This tax will grow at a modest rate until the next official census.

Projected **FY 2022** Business Taxes Revenue **\$2,622,000**  
 Original **FY 2022** Budget **\$2,612,300**  
 Final **FY 2022** Budget **\$2,612,300**  
**FY 2023 Adopted** Budget **\$2,688,500**

## Licenses and Permits

Licenses and permit fees include revenues realized from alcoholic privilege licenses, peddler license fees, fees for issuance of licenses to insurance companies that sell policies within the City, fees received from applications for zoning amendments, site plan reviews, special use and variance, and fees for sign permits.

Regulatory fees charged for building permits and inspections also are included in this section. These revenue projections are based on known development growth that should be permitted in the next twelve months. Building permit revenues vary from year to year based on the economic environment and size of planned developments. This category represents 5.9% of the total FY 2023 general fund revenues.

Projected **FY 2022** Licenses and Permits Revenues **\$657,000**  
 Original **FY 2022** Budget **\$716,000**  
 Final **FY 2022** Budget **\$716,000**  
**FY 2023 Adopted** Budget **\$962,180**  
**FY 2023** Budget is a **34.4% increase** from **FY 2022**

## Intergovernmental

This category includes the annual negotiated settlement from Gwinnett County regarding service delivery. These payments are annual payments and will continue until calendar year 2070. The current projected amount of \$340,000 is a decrease of \$210,000 from fiscal year 2022 final budget. FY 2023 estimates are based on the new agreed upon revenue share agreement with Gwinnett County. This new agreement went into effect in February 2022. The new agreement is based on a formula of population and calls for services. Revenues received cannot exceed actual expenditures.

This category represents 2.9% of the total FY 2023 general fund revenues.

## Court Fines

Revenues in this category consist of fines and charges imposed by the City's Municipal Court. This category represents 6.3% of the total FY 2023 general fund revenues. Council sets some of the charges while others are mandated by the State and adopted by Council. Projections are based on rates set by the City Council and current economic conditions.

Fiscal year 2023 projections are based on the FY 2019 and FY 2020 monthly averages. Our projections are based on court session returning back to a normal pre-pandemic activity level during October, when police staffing should return to normal levels.

Projected **FY 2022** Court Fines **\$830,000**  
 Original **FY 2022** Budget **\$1,350,000**  
 Final **FY 2022** Budget **\$1,350,000**  
**FY 2023 Adopted** Budget **\$1,025,680**  
**FY 2023** Budget is a **24.0% decrease** from **FY 2022**

# APPROACH SHEETS

The City of Suwanee approach sheets memorialize and document policy decisions that are made by Council. The approach sheets help guide and assist staff in the decision-making process as to where the City is going and how it will get there.

## SUWANEE'S APPROACH SHEETS

### BY THE NUMBERS:

The City of Suwanee has a millage rate of 4.93 mills, which covers city police services, planning and development services, and other advantages. Tax deductions are listed below for an average home in Suwanee costing \$320,000.

### INTRODUCTION

Outstanding community events, excellent schools, passionate employees, and acres of green space are only a few of the wonderful things Suwanee has to offer, but as a Citizen of Suwanee you will be able to reap even more benefits!

A true Suwanee citizen is someone who resides within the city limits and pays City of Suwanee property taxes. Over 65,000 residents have a 30024 mailing address, but only about 20,000 people live within the city limits.

### CITY OF SUWANEE CITIZEN BENEFITS

- **Local police department:** Living in Suwanee gives residents access to the local police department.
  1. **Faster response time:** Since the police work in the City of Suwanee they are able to access residents faster than other police departments.
  2. **PACT program:** Each neighborhood in Suwanee is assigned an officer who is present in the community and works to build relationships with the residents. Residents are able to contact this officer with any issues or concerns they have so they can be addressed and resolved accordingly.
  3. **Free house checks:** As a resident of Suwanee the police service offers free house checks while you are away or on vacation to make sure your house remains in safe condition.
- **Boards and Committees:** City of Suwanee citizens have a voice in our decision-making processes and influence our comprehensive plans. From rezoning to variances, residents have a real voice in our community allowing them to make it theirs.
- **Permits:** By having City hall close by, you are conveniently able to obtain building and land development permits directly from City Hall.
- **Taxes:** There is NO tax for streetlights.
- **Street Maintenance:** The city works to keep their streets and sidewalks in excellent condition year-round. This includes the removal of snow and ice from neighborhoods when hit by inclement weather.
- **Sanitation:** As a City of Suwanee citizen, you are able to select your own sanitation company based of your individual preferences.
- **Rental Fees:** Residents enjoy reduced rental fees to hold a plot at our community garden and to rent out pavilions in our parks for events.

The City of Suwanee has a **millage rate of 4.93 mills**. However, when looking at everything else the city has to offer the county's millage rate is **reduced to 2.97 mills**. This rate is reduced because the City of Suwanee has its own police services and there are many planning and development advantages.

# SUWANEE'S APPROACH TO PUBLIC WORKS

## CREATIVE SOLUTIONS:

**Problem:** Persistent speeding  
**Solution:** Attractive planter  
islands in the road

The City of Suwanee values high quality provision and maintenance of:

- infrastructure (stormwater system, streets, signs)
- public facilities (municipal buildings, parking lots, sidewalks, cemeteries)
- amenities to enhance quality of life (parks, trails, events, lake, amphitheater, interactive fountain, disc golf, public art)
- resources required to provide a high quality experience of living, working and playing in Suwanee (capital and long range planning, staff, fleet vehicles, equipment, contracting)

The city's Public Works Department maintains 15 buildings, 8 parks, 8.71 miles of greenway/trails, and approximately 63 miles of streets, curbs and sidewalks with a staff of 20 full-time, 3-part time, and approximately 16 part time events staff members.

**PRIORITIES:** To maximize the efficiency, effectiveness and responsiveness of our efforts, we manage our resources within a system of priorities:

- We staff to meet predictable seasonal peaks but do not staff to a level where under-utilization occurs.  
**Example:** We make use of part-time employees when this is the most efficient way to cover peak needs of specific services.
- We contract for work that is infrequent, involves specialized skills or requires purchase and maintenance of expensive equipment with an extended return on investment.  
**Examples:** Snow removal assistance, street sweeping services, sidewalk repairs, asphalt patching, etc.
- We undertake systematic approaches to maintenance - analyzing real-world conditions and developing plans of action, such as the Facilities Maintenance Plan, Annual Road Maintenance Survey, Stormwater Facilities Assessments, etc.  
**Example:** Roads don't deteriorate at uniform rates. As such, we don't pave each road once every X number of years. Instead, we survey pavement conditions annually, rate roads for needed maintenance, and address those roads that are the highest priority. We also have long-range maintenance and capital planning programs for all municipal facilities, parks and their structures.
- We address functional defects and safety or risk management issues first, followed by cosmetic infrastructure issues as allowed.  
**Examples:** Sinkholes, major sidewalk displacements, stormwater pipe failures or missing regulatory road signs (e.g. Stop signs) take precedence over cracked but functioning gutters, missing "Fine for Littering" signs, or a fallen tree in a park meadow.
- Using the assistance of technical experts, we develop long-range plans that drive resource planning and allocation.  
**Examples:** The Facilities Maintenance Plan, Annual Road Maintenance Survey, Stormwater Facilities Assessments, etc. are all used to plan and project costs for the annual budget and multi-year Capital Improvement Program.
- We seek creative and innovative solutions to issues.  
**Examples:** Creating an attractive solution (planter islands) to reduce persistent speeding on Eva Kennedy Road. Development of irrigation well for a water supply source for the Town Center Park lawn.
- We provide multiple platforms for citizens to communicate concerns and service requests.

**FUTURE EFFORTS:** We will continue budgeting for and implementing our Facilities Maintenance Plan, which will ensure our municipal facilities, parks, and their structures receive regular and preventative maintenance and do not develop functional defects or safety or risk management problems. We will continue work on our annual maintenance programs - street resurfacing, stormwater, etc. - in order to keep the City's infrastructure in good condition as it ages.

# SUWANEE'S APPROACH TO PARKS & RECREATION

**DID YOU KNOW:**

Our citizens have spoken and tell us they like passive parks. Based on this direction, the City has focused efforts on acquiring and building passive parks, which has resulted in the following improvements to Suwanee's park system:

- 2225% increase in open space acreage, from 16 acres in 2001 to a current total of 372 acres.
- Construction of six new parks: Town Center Park; Suwanee Creek Greenway; PlayTown Suwanee; Sims Lake Park; Suwanee Creek Park; and White Street Park.
- Acquisition of land for future park sites.

The City of Suwanee's parks and recreation approach centers on improving quality of life and creating an identity for the community through the provision of passive parks and protected natural habitats. Through its eight parks and 8.71 miles of greenway/trails, Suwanee's focus has been on providing passive recreation, leaving active recreation to Gwinnett County.

**PASSIVE VS. ACTIVE RECREATION:** Passive recreation generally enhances the open-space aspect of a park by providing a minimal intensity of development for "unstructured" recreation opportunities, such as walking, picnics, kite-flying, interactive fountain, disc golf course, and exercise. Active recreation involves more intensive development for ball fields, skate parks, aquatic centers, etc. and typically includes programmed activities, such as athletic leagues and classes. Gwinnett County offers active recreation opportunities in the area, available at George Pierce Park\* and other nearby parks. The decision to focus on passive recreation impacts the City's organizational structure, costs and budgeting with respect to parks and recreation. Unlike many similar communities the City does not operate a traditional Parks and Recreation Department. In 2001 it was estimated to cost \$1.2 million annually to operate a full department. To reduce redundancies and take advantage of existing strengths, Suwanee has spread the operations among existing departments with complimentary functions. Public Works handles maintenance and special events support. Economic & Community Development plans events and activities that take place in the parks.

**PAST AND RECENT EFFORTS:** In 2001, the City had just 16 acres of open space/parkland. Residents relied on non-City facilities for their recreation needs – Gwinnett County's George Pierce Park, neighborhood recreation areas, and private facilities, such as Suwanee Sports Academy or fitness centers. This overall lack of City facilities led to development of the Recreation and Open Spaces Needs Assessment in 2001, a community-involved master planning effort aimed at identifying critical land for preservation and recreation and assessing the recreation programs and activities available to residents. The Assessment resulted in the November 2001 bond referendum, with Suwanee voters approving a \$17.7 million program to acquire land, preserve open spaces, and develop parks. The Assessment found, "review of public opinion regarding [active recreation] programs reveals most citizens feel their needs are being met." With that in mind, the City has used the bond proceeds to focus on acquiring and building and enhancing passive parks, which has resulted in the following improvements to Suwanee's parks system

- 2225% increase in open space acreage, from 16 acres in 2001 to a current total of 372 acres.
- Construction of six new parks: Town Center Park; Suwanee Creek Greenway; PlayTown Suwanee; Sims Lake Park; Suwanee Creek Park; and White Street Park.
- Acquisition of land for future park sites, such as Town Center on Main.

The City completed the final project with bond proceeds – rehabilitation and enhancement of the Suwanee Creek Greenway – in 2011. Recognizing the operating costs needed to maintain new parks, the City's short-term efforts are centered on maintaining and enhancing existing parks to ensure a quality standard, rather than construction. Examples of past enhancement projects include: Big Splash fountain in Town Center Park; amphitheater/outdoor classroom and orchard in White Street Park; shade structures in Town Center and Sims Lake Parks; Brushy Creek Greenway; disc golf course in Suwanee Creek Park; and dock at Sims Lake Park.

**PRESENT AND FUTURE PROJECTS:** Planning and construction is underway for the proposed future Town Center on Main and DeLay Nature Park.

# SUWANEE'S APPROACH TO PUBLIC SAFETY

## BY THE NUMBERS:

Number of Sworn Positions:

**39** (2.05 officers per 1,000 population)

Number of Calls for Service:

**75,000** per year

Average response times:

**6:21** minutes for non-emergencies &

**4:86** minutes for emergencies

POLICE & CITIZENS TOGETHER

## CRIME RATE:

The crime rate in Suwanee is generally very low. Residents rate our police services highly and 95% of residents report their overall feeling of safety in Suwanee as excellent or good, according to the 2022 National Citizen Survey.

The Suwanee Police Department is a nationally accredited (CALEA) and state of Georgia certified police department – one of just 56 CALEA accredited agencies in Georgia. The city has 39 sworn positions (2.05 officers per 1,000 population). The city currently handles approximately 75,000 calls for service per year. Average response times are 6.21 minutes for non-emergencies and 4.86 minutes for emergencies.

The city's police department provides patrol, investigations, and support services, within the city limits of Suwanee. The Department has mutual aid agreements with nearby police jurisdictions for other services such as, but not limited to, K9 (police dogs), SWAT, and other specialized services.

**APPROACH:** The city's guiding philosophy is based on the Community Oriented Policing approach. This philosophy focuses on high levels of community interaction and police visibility. This proactive approach is intended to make Suwanee as safe as possible by deterring crime and/or interrupting criminals prior to their actions.

**COMMUNITY ORIENTED POLICING:** Community oriented policing recognizes the value of bringing citizens into the process and forming partnerships. Through constant communications, police and citizens form more effective relationships and begin to address crime and disorder together. The principles surrounding this approach are community contact, communication, trust, and information exchange.

The city has numerous ongoing programs to support and implement this philosophy including: Police and Citizens Together (PACT); Citizens Police Academy; Caring Officers Providing Support (COPS); and others.

**HIGH POLICE VISIBILITY:** Using combinations of personnel and technology, Suwanee police also work to deter crime through strategic and targeted police visibility efforts. Numerous studies clearly demonstrate that high police visibility, including visible traffic enforcement, can and does deter crime. Criminals generally do not like to be in an area where police are present so we take purposeful efforts to give criminals the perception that we have police everywhere. As such, Suwanee Police make concerted efforts to be visible at key locations and times to maximize effectiveness, whether undertaking routine monitoring or performing traffic enforcement. If it sometimes appears that "police are everywhere" in Suwanee, then we are doing our job.

Police staff perform monthly analyses of crime and traffic data to assist in placing officers where they are most needed and can be most effective. For example, in the Suwanee Gateway area (I-85 interchange area), we have the opportunity to observe large traffic volumes through driver monitoring. The majority of citations issued are for accident causing violations, such as speeding, texting, reckless driving, and DUI. The officers often identify more serious offenses after the initial stop - wanted persons, suspended licenses, possession of drugs, and others.

Suwanee police embrace new technologies to help us work more effectively including: Automatic License Plate Reader; paperless ticketing; video cameras in parks; and radar speed notification signs. We also utilize programs such as Power DMS and Guardian tracking as well as crimereports.com.

The Suwanee Police Department opened its training center/substation in September 2012. Located adjacent to the I85 interchange, it has allowed us to become a leading provider of training to cities and jurisdictions in the region. The strategic location of the center also advances the city's goal of high police visibility, particularly in the Suwanee Gateway area.

The crime rate in Suwanee is generally very low. Residents rate our police services highly and 95% of residents report their overall feeling of safety in Suwanee as excellent or good, according to the 2022 National Citizen Survey.

**FUTURE EFFORTS:** The Suwanee Police Department plans to continue the Community Oriented Policing philosophy. Personnel levels are monitored and adjustments will be made, as needed, to ensure adequate resources for the growing population. The department is constantly evolving and exploring new and innovative ways to provide better police services.

# SUWANEE'S APPROACH TO ENVIRONMENTAL STEWARDSHIP

## GOING GREEN:

In December 2009, the City became the first community in Gwinnett County and one of only nine in metro Atlanta to be certified as a Green Community by the Atlanta Regional Commission. Sustainable practice policies to support this designation include:

- Green Fleet Policy
- Community Bicycle Facilities Policy
- Environmental Preferable Purchasing Policy
- No Idling Policy for City Vehicles

## SUPPORTING DOCUMENTS:

- City of Suwanee Zoning Ordinance
- Pedestrian and Bicycle Plan
- City of Suwanee Development Regulations

**APPROACH:** Provide residents opportunities to experience and understand the benefits of the natural environment, model environmentally sustainable development, and adopts a practical/rational approach to compliance with federal, state, and Metropolitan North Georgia Water Planning District requirements.

### PROGRAMS

- **Green Space Initiative** – Purchased/acquired 372 acres of open space for preservation and passive recreation.
- **Green Community** – Achieved Bronze Certification by adopting a series of regulations related to purchasing policies and community infrastructure policies.
- **Town Center** – Models environmentally sensitive design.
- **Tree City USA** – Adopted Buffer, Landscape and Tree Preservation Ordinance, promote Arbor Day and the planting of trees, encourage maintenance of existing landscaping.
- **Pedestrian and Bicycle Plan (PBP)** – Encourages alternative forms of transportation by improving the sidewalk, trail and bike route network.

### ORDINANCES

- **Buffer, Landscape and Tree Preservation Ordinance** – Require minimum amount of tree replacement and encourage preservation of specimen trees.
- **Soil Erosion and Sedimentation Control Ordinance** – Requires buffers along streams and implementation of erosion control BMP's.
- **Stream Buffer Protection Ordinance** – Requires buffers along streams.
- **Development Regulations** – Requires sidewalks along all roads, requires detention as needed and water quality BMP's as well as channel protection.
- **Flood Plain Management Ordinance** – Ensures that development does not occur in floodplain areas, and where it does ensures that development does not impact other property owners or new construction.
- **Zoning Ordinance** – Encourages higher density mixed use in the appropriate locations, includes several approaches to reducing the negative impacts of parking lot run off (parking maximums, shared parking, alternative paving surfaces), and includes a conservation district.

### EXAMPLE INITIATIVES

- LEED (Leadership in Energy and Environmental Design) Certified City Hall Building
- Electric Vehicle Charging Station at Town Center
- LED lighting retrofit project in Town Center Park
- Recycling Programs in buildings and parks
- Glass Recycling Program at Public Works Facility

# SUWANEE'S APPROACH TO MUNICIPAL COURT

## BY THE NUMBERS:

**7,300**

Average number of cases processed each year

**92%**

Average percentage of cases disposed monthly

## WHAT'S ON THE DOCKET:

Suwanee's Municipal Court hears and adjudicates traffic offenses, some misdemeanors, and City ordinance violations written by Suwanee police officers. The Court also processes tickets from Gwinnett County Animal Control and Georgia State Patrol that are written in the City limits of Suwanee.

**BACKGROUND:** Suwanee's Municipal Court adjudicates traffic offenses, some misdemeanor cases, and local ordinance violations that have occurred within the city limits of Suwanee. Our judges and prosecuting attorneys are appointed by the City Council and serve Suwanee on a part-time basis. A full-time Clerk of Court oversees the daily operations, with the assistance of three Deputy Clerks. Suwanee police officers provide security for our court building and civilian bailiffs assist in the courtroom.

**APPROACH:** Many assume that "winning" or "losing" is what matters most to citizens in their interactions with the judicial system. Research consistently demonstrates that one's opinion of court is shaped more by the court users' perception of how they were treated in court and whether the decision making process seems fair. We also recognize that a municipal court may be the first and only experience our customers have with the judicial system.

Our guiding philosophy is that Suwanee's municipal court provides the highest quality of customer service in an efficient, professional, and fair manner. We provide a customer-friendly environment where we treat our customers like the neighbors and community members that they are. While law mandates some of the decisions we can make, the overall goal is to educate customers and encourage future decisions that keep our community safe and reduce instances of recidivism. By employing knowledgeable and professionally trained personnel, we treat each customer fairly and with integrity while seeking to maintain the public's respect, confidence, and satisfaction.

**CUSTOMER FRIENDLY CONVENIENCE:** We employ several strategies in an effort to minimize our court users' time away from family and work and make the adjudication process convenient and efficient. We offer both morning and afternoon court sessions. Court staff continually monitors the docket in an effort to contain it to a manageable size and minimize the session length. Court customers may submit payments 24/7/365 either online or by phone or in person during traditional business hours at either Business Services window in City Hall.

For those who require probation, the City contracts with a private probation company that operates a location in the city of Lawrenceville. In addition to traditional probation services, our provider offers a GED preparation course, resume reviews, interview skills and job placement assistance, access to a kiosk for job searches, and other classes.

**YOUTH COURT – A SECOND CHANCE:** Beginning in October 2015 and the first of its kind in Gwinnett County, Suwanee's Hope Court provides a second chance for offenders under the age of 21 who have committed lesser crimes such as speeding, open container, shoplifting, and other moving traffic violations. These first time offenders can plead guilty and receive a modified sentence – usually a small fine and community service, maybe completion of a Safety driving class – and have the incident cleared from their records. Hope Court is held once each month with both teenagers and their parents in attendance. They both meet with a prosecutor to develop a plan of action.

**WELCOME. BIENVENIDO.** : Many customers in our court speak languages other than English. We work with the police officers to identify those who may benefit from interpretation assistance during their court session. These customers are scheduled for our monthly Language Court, during which we have interpretation services readily available for the customers to easily communicate with prosecutors, judges, and staff. We are also proud to have two bilingual judges fluent in Spanish and Korean. Our Language Court provides a friendly, accessible environment for all and ensures customers are comfortable in our court and can comprehend the proceedings.

**A LEADER IN TECHNOLOGY:** We are proud that our court is considered a leader in technology and innovation. We were the first court in Georgia to "go paperless," meaning all records are generated, transmitted, and saved electronically from the time a ticket is issued until signatures are recorded digitally to complete the adjudication process. This technology significantly reduces the amount of paper used, in addition to improving efficiency, accuracy, and data security. The Council of Municipal Court Judges has recognized Suwanee for setting the bar in innovation, proficiency, and productivity.

# SUWANEE'S APPROACH TO FINANCE

## MILLAGE RATE:

Suwanee: 4.93 mills

- Note: Suwanee's millage rate has been the same or decreased each of the past nineteen years.

## SUPPORTING DOCUMENTS:

- Budget Policies and Procedures
- Debt Management Policy
- Fund Balance Policy
- Fiscal year ending June 30, 2021 Comprehensive Annual Financial Report
- Fiscal Year 20223 Budget Document
- 2023- 2027 Capital Improvement Plan

The City's finances utilize a conservative approach that places emphasis on ensuring financial stability and long term sustainability. Suwanee has developed a philosophy of recognizing that services and associated costs should not be appropriated if they are not justified as long term goals of the City.

### FOCUS AREAS:

- **Commitment to Transparency and Reliable Financial Reports** - Suwanee is committed to go beyond the minimum requirements of financial reporting by preparing comprehensive annual financial reports and budget documents that embrace the guidelines that they should be a policy document, financial plan, operations guide, and communication device.
- **Monitoring** - The City employs a quarterly budget review process in order to re-align appropriations made during the annual budget process with unexpected trends. This ensures adjustments facilitating appropriations to be in alignment with expected resources.
- **Proactive Management** - Long term financial planning enables proactive management of government finances, rather than reactive responses to financial crisis as they occur. Ten year financial forecasting, which includes future operating impacts of proposed capital projects and ongoing maintenance of current operations, is combined with financial strategizing identified in the five year capital improvement program and the short term work program. This process helps to identify future challenges and opportunities in a timely manner.
- **Stability and Diversity** - Suwanee is committed to maintaining diversity of our revenue base which allows for a consistent millage rate for property taxes. Stability from a diverse revenue base generates revenues from a variety of sources and groups including local businesses, residents, and visitors to the area.
- **Preservation of Fund Balance** - Suwanee places an emphasis on the preservation of fund balance. The City's policy is to maintain at least four months of operating expenditures and transfers in the general fund stabilization account. Fund balance over the minimum is programmed in subsequent periods for pay-as-you-go capital projects and one-time non-recurring expenditures.
- **Balanced Budget** - The City operates under an annual balanced budget which is adopted by resolution and administered in accordance with State Law. A budget is balanced when total estimated resources equal total appropriations. Revenue projections are prepared conservatively to ensure that actual revenues at the fund level will consistently equal or exceed budgeted revenues. Expenditures are projected using a full cost approach and avoid budgetary procedures that cover current expenditures at the expense of meeting future years' expenditures.
- **Policy Compliance** - Throughout the year, Suwanee's Finance Department monitors and ensures compliance of approved financial policies adopted by City Council. These policies address fund balance, the use of one-time revenues, issuance of debt, purchasing and procurement, cash and investment management, and accounting practices.

# SUWANEE'S APPROACH TO LAND USE

Good planning involves understanding which land uses belong in which locations and in what form. Form is the architecture of the buildings and the placement of the building and other structures in relationship to the road and nearby uses. This strategy is known as form based planning. In Suwanee, the desired form strives for development at a human scale that includes a variety of uses to meet the needs of the community resulting in a compact walkable environment.

**PLANNING:** While some communities may be characterized as bedroom communities composed only of housing, and others may be dominated by non-residential uses, Suwanee strives to achieve a healthy, exciting and balanced mix of development types and uses that allow for a complete community. The City works collaboratively with potential developments in an effort to ensure they are adding value to the overall community.

Suwanee is composed of various types of development forms. The City's land use vision and goals are outlined and discussed extensively in the 2040 Comprehensive Plan. City plans are updated on a regular basis.

**CHARACTER AREAS:** The Comprehensive Plan divides the City into character areas based on areas that are similar in character. These character areas include areas that are intended to change to absorb growth as well as areas that should be preserved. Developing growth and preservation goals and strategies tailored to each area has allow the City to strengthen unique character areas like Old Town, channel commercial growth into mixed-use centers like Town Center, and preserve existing neighborhoods. The 2040 Comprehensive Plan has eleven distinct character areas. Decisions regarding development and redevelopment of these various areas are made with respect to the existing and planned character of each unique area. Within each of these character areas, there is an overarching expectation that all land uses within these districts include quality design, landscaping, pedestrian amenities and enhance the overall image of the City.

Character Areas include: Town Center, Historic Old Town, Peachtree Industrial Boulevard, Suwanee Gateway, Satellite Boulevard, Suwanee Station, Buford West, Brogdon Road, Smithtown Road, Suwanee North, and Established Neighborhoods Satellite Boulevard

**MIXED USE:** In Suwanee, according to the Comprehensive Plan, "Mixed-use developments have improved the physical connections between residential and commercial uses, and there is a desire to continue this improvement. Future projects should be designed such that their layout and arrangement of land uses encourages and facilitates civic engagement and provides the infrastructure to allow people to walk between residences, jobs, recreation, retail, dining, and health care facilities."

# SUWANEЕ'S APPROACH TO TRANSPORTATION

The City of Suwanee partners with others to provide for the community's various transportation needs. The City generally focuses on improving and maintaining local roads and providing alternative transportation options, such as sidewalks and greenways for pedestrians and cyclists. Gwinnett County and Georgia Departments of Transportation build and maintain the major roads, allowing the City to focus on localized efforts.

The City's role is not to create large, multi-lane highways crisscrossing the city. Rather, the City's efforts are primarily to connect destinations (jobs, schools, services, etc.) throughout the community in order to minimize travel need. The City values slower vehicle speeds and undertakes efforts to calm traffic in various ways, such as narrow, connected streets. The City's local transportation actions can be summarized by four primary focus areas: 1) connectivity; 2) safety; 3) maintenance; and 4) providing for alternative transportation.

**PLANNING:** The City and County regularly undertake transportation study and planning efforts, with public input, in order to identify transportation issues, solutions, and potential projects. Past related plans and studies\* have included:

- Suwanee 2030 Comprehensive Plan: A Community Agenda – See Section 2.5 for a complete discussion of transportation. 2008
- 2015 Downtown Suwanee Master Plan. 2015
- Buford Highway Transportation Study. 2010
- Suwanee Pedestrian and Bicycle Plan. 2011
- Gwinnett County Comprehensive Transportation Plan. 2008

#### EXAMPLES OF PAST CITY PROJECTS:

- Suwanee Creek Greenway and Brushy Creek Greenway
- Buford Highway reconstruction and roundabout
- Eva Kennedy Road and Settles Bridge Road traffic calming and sidewalks
- Pedestrian tunnel beneath the railroad
- Sidewalks and bike lanes throughout the City

#### EXAMPLES OF PLANNED FUTURE CITY PROJECTS:

- Sidewalks
- Bike lanes
- Multi-use trails
- Peachtree Industrial Boulevard intersection improvements
- Martin Farm Road bridge reconstruction

# SUWANEE'S APPROACH TO ARTS & CULTURE

“Art is not just about culture or playing a key role in revitalization; it is about the fact that we can use art as the glue, the magnet, the anchor that brings a community together. In today’s world, art equates to good jobs, a creative workforce, and an attractive environment. It’s not just about building the arts; it’s about building the community.”

**Joe Bankoff,**

Former President & CEO,  
Woodruff Arts Center

- Suwanee has 20+ art pieces in permanent public art collection.

SCAN ME

The City of Suwanee’s arts and culture strategy is rooted in our economic and community development approach, which centers on developing a place and vibe that will attract the creative class and in-turn set the stage for a stronger creative economy. It is a quality of life initiative and can include a variety of elements. Suwanee’s approach includes a robust event program (outlined in a separate approach sheet) as well as a visual arts initiative.

**PUBLIC ART:** Suwanee already is an “excellent” or “good” place to live, according to 98% of residents who were surveyed in 2014. Still, we believe that Suwanee can be a world-class community. A key factor in taking Suwanee to the next level, in achieving that kind of quality of life, is a commitment to the arts. The City’s focus is on public art, specifically. Public art not only enhances and defines public spaces, but also creates a sense of identity, creates conversations, and is accessible to everyone.

Believing that public art plays a significant role in helping to create a well-rounded, vibrant community and serves the common good, Suwanee established the Public Arts Commission (PAC) in 2008. The PAC was charged with enhancing the quality of life in Suwanee through public art. Its purpose is to encourage and facilitate creation and placement of art within the City, both in public spaces and within private developments.

A Public Art Master Plan was completed in 2015 in order to set a vision and develop a ten-year strategy that would help take an already robust public art program to the next level.

The plan introduces three key ideas about the types of public art that make the most sense for Suwanee:

- **First**, art projects should reflect and celebrate Suwanee’s active and playful spirit, an idea called “Art + Play.”
- **Second**, art projects should reinforce the major urban design connections in downtown Suwanee and the major activity centers of the city, an idea called “Art + City Image.”
- **Third**, the plan outlines how Suwanee can create a dynamic, ever-changing, ever engaging cityscape by creating a wider variety of short-term projects, rather than investing all resources in permanent projects, an idea called “Art + Temporary.”

### CITY’S FOCUS AREAS (EXISTING PUBLIC ART PROJECTS AND INITIATIVES):

- **SculpTour** – Suwanee SculpTour is an exhibit of original outdoor sculptures to be displayed nearly year-round in downtown with the intent to rotate the art every 2 years, provided private funding is available; the program is totally funded through sponsorships and donations.
- **Developer/Private sector focus** – The City encourages developers to commit 1% of their new projects’ cost to fund public art on their property or support public art in other locations throughout the community. A developer guide is in place and all development projects within the City must come before the PAC as a result 25+ pieces of public art in added throughout the City.
- **City Projects** – The City leads by example and commits 1% of construction costs of public projects/buildings to public art; Shimmering Echoes in City Hall was the first permanent installation followed by Instinctual Center at the Police Training Center and Transformation mural on the municipal court building.
- **World Trade Center Artifact** – “Remembrance,” a World Trade Center display, was commissioned and installed in Town Center Park on September 11, 2013.
- **NGAA/Arts in the Park** – The City partners with the North Gwinnett Arts Association on art-related events and initiatives such as the annual Arts in the Park Festival.
- **Suwanee Arts Center** – In 2016 the North Gwinnett Arts Association (NGAA), in partnership with the City, opened a center for the arts providing art classes comprised of different mediums as well as studio and gallery space for the member artists. Plus, the City’s Welcome Center.
- **LIVES** – Suwanee owns a two ton remnant of steel from one of the iconic twin water towers located near Jimmy Carter Boulevard and visible from I-85 for 35 years before being torn down. It is the City’s hope to incorporate this piece of Gwinnett County’s history into a public art display, engaging our community in the process.

# SUWANEES APPROACH TO COMMUNICATION

AS OF JULY 2022,

23,700 people follow the City's Facebook page

7,400 people followed Suwanee on Twitter

Suwanee has 6,000 Instagram followers

Quality communications is a key component in building, maintaining, and enhancing a sense of community. In order for citizens to feel a part of the community, to be invested in what is happening within Suwanee, and to be effective partners in creating community, they must have access to information. The City of Suwanee strives to provide clear, frequent, comprehensive, and creative information about its services, programs, events, and initiatives via an array of media outlets (e.g., newsletter, website, social media as well as print, and Internet media).

**GOALS:** The city takes great effort (and pride) to present accurate, informative, consistent, and interesting information in a manner that is open and responsive. Beyond that, the city also strives to provide information in interesting and creative ways in order to engage readers and often, to motivate to action (be that attendance at a meeting or event, an understanding of new policies, or pride in the community).

Suwanee's communications philosophy promotes an openness intended to encourage, rather than squelch, conversation. For example, our social media policy provides for the deletion of comments on Suwanee's social media platforms only in the most extreme of circumstances.

The city realizes that communication is a two-way opportunity. Suwanee provides various means through which citizens may provide feedback, request services, make comments, and share information. In addition to social media, citizens may request services to contact the City via the website or email. City staff strives to respond to citizen communications in a timely manner, typically within 48 hours of receipt.

In addition to informing and engaging citizens, another primary goal of Suwanee's communications materials is to promote and re-enforce the City's reputation as a regional role model. Communications efforts seek to position and protect the Suwanee "brand."

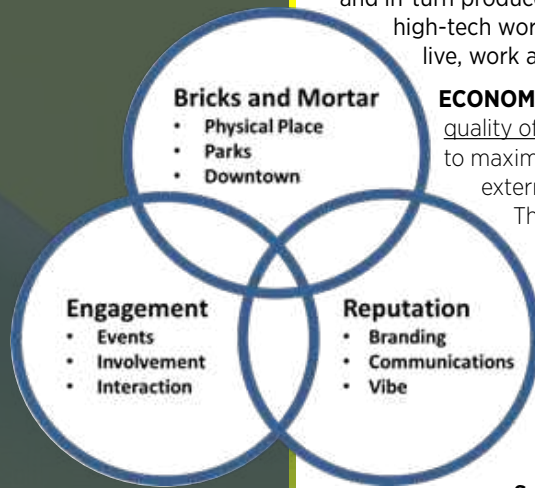

**COMMUNICATION TOOLS:** The public information officer, who is housed in the economic and community development department, owns the primary responsibility for the city's communications materials, but significant efforts are undertaken within other departments as well. For example, each year the financial services department produces a comprehensive annual financial report, the citizen's operating budget, and other materials.

In our technology-driven, information-laden world, Suwanee realizes that people have different preferences for how they receive - and send - information. Among the many media utilized by the City of Suwanee are:

- **Suwanee Connects newsletter** - published 6 times each year and mailed to every City residence and business. The 2014 National Citizen Survey noted 89% of residents read the Connects newsletter
- **Websites** - in addition to **suwanee.com**, the City also hosts **suwaneefest.com**
- **Media relations** - Suwanee's press release distribution database includes about 50 media outlets. In 2015, 84 press releases resulted in more than 240 placements; good photography also plays a large role in supporting quality media placements
- **Social Media** - The city has a very active and robust program, including Facebook, Twitter, and Instagram, and LinkedIn.
- **E-mail blasts** - The city sends out approximately two email blasts per month to nearly 3,500 subscribers.
- **Brochures/publications** - designed to attract residents, visitors, and businesses to the city; provide information about the budget, police services, etc.; serve specific purposes (e.g., annual report, event postcard, maps)
- **Advertising** - used primarily to enforce the city brand; magazines, newspapers, Internet sites, etc.
- **Video** - available on the website and created to provide an overview of city primarily for visitors; city is considering ways to expand use of video.

# SUWANEE'S APPROACH TO ECONOMIC & COMMUNITY DEVELOPMENT

The City of Suwanee's economic and community development approach centers on developing a place and vibe which will attract the creative class and in-turn produce stronger creative economies. The "creative class" includes knowledge-based workers and creative professionals such as artists, high-tech workers, engineers, architects, educators, and other professionals who have autonomy in their jobs and can often choose where they live, work and operate their business.

**ECONOMIC DEVELOPMENT (ED):** There are two key areas of economic development for Suwanee: business recruitment/retention and quality of life initiatives. The city primarily focuses on quality of life initiatives while partnering with other entities to leverage resources and to maximize our reach in business recruitment activities. We participate in and support Partnership Gwinnett which serves as our principal external business recruitment/retention arm utilizing a proven regional approach to these traditional economic development activities. This allows the city to localize efforts and make Suwanee attractive to businesses, employers and employees.

**QUALITY OF LIFE (QL):** Below is a diagram outlining the three primary themes driving the city's QL priorities; each area interlinking and critical to attracting the creative stakeholders including both talent (people) and businesses.

**CITY'S FOCUS AREAS:** (projects supporting QL themes outlined above):

- **Citizen Communication** – Includes newsletter, website, list-serve, social media, etc. (Engagement, Reputation).
- **Downtown Development** – The Downtown district, which includes Town Center and Old Town Suwanee, is a main driver in the economic engine of Suwanee; maintaining a vibrant business community, promoting walkability and open space is essential to our overall Economic Development approach (Bricks and Mortar, Reputation).
- **Suwanee Gateway** – A revitalization and branding initiative focused on the I-85 interchange (Bricks and Mortar, Reputation).
- **Business Relations** – Provide a business-friendly environment and support structure (Engagement and Reputation).
- **Events** – The City produces and hosts 40+ events which are open to the public. Many events involve partnering with local radio stations and other media entities leveraging marketing and branding platforms. Additional event-related activities include the farmers market and business-focused programs (Engagement, Reputation).
- **Media Relations** – Consistent outreach, including press releases, are communicated weekly to various media (Reputation).
- **Advertising** – Create and place ads in local, regional, and state publications (Reputation).
- **Cultural Enhancements** – Cultural amenities, primarily public art, are nurtured and developed as a recognized element of creating a vibrant place (Bricks and Mortar, Engagement, Reputation).
- **Welcome Center** – The City's Welcome Center is also home to the Suwanee Arts Center. Through this partnership, the city is able to showcase local artists and offer art classes to all ages. The joint Welcome and Arts Center allows for the city to have a presence that extends beyond the normal business hours. (The Suwanee Arts Center is a non-profit art organization dedicated to promoting the appreciation of local art through exhibition, festivals and other media).
- **Community Engagement** – The City proactively welcomes and encourages citizens to volunteer for events, serve on boards, and participate in various planning sessions and other efforts. The city will continue to develop relationships with the area colleges and high schools. Youth participate through our Suwanee Youth Leaders program and events

# SUWANEES APPROACH TO EVENTS & OUTREACH

**Event Awards:**

Suwanee’s awards win events annually from organizations such as: Georgia Main Street Association, Southeast Festivals and Events Association and Best of Gwinnett.

Best Event Within an Event (Gold) 2019 for Bicentennial Celebration at Suwanee Fest presented by Southeast Festivals & Events Association

Best Sponsor (Gold) 2019 for Tiger Tails Animal Hospital at Suwanee Fest presented by Southeast Festivals & Events Association

Best Festival (Silver) 2021 for Suwanee Fest presented by Southeast Festivals & Events Association

Annual Signature events include: Suwanee Beer Fest, Glow in the Park and International Night Market, August Concert, Suwanee Fest, Summer Porch Jam, Suwanee Classic Car Show, Suwanee Wine Fest and more than 25 in 5K races!

The City produces and hosts 40+ events each year, which are, by design, varied and diverse in nature and generally free and open to the public. Events provide opportunities that build a sense of community, showcase local and regional talent, enrich cultural opportunities, draw first-time and returning visitors to Suwanee, contribute to the local economy, and establish an active downtown. The department of Economic Development houses our event planning staff, but the scope of events involves the coordination of staff from public works, marketing and communications, and the police department. Additional event-related activities include the farmers market and business-focused programs.

Suwanee events are multi-faceted and may cater specifically to families, adults, fitness buffs, foodies, music fans, cultural interests or all of the above! We evaluate our event calendar annually to add new and appealing features that reflect the changing needs of our demographics, and to capture trends that keep our city fresh and vibrant - all while growing our returning events which have become Suwanee traditions.

**OUTREACH AND IMPACT:** While we use events as a promotional tool for the area, we also see them as a way to help create and mold the city’s image and reputation. Many events involve partnering with radio stations and other media outlets around the Atlanta metro area to leverage marketing, attendance, and reach. We host a wide variety of activities which are reflective of the interests of the residents within Suwanee city limits as well as the larger Gwinnett community and beyond. Several events have garnered local and regional award-winning status and our hotels, businesses and restaurants report a positive impact on days surrounding these and other major events.

**COMMUNITY ENGAGEMENT:**

- **Approach:** The City of Suwanee loves to engage with its citizens in a variety of ways. Using diverse talents and interests makes Suwanee a great community to live, work and play. We welcome citizens to sign up for notifications for the opportunities that are within their interest. Students also have the opportunity to build a volunteer resume of hours over time. More information can be found on our website - something is usually happening.

# SUWANEE'S APPROACH TO SUWANEE GATEWAY

The Suwanee Gateway (SG) program is a revitalization and branding initiative focused on the area in and around the I-85 interchange at Lawrenceville-Suwanee Road. It is primarily commercial properties – including old and new, functioning and abandoned – restaurants, convenience stores, motels, and other uses. The area represents a large portion of the City's tax base. Many portions of the Gateway are aging and need redevelopment. Other areas are “green fields” and can serve as a catalyst for future development. The City's SG development plan, adopted in 2005, has in many ways been addressed. It called for:

- Improvement of the transportation infrastructure (McGinnis Ferry Extension and associated road improvements).
- Strategic streetscape improvements that better accommodate pedestrians.
- New office and commercial sites to attract additional private investment.
- Infrastructure improvements for enhanced safety and appeal.
- Bold, new development as a catalyst for complementary development (Terraces at Suwanee Gateway).
- Cooperative branding and marketing.
- Elimination of eyesores and obsolete structures and facilities.

## CITY'S FOCUS AREAS:

- **Branding** – Ongoing implementation of plan to brand the area.
- **Aesthetic Improvements** – Landscape project for I-85 interchange has been completed.
- **Recruitment** – Focus on Terraces at Suwanee Gateway; work with Partnership Gwinnett to market area.
- **Total Elimination of Eyesores (TEE)** – Code violations and eyesores are proactively addressed. City code enforcement officers and economic development staff work with businesses to take pride in the aesthetics of properties. Public works staff ensure that the public rights-of-way are maintained.
- **Business Relations** – Staff works to cultivate relationships with key stakeholders and businesses and provide a business-friendly environment and support structure. Specific efforts include an e-newsletter (about 3 times per year), promotion of hotels via website, visitors' guides, and cooperative efforts with Explore Gwinnett.
- **PACT** – Suwanee police officers, economic development staff, and SG businesses meet quarterly to share information, alerts, and crime prevention tips.
- **Tax Allocation District** – More than 100 parcels are included in the City TAD; primarily around the exit including many of the aging hotels; currently, we do not have concurrence with Gwinnett County or School Board.

## COMPLETED CITY PROJECTS/INFRASTRUCTURE PROJECTS:

- Demolition of B.P gas station /construction of Police Substation and Training Center.
- Demolition of Hotel May Queen/land-banked property for future use.
- Streetscaping of I-85 interchange.
- Gwinnett County DOT - Improved transportation infrastructure with McGinnis Ferry Extension and associated road improvements to include closing curb-cut on Lawrenceville-Suwanee Road for enhanced safety.
- Enforced code to require owners of vacant lots behind both Schlotzky's and Super 8, to remove trash and discontinue large truck parking.

# SUWANEE'S APPROACH TO SUWANEE YOUTH LEADERS

The City of Suwanee's approach to Youth Engagement was born of the 2020 Strategic Plan and centers on building genuine and meaningful relationships with schools and youth in the Suwanee area through our award winning Suwanee Youth Leaders (SYL) program. The goal of SYL is to develop young leaders through monthly educational programs, hands on community volunteer service opportunities, and team-building activities.

## **SUWANEE YOUTH LEADERS:**

Suwanee Youth Leaders is a City sponsored, community-based, ten month leadership program for high school students who live in the Suwanee area. The program is open to sophomores and juniors who attend public, private, and home-based schools and who live in the North Gwinnett, Collins Hill, and Peachtree Ridge clusters.

Students are vetted through a competitive process prior to being chosen as SYL participants. Applications are reviewed by City Staff and a committee of their peers (made up of immediate past program participants). In addition, City staff seeks the advice of school administrators in the selection of the SYL class. Finally, City staff makes the final decision based upon the strength of the application, and the advice given by both the student selection committee and school administrators.

## **SUWANEE YOUTH LEADER FOCUS AREAS:**

- **Development of Leadership Skills** - Suwanee Youth Leaders gives local high school students genuine exposure to local initiatives and community leaders in the public, private, and non-profit fields. In addition, the students are given a real world stage to plan and implement SYL driven and supported city events and community service projects. This responsibility includes planning, budgeting, marketing, and coordination of logistics. The hard skill and soft skill development which takes place throughout the SYL program is unique and deeply valued by our program graduates and local high school administrators.
- **Increase Youth Civic Awareness and Community Engagement** - Since the outset of the program, SYL has sought to actively engage our local youth in their community. Initially, the penultimate experience with SYL was student volunteering at Suwanee Fest. Throughout the years that event engagement has grown to include August Concert, Food Truck Friday, Arts in the Park, etc. In addition, SYL gives students the unique opportunity to learn more about the role of local government in their home community. Students have also been included on the advisory board for the Downtown Suwanee Masterplan and Public Art Masterplan, Strategic Planning Committee for the Gwinnett County Library System, and taken part in the Great Exchange on Transportation.
- **Cultivation of Community Relationships** - SYL is another outlet for ongoing communication with our valuable partners at the local schools, the Gwinnett Chamber of Commerce, the State Legislature, Gwinnett County, etc. Key staff and elected officials from our partner organizations make appearances during the program to both interact with and teach our students valuable leadership and life lessons. Suwanee Youth Leaders is a program many of our partners seek to take part in and support

# SUWANEE'S APPROACH TO HUMAN RESOURCES & RECRUITING

## EVERYDAY ACTIVITIES:

- Benefits Administration
- Compensation
- Employee Handbook
- Employee Relations
- Employee Wellness Program (recognized as Heart Association Fit Friendly Worksite)
- E-Verify
- Pension
- Recruiting

Human Resources works with department heads to recruit and hire talented, engaged, forward thinking employees and to retain top performers. Human Resources works to ensure all efforts engaged in the employee life cycle are aligned with the City's strategic goals.

### HIRE:

- Advertise open positions in diverse avenues (website, newspaper, career fairs, etc.).
- Provide thorough background checks on potential employees to insure hire of quality staff.
- Provide comprehensive orientation for new employees including processing of all paperwork, education on policies and welcome to the City.

### RETENTION:

- Provide employee recognition program to honor employees' milestones and achievements.
- Conduct market study every 2 years to ensure salaries are competitive with the market.
- Conduct classification and compensation study every 3-4 years to review job descriptions including task analysis, salary structure and marketable salaries.
- Provide competitive and cost effective employee benefits package.
- Review annually the Employee Handbook to keep policies and procedures current and up to date.
- Provide Education/Training opportunities for employees – The City supports continuing education and provides funding for onsite as well as offsite training for employees. The City also provides a tuition reimbursement program for full-time employees desiring higher education.
- Coach/advise managers and staff regarding employee relations matters.
- Provide flexibility in work schedules to boost employee morale.

### COMPLIANCE:

- Monitor new employee work eligibility verification through E-Verify.
- Research and analyze Federal and State laws to insure compliance.
- Continue to attend training to stay abreast to current HR laws and practices.
- Provide a drug free workplace for safety of employees.
- Network with other HR professionals in the local government arena to share best practices.
- Partner with Police to continue State and National accreditation.

# SUWANEE'S APPROACH TO DOWNTOWN DEVELOPMENT

## FOR MORE INFORMATION:

- Suwanee New Town Center Master Plan, 2003
- Old Town Master Plan/ Downtown Master Plan, 2010
- Downtown Suwanee Master Plan (10 Year Update), 2015

The City of Suwanee's downtown development approach centers on strengthening the economic viability of downtown Suwanee through economic development, aesthetic improvements, historic preservation, and promotion and image building efforts. Its goal is to enable the downtown district to become the social, economic, and cultural heart of Suwanee and a destination for visitors. The downtown program's goals are to foster a viable and sustainable economic base, create a marketable identity for downtown, and a walkable area with lifetime housing.

**DOWNTOWN DEVELOPMENT AUTHORITY:** The Suwanee Downtown Development Authority (DDA) is a seven-member board of directors appointed by City Council to serve as advocates and advisors to the City on issues related to downtown Suwanee. The DDA is a hybrid agency - neither wholly a public agency nor wholly a private corporation - enacted by municipal government and authorized by state law. It provides centralized leadership, a forum for all stakeholders, and opportunities for public/private partnerships committed to downtown revitalization. The Suwanee DDA works to attract business and investment to the downtown area, markets available properties, and provides technical support to existing businesses.

The DDA's efforts help build a strong sense of community, as well as serving to preserve the history and character of Old Town and to integrate it with Town Center and surrounding neighborhoods. Suwanee is certified as a Main Street community by the National Trust for Historic Preservation and Georgia's Department of Community Affairs. The Main Street program is a comprehensive, incremental approach to downtown redevelopment; the DDA oversees its implementation in Suwanee.

### DOWNTOWN DEVELOPMENT'S FOCUS AREAS:

- **Redevelopment of Real Estate** - The DDA has taken a forward-thinking approach to downtown development by strategically purchasing real estate in the downtown district in order to effectively catalyze development through targeted recruitment of unique shops and restaurants that fit the character of Suwanee. The strategic goal is to own property for a period of time, spur growth/development, and return the property to the private market and use capital returns to continually re-invest in the downtown district. This approach enhances our local economy while setting the pace for future development down Buford Highway. In addition, the DDA has entered an agreement with JWB Realty to market and assist with the rehabilitation and redevelopment of Pierce's Corner, one of the City's historical buildings.
- **Marketing/Promotional tools** - A downtown brochure is created yearly. This brochure is mailed to the entire 30024 zip code and promotes local businesses, city events, city programs, and the media and social media outlets used by the city to spread information and celebrate community. In addition, we have developed a Historic Old Town self-guided tour brochure to market our recently recognized historic district to heritage tourists. In addition, a webpage on the main City of Suwanee website will be created to further list all of the historic assets housed in Old Town Suwanee. Finally, available properties in the Downtown are listed on our website. In addition, attention is paid to our historic Old Town area with a self-guided tour and other historic information online at suwanee.com. Suwanee's Old Town is recognized as a historic district and welcome heritage tourism.
- **Merchant Outreach** - 4 times a year the Downtown Manager coordinates a meeting with downtown merchants. This meeting acts as a mixer for downtown merchants and simultaneously provides the City of Suwanee a forum to discuss upcoming events, city initiatives, and plans for our downtown area.

## STATEMENT OF SERVICE

The City Council is the legislative governing authority of the City. It consists of a five member City Council and Mayor. The Mayor and all Councilmembers are elected at large, serving staggered four-year terms. The Council is responsible

for enacting City ordinances, appropriating funds to conduct City business, and providing policy direction to the City Staff.

## OBJECTIVES FOR FISCAL YEAR 2023

- Identify and implement strategies that relate to realizing the City’s vision and mission.
- Protect and improve the quality of life for City residents by adopting policies that reflect the needs and desires of the majority of citizens living within the City.
- Facilitate implementation of the adopted short-term work program.
- To assist citizens in getting efficient resolutions to their concerns and inquiries regarding City services.

## STRATEGIC ANCHOR POINTS

Strategic Anchors are essentially the filters used when making long-term or notable strategic decisions. These anchors should cause the mayor, council members, and staff to pause and filter decisions, when appropriate, through these anchors. Therefore, when you are about to make a decision that doesn’t fit these anchors, something may not be right and the decision may be going against what has made Suwanee successful.

These are to be used in concert with the city’s 2040 Comprehensive Plan Vision Statement. “Suwanee 2040 will be a safe, fun, attractive, inclusive, evolving city with a unique, vibrant downtown that is well-connected to established neighborhoods and commercial/employment opportunities...”

**“SUWANEE QUALITY”** – high standards. Others take notice. Not done to receive awards, but awards are likely to follow.

**Examples:** Suwanee Fest, City Hall, city parks, finance documents, city beautification, SculpTour, Suwanee Youth Leaders Program, CALEA

**REMARKABLE** – bold risky, quirky, artsy, cool, different, innovative. Attracting attention by being special, unusual or extraordinary. Worthy of remarks from others, both supportive and critical. We push the limits of the status quo.

**Examples:** City Hall design, City Hall art, organizational culture, marketing campaigns, Art for All Campaign, Annual Report, Community Orchard

**VISIONARY** - lasting beyond those who make decisions.

**Examples:** Suwanee Town Center, Suwanee Creek Greenway, Buford Highway reconstruction, land use, Public Art Initiative

## COUNCIL CODE OF CONDUCT

### WHAT WE COMMIT TO EACH OTHER...

- We will listen to each other objectively and openly.
- We will seek to communicate with clarity, with the goal of minimizing misunderstanding.
- We will be informed prior to our debate.

- We will disagree with passion and respect.
- We will stay focused on the overall and long range good of the City.
- We will take our action, lay aside our differences, and move forward.
- We will support the actions of the Council even though we may continue to disagree.
- We will seek to build a culture of trust.

## COMPARATIVE PERFORMANCE MEASUREMENT - 2017 NATIONAL CITIZEN SURVEY

The National Citizen Survey is a statistically valid survey tool used by local government jurisdictions across the United States to assess resident satisfaction with community amenities and government services. The survey is a collaborative effort between the National Research Center, Inc., and the International City/County Management Association (ICMA).

Periodic sounding of resident opinion offers staff, elected officials, and other stakeholders an opportunity to identify challenges, to plan for and evaluate improvements, and to sustain services and amenities for long-term success. Staff can use the results to improve service delivery. Elected officials can use the results to set goals and priorities. Managers can use the results for performance measurements.

## STATEMENT OF SERVICE

Suwanee's Public Information efforts serve to help create an informed and involved citizenry, and to promote the City's image as a regional leader. Through these efforts, the City works to build a sense of community; make citizens and others aware of services, initiatives, and special events; and promote its image as a progressive community with a commitment to providing a high-quality of life for residents, preserving the environment and parks, supporting economic development opportunities, and supporting smart-growth strategies.

Responsibilities of the public information officer include:

- Creating a newsletter for citizens six times a year.
- Updating and maintaining the City of Suwanee website.
- Managing the City's media relations efforts.
- Creating brochures and other publications.
- Assisting with other writing-based promotional opportunities, such as ads, signs, award applications, correspondence, etc.
- Managing the City's social media initiatives.

## GOALS

1. Manage City's overall message and image-related items to external audiences:
  - Create existing publications (including newsletter, event postcard, downtown brochure, annual report, etc.).
  - Manage all media relations.
  - Manage social media efforts (Facebook, Instagram, Twitter, & YouTube).
  - Manage City-related websites (Suwanee.com and Suwanee Fest.com).
  - Manage advertising messages, design, and placement.
  - Manage photo database and video projects.
  - **STWP, Policy Statement: City Services, page 300**
  - **STWP, Ongoing: Citizen Engagement, City Project Information Distribution, page 292**
2. Update media contacts.
3. Continue "shop local" promotion in conjunction with Suwanee Magazine for holiday shopping
  - **STWP, Policy Statement: City Services, page 300**
4. Update Suwanee.com, including a possible restructuring; consider surveying different segments of website users to make sure that we're meeting their needs.
  - **STWP, Ongoing: City Project Information Distribution, page 292**
  - **STWP, Policy Statement: City Services, page 300**
5. Be more intentional with our use of marketing videos (ex: Welcome Center promos during Father's Day done in 2021).
  - **STWP, Ongoing: Citizen Engagement, page 292**
6. Update publications including the Visitors Guide, SYL brochure, downtown brochure, event postcard, and historic brochure (with new Pierce's Corner and Bluegrass Barn information).
  - **STWP, Policy Statement: City Services, page 300**
  - **STWP, Policy Statement: Downtown Promotions, page 296**
  - **STWP, Ongoing: Citizen Engagement, page 292**
7. Continue "Suwanee Adventures" for GCPS Friday folders three times per year.
8. Enlist professional photographer to update specialized photos used in publications.
9. Advertising – Ongoing evaluation and maintenance of advertising efforts. Create new major ad for annual publication and new GDP banner ad.
  - **STWP, Policy Statement: Downtown Promotions, page 296**
10. Evaluate and implement alternatives for more effectively using social media.
  - **STWP, Policy Statement: City Services, page 300**
11. Re-start promotion for the Art for All Campaign (consider use of donor profiles begun in 2019); for use in social media newsletter and select ads.
  - **STWP, Action with Defined Dates: Public Art Program, page 288**
12. Create media, advertising placement, and publication/brochure "inventory" list (to better track placements, costs, etc.).
13. Create a master list of HOA contacts.
14. Evaluate and complete (if desired) existing video projects - SYL, 3-minute general ED video, and 30 second promotional video.

## GOALS

1. Develop partnerships to bring a wide variety of events to Suwanee. Evaluate existing partnerships to make sure they still meet our goals of successful events.
  - **STWP, Policy Statement: City Services, Staffing, page 300**
  - **STWP, Policy Statement: Special Events, page 296**
2. Create and implement "Suwanee Running Series" in cooperation with Big Peach.
  - **STWP, Policy Statement: Special Events, page 296**
3. Create event (or incorporate in another event) partnering with NG Food Coop.
4. Refine procedures for scheduling event staff, Public Works, and Police.
  - **STWP, Policy Statement: Staffing, page 300**
5. Refine use, as needed, of Eventeny, online tool for vendor, sponsor, and volunteer management and solicitation for City events.
  - **STWP, Policy Statement: Special Events, page 300**
6. Continue to seek out media partners to add cost effective events to the event calendar and to expand the image of the City beyond Gwinnett.
  - **STWP, Policy Statement: Special Events, page 300**
7. Create and distribute explanation of in-kind City participation for co-sponsored events (put a value to what the City donates).
  - **STWP, Policy Statement: Special Events, page 300**
8. Evaluate private events in order to leverage City resources; coordinate annual meeting for organizations hosting private events at Town Center Park.
  - **STWP, Policy Statement: Special Events, page 296**
  - **STWP, Ongoing: Citizen Engagement, page 292**
9. Incorporate an international "flare" to Glow in the Park event (2022). Partner with Atlanta International Night Market.
  - **STWP, Policy Statement: Special Events, page 296**
10. Manage vendors and patrons of the Farmer's Market.
  - **STWP, Policy Statement: Special Events, page 296**
  - **STWP, Ongoing: Citizen Engagement, page 292**
11. Better utilize speaker system in Town Center Park to boost on stage activities throughout park during certain events.
  - **STWP, Policy Statement: Special Events, page 296**
  - **STWP, Ongoing: Park Enhancements, page 294**
12. Grow Summer Porch Jam with more locations and music alternatives.
  - **STWP, Policy Statement: Special Events, page 296**
13. Create backup 5K course. and rework existing course (may wait until Town Center on Main is complete).
14. Find a new organizer/host for "Taste of Suwanee."
15. Look for new awards to apply for in the event area.
  - **STWP, Policy Statement: Awards, page 296**
16. Create poster for businesses for events (annually or 2-4 times a year).

## OBJECTIVES FOR FISCAL YEAR 2023

## STATEMENT OF SERVICE

The Economic and Community Development division strives to create and implement innovative strategies and programs that result in ensuring a high quality of life for the citizens of Suwanee.

Specific responsibilities of Economic and Community Development include:

- Managing the tourism dollars for the City.
- Overseeing all public relations and marketing efforts for the City.
- Managing all City economic development activities, including business retention and recruitment.

- Representing the City and maintaining relationships with outside organizations both locally and at a state level.
- Provide public art to the community with a range of artistic styles, media and themes with the intent of enhancing the quality of life for our residents and visitors. This is the mission of Suwanee’s Public Arts Commission (PAC).

## GOALS

1. Manage general Economic and Community Development Activities.

## STATEMENT OF SERVICE

The mission of the Downtown Suwanee program is to enable the Downtown district to become the social, economic and cultural heart of Suwanee and a destination for visitors. The program goals are to foster a viable and sustainable economic base, a marketable identity for Downtown, and an

attractive, well-connected, walkable district with lifetime housing. This will be accomplished through economic redevelopment, design, historic preservation, and promotion.

## OBJECTIVES FOR FISCAL YEAR 2023

- Identify and implement strategies that meet Old Town Master Plan goals.
- Implement portions of the City's Short Term Work Program that relate to downtown Suwanee.
- Develop additional sources of funding and/or earned revenue for the Downtown Development Authority (DDA).
- Proceed with the redevelopment of Pierce's Corner.

## GOALS

- DDA to complete leasing for 22,000 square feet of commercial space in Siena and Skye. Have all units leased by 3rd Quarter 2022.
  - **STWP, Policy Statement: Downtown Promotions, page 296**
- Analyze cash flow from Solis I & II and other DDA properties; evaluate opportunities for DDA to leverage funds for smaller downtown area projects.
- DDA to consider sale of Siena (Solis I) commercial property.
- Create plan of action for how to potentially re-invest capital earned from the sale of StillFire (late 2022).
- Complete rehab of Pierce's Corner; restaurant to open by 4th quarter 2022.
  - **STWP, Action with Defined Dates: Pierce's Corner, page 288**
- Create new board for Suwanee Crossroads, Inc.
  - **STWP, Policy Statement: Board Training, page 300**
- Continue to evaluate and implement options to capitalize on National Historic Register District designation. Create entryway signs to historic district.
- Update Old Town directional signs. Evaluate as part of Buford Highway project.
  - **STWP, Action with Defined Dates: Interpretive Historic Signs (2022-2023), page 290**
  - **STWP, Policy Statement: Downtown Promotions, page 296**
- Evaluate "experimental audit" completed by Todd Vaught and develop plan to implement projects as desired.
- Implement "parklette" program along Town Center Avenue pending funding approval.
  - **STWP, Policy Statement: Community Aesthetics, page 298**
- Continue regular communication with Town Center commercial property owner as it relates to tenant recruitment, tenant retention, and property maintenance.
  - **STWP, Policy Statement: Local Business Involvement, page 296**
- Coordinate meetings with downtown merchants at least quarterly and before major events for a minimum of 4 per year.
  - **STWP, Policy Statement: Downtown Promotions, page 296**
  - **STWP, Policy Statement: Local Business Involvement, page 296**
- Complete downtown brochure with monetary buy-in from businesses.
  - **STWP, Policy Statement: Downtown Promotions, page 296**
- Market downtown to Suwanee Sports Academy guests. Evaluate existing sponsorship.
  - **STWP, Policy Statement: Downtown Promotions, page 296**

## GOALS (continued)

15. Create and distribute monthly (or every other month) written updates to Town Center merchants on events (to include event details, road closures, and other important information).
  - **STWP, Ongoing: City Project Information Distribution, page 292**
  - **STWP, Policy Statement: Downtown Promotions, page 296**
16. Regularly update (mainly for internal use) a list of key available properties for lease or sale specifically in the downtown area. Personally, meet and understand nuances of each property to be able to market appropriately.
17. Promote the Bluegrass Barn, as appropriate, as an official “cultural asset” of the City and a music venue in Old Town.
  - **STWP, Policy Statement: Downtown Promotions, page 296**
18. Evaluate Façade Grant Program and likely discontinue.
20. Explore ways to assist with relocation of Metal Products Company facility.
20. Evaluate options for community event in Old Town area as interest presents itself. Produce annual Suwanee Summer Porch Jam event.
  - **STWP, Policy Statement: Special Events, page 296**
21. Visit/benchmark other cities quarterly.

# THE PERFORMER<sup>®</sup>

The Performer<sup>®</sup> was developed by Crawford & Associates to provide a “plain English” evaluation of a government’s financial information. It uses ratios of a government’s financial statements to provide a numerical value representing financial health and level of performance.

The value of the rating is based on a 10-point scale, with 10 representing excellent health, five represents satisfactory and zero indicates poor financial health and performance. The Performer is not intended as a replacement of the annual financial statements, but as a useful supplement to the statements.

The financial ratios evaluated in the Performer can be summarized into three categories:

**FINANCIAL POSITION:** “point-in-time” measures of the government’s financial status, solvency, and liquidity as of the fiscal year end.

**FINANCIAL PERFORMANCE:** “look-back” measures as to whether the government’s financial position has been improving, deteriorating, or remaining steady.

**FINANCIAL CAPABILITY:** “look-forward” measures of the government’s ability to obtain resources in the form of revenues or borrowing in order to finance future services.

# SUWANEE’S 2021 PERFORMER<sup>®</sup> SCORE 8.9

The overall score of **8.9** indicates that Suwanee’s overall financial health and success remains well above the satisfactory level.

## SCORE BY CATEGORY

# 9.5 Financial Position Ratios

## Level of Unrestricted Net Position

- UNRESTRICTED NET POSITION** How do our total rainy day funds look?
- GENERAL FUND UNASSIGNED FUND BALANCE** How does our General Fund unassigned fund balance carryover position look?
- CAPITAL ASSET CONDITION** How much life do we still have left in our capital assets?
- PENSION PLAN FUNDING** Will our employees be happy with us when they retire?
- DEBT TO ASSETS** Who really owns the City?
- CURRENT RATIO** Will our employees and vendors be pleased with our ability to pay them on time?
- QUICK RATIO** How is our short-term cash position?

Suwanee’s total unrestricted net position was approximately \$22 million, or 85% of annual total revenues. This exceeds the model’s desired excellent ratio of 50% and is considered excellent.

## Level of General Fund Unassigned Fund Balance

The unassigned fund balance of the General Fund amounted to \$4.6 million or 28.7% of annual General Fund revenues. Although a decline in the ratio when compared to the ratio of the prior period, the ratio still remains excellent.

## Capital Asset Condition

At June 30, 2021, the City’s depreciable capital assets amounted to \$103 million while accumulated depreciation totaled \$40.7 million. This indicates that, on average, the City’s capital assets have well over half (60%) of their useful lives remaining. This remains an above satisfactory financial indicator in the model.

## Employee Pension Plan Funding Ratio

The City's pension plan net position was 175% of the total pension liability, indicating the plan was one and three-quarters funded, from an actuarial perspective, at the last valuation date.

This ratio actually improved when compared with the ratio of the prior period and remains an excellent ratio.

## Debt to Assets

A little over one-fourth (25.6%) of the City's \$139 million of total assets were funded with debt or other obligations.

This is considered a favorable financial indicator and indicates that for each dollar of City assets owned, it owes approximately 26 cents of that dollar to others.

## Current Ratio

Suwannee's government-wide ratio of current assets to current liabilities was 16.88 to 1.

This indicates that the City had just under seventeen times the amount of current assets needed to pay current liabilities. This is considered an excellent indicator of liquidity.

## Quick Ratio

At June 30, 2021, the government-wide ratio of cash and cash equivalents to current operating liabilities was 8.62 to 1.

This indicates that the City had over eight and one-half times the minimum amount of cash and cash equivalents needed to pay short-term operating obligations at year end. This is considered an excellent indicator of liquidity.

# 9.1 Financial Performance

## Change in Net Position

- CHANGE IN NET POSITION** Did our overall financial condition improve, decline, or remain steady from the past year?
- INTERPERIOD EQUITY** Who paid for the costs of current year services: current, past, or future tax and rate payers?
- BTA SELF-SUFFICIENCY** Did current year business-type activities, such as utilities, pay for themselves?
- DEBT SERVICE COVERAGE** Were our revenue bond and note investors pleased with our ability to pay them on time?
- PROPERTY TAX GROWTH** What is the state of our local economy?
- CAPITAL ASSET SUSTAINABILITY** How willing are we to maintain our investment in capital assets?

For the year ended June 30, 2021, total net position increased by \$7.7 million, or 8.2% from the prior year beginning net position.

## Interperiod Equity

For the year ended June 30, 2021, the City's total costs were fully funded by current year tax and rate payers, with current year revenues, excluding fund balance carryovers, generating revenues at a level of 142% of current year costs.

## Business Type Activities Self-Sufficiency

Suwanee's business-type activities were 86% self-sufficient in total.

This indicates that 86% of current year costs of the City's business-type activities were funded by current year revenues, and required subsidy in order to pay for remaining current year costs. Subsequent to year end, the City transferred the ownership and operational responsibility of the utility system to the County.

## Debt Service Coverage

The City paid 100% of its revenue bond debt service from the proceeds of a current property tax levy and previously unspent property tax levies from prior years.

Since the City can and will levy 100% of the debt service requirements each year, the City is considered to have sufficient ability to satisfy their debt service requirements.

## Property Tax Growth

For the year ended June 30, 2021, the City experienced an increase in property tax revenue in the amount of \$841,974 or 11.9% from the prior year.

## Capital Asset Sustainability

Suwanee expended \$10.8 million on capital assets and received \$1.9 million in donated capital assets, while depreciation on such capital assets totaled \$3.2 million.

This indicates that the City is replacing capital assets that are depreciating at a ratio of 3.4 to 1. This is considered an excellent financial indicator in the model.

# 7.4 Financial Capability

## Revenue Dispersion

**REVENUE DISPERSION** How much of our revenue is beyond our direct control?

**DEBT SERVICE LOAD** How heavily is our budget loaded with payments to retire long-term debt?

**BONDED DEBT PER CAPITA** What is the debt burden on our property tax payers?

**LEGAL DEBT LIMIT REMAINING** Will we be legally able to issue more long-term debt, if needed?

**PROPERTY TAXES PER CAPITA** Will our citizens be willing to accept property tax increases, if needed?

For the year ended June 30, 2021, the City had direct control over 38% (service charges and property taxes) of its revenues.

This ratio indicates the City has limited exposure, as do most cities, to financial difficulties due to reliance (62%) on taxes that are capped or require voter approval, or on grants, contributions and other revenue.

## Debt Service Load

Suwanee's total non-capital expenditures amounted to \$17.7 million, of which \$2.7 million (or 15.3%), were payments for principal and interest on annual long-term debt.

In the model, this is an above satisfactory financial indicator and indicates that for every dollar the City spent on non-capital items, 15.3 cents of that dollar was used for debt service.

## Bonded Debt Per Capita

For the year ended June 30, 2021, the City had a general bonded debt per capital ratio of \$346.

In the model, this represents a lower than average bonded debt per capita.

## Legal Debt Limit Remaining

Suwanee had approximately \$7.5 million of general obligation debt applicable to the legal debt limit.

This means that at June 30, 2021, the City had a little over \$155 million, or 95% of its general bonded debt legal limit remaining.

## Property Taxes Per Capita

Suwanee had a property tax per capita ratio of approximately \$355.

This is well above satisfactory ratio in the model.

**Definition:** The Clearance rate measures whether the court is keeping up with its incoming caseload. This tool measures the number of outgoing cases as a percentage of the number of incoming cases.

Incoming cases consist of new filings, reopened cases, plus reactivated cases. Outgoing cases are those cases which have an entry of judgement or have been deemed inactive.

As illustrated by the graphical representation, the FY 2022 Case Clearance rate was at 83%. During May 2021 through April 2022, there were only 6,080 incoming cases with 5,064 outgoing cases. During continued COVID-19 restrictions, many Court sessions were cancelled as well as a decrease of citations issued.

## STATEMENT OF SERVICE

The Environmental Function of Public Works provides focus on landscape design, installation and landscape beautification for the City's properties and rights-of-way. This includes horticultural health and maintenance of trees, shrubs and turf care, focusing on correct plant-tree varieties for the geographic area. Serving as the city's certified arborist, this division assesses tree risk management, HOA, public and private tree health, recommendations and replacements for city trees and other projects to improve aesthetics in Suwanee. Arbor Day is selected, coordinated and executed by the Environmental Division, involving the local community each year. The Environmental division works hand in hand with the planning department, landscape architects, developers, and landscape contractors to ensure new standards of beauty and excellence are achieved.

## GOALS

1. Implement aesthetic appealing landscape beautification projects to improve visual experiences of park users and motorists.
  - **STWP, Policy Statement: Community Aesthetics, Environmental Stewardship & Sustainability, page 298**
  - **STWP, Ongoing: Park Enhancements, City Facility Plantings, page 294**
2. Continue managing maintenance contracts for Town Center Park grounds, Peachtree Industrial Boulevard, I-85/Lawrenceville-Suwanee Road Gateway areas, and other ROW's throughout the City.
  - **STWP, Policy Statement: Community Aesthetics, page 298**
  - **STWP, Ongoing: Park Enhancements, page 294**
3. Continue to improve litter control programs including increased contractual street sweeping.
  - **STWP, Policy Statement: Community Aesthetics, page 298**
4. Implement TAD (Tax Allocation District) funded or other funded roadway or beautification improvement projects in the Suwanee Gateway, as they are approved. Increased efforts include litter control, improved landscaping, and other opportunities that would enhance the Suwanee Gateway.
  - **STWP, Policy Statement: Community Aesthetics, page 298**
  - **STWP, Ongoing: Suwanee Gateway, page 294**
  - **CIP, Transportation: Suwanee Gateway Landscaping Improvements, page 278**
5. Seek Tree City USA designation from the Arbor Day Foundation.
6. Continue the Tree Limb up Program to reduce ROW tree growth.

## STATEMENT OF SERVICE

Legislative committees consist of two boards, the Planning and Zoning Commission and the Planning and Zoning Appeals Board.

The Planning and Zoning Commission serves as a technical review committee for planning issues that are then passed along to City Council for action. The Planning and Zoning Commission:

- Hears all planning and zoning matters, including all rezoning and special use permit requests.
- Makes recommendations to City Council regarding rezoning and special use permit requests.

- Serves as an ad hoc committee that studies, researches, and presents recommendations to City Council on a variety of development issues, such as buffer, landscape, and tree requirements for developers; telecommunications tower regulations; and guidelines for extended stay hotels.

The Planning and Zoning Appeals Board considers and rules on all variance requests submitted to the City. A variance request is needed when someone desires to do something not ordinarily allowed by the City’s zoning ordinances or when the City’s zoning ordinances create a hardship.

## GOALS

1. Enhance Training for appointed Board Members or incorporate training into the Community Planning Academy.

## ECONOMIC INDICATORS ANNUAL REPORT 2021

---

### UNEMPLOYMENT

At the end of the 2020, Gwinnett County's unemployment rate was 4.8%, Georgia's unemployment rate was 5.6%, and the national unemployment rate was 6.7%. In 2021, unemployment rates consistently dropped and have returned to pre-pandemic levels at 2.1% (County), 2.6% (State) and 3.9% (National).

- County and state unemployment rates are below pre-pandemic rates.
- 237 residential building permits were issued in 2021, the most since 2006.
- The market absorbed 70% of available new single family residential lots in 2021.

### NEW HOME STARTS

Residential building permits have been steady overall since 2017 when new lots started being created within the City. At the end of 2016, the City was nearly out of buildable lots as existing neighborhoods built out quickly after the recession. In 2020, 142 residential building permits were issued, which was 3 more than were issued in 2018 and 2019. In 2021, 237 residential building permits were issued. This is the most building permits that have been issued in one year since 2006.

## SINGLE FAMILY ATTACHED AND DETACHED BUILDING PERMITS 2006-2021

## RESIDENTIAL DEVELOPMENT

At the beginning of 2021, there were 316 remaining single family lots. The market absorbed 70% of these lots in 2021. This is an increase of 86 more new homes absorbed from the number of new homes absorbed in 2020.

Two neighborhoods were completed in 2021, Parkside and the Reserve at Morningside. One new neighborhood, Greystone, was started in 2021 which will add 75 townhome lots. At the end of 2021, there are 155 remaining lots.

## STATEMENT OF SERVICE

Special Detail Services refers to police officers who work off-duty assignments at various events and businesses within the City. There are no regularly assigned staff because participation is strictly on a voluntary basis. There are some events sponsored by the private sector that require a certified police officer. The City of Suwanee pays the officers and then bills the private entity for the services rendered. The mission of Special Detail Services is to promote a safe and secure environment in which our citizens can gather and enjoy the venues offered without fear of crime or unruly disruptions.

## STATEMENT OF SERVICE

Suwanee's police substation and training facility, which opened in fall of 2012, is helping to increase the police presence in the I-85 Gateway district and to reduce police response times in this area. The training center includes a firearms practice range, a defensive tactics room equipped with lethal and less-lethal judgmental training equipment, and a 40 seat classroom. All of these features provide enhanced training opportunities for sworn officers. The substation also serves as the training location for the Citizens Police Academy, Explorer Program and other community outreach programs. The facility is also accessible to the Georgia Department of Public Safety, which in turn increases law enforcement presence in the Gateway area.

## STATEMENT OF SERVICE

The mission of Public Relations is to foster an atmosphere of mutual trust, cooperation, and respect with the public. This mission is accomplished in the following ways:

- Recognizing a shared responsibility between the police and the community.
- Encouraging a problem solving partnership.
- Improving communication with the community.
- Developing and maintaining a close association with merchants, business people, and commercial establishments within the City.
- Offering advice, recommendations, and training programs in crime prevention methods.

## GOALS

1. Continue Community Oriented Policing initiatives.
  - Conduct two Citizens' Police Academies (CPA)
  - Conduct one CPA alumni reunion class.
  - Continue to conduct Caring Officers Providing Support (C.O.P.S.) at Suwanee Elementary and Level Creek Elementary.
  - Continue PACT in all designated PACT areas and utilize social media and email groups to disseminate information.
  - Continue monthly meeting with the Suwanee Police Department's Public Safety Cadet Post 980 to include training sessions and associated competitions.
  - Hold one Car Seat Safety Inspection event.
  - Increase membership in the Park Ambassadors Program by promoting it on the City's social media outlets.

## OBJECTIVES FOR FISCAL YEAR 2023

- Schedule, recruit and facilitate two Citizen's Police Academies.
- Maintain records for and facilitate the Police and Citizens Together (PACT) Program.
- Promote and document interaction with civic groups, neighborhood associations, and Suwanee Businesses.
- Organize and supervise the Explorer Unit. Suwanee Police Explorers is a career program under the umbrella of the Boy Scouts of America, where children between the ages of 14 and 20 years of age learn what a career in law enforcement would be like. It teaches children about integrity, honesty and civic duty.
- Attend special events and interact with those that attend them to promote a positive image of the department and an outlet to discuss the services provided by the department.
- Organize and schedule Citizens Police Academy graduates to do volunteer work at various special events.
- Continue to utilize social media as a means to communicate, inform and interact with our citizens.

**TEN-YEAR  
PROJECTIONS**

# History

Suwanee prepared its first ten year projections in 2012. The goal of preparing these estimates was to project long-term economic impacts to the general fund revenues and expenditures, which would enable the City to anticipate potential problems early, respond before problems develop, and determine if the City can accommodate today’s decisions tomorrow. To answer the question, “Can we support future projects and their operating and maintenance costs?”

Each year the City reviews the assumptions, make adjustments as needed, and updates the plan on a rolling ten-year basis. Schedules and assumptions provide staff with the data needed to analyze the long-term effects of current programs and the economic health of the City. One purpose of projecting long-term financial stability is to provide a roadmap to aid in understanding the costs of implementing new capital projects, maintaining infrastructure needs, and to determine if operating costs are obtainable and realistic within the limitations of the anticipated economic resources. Capital projects, as noted in the capital improvement program (CIP), are indicated in the anticipated implementation year under the expenditure line item titled “CIP Funding Request-General Fund”. Maintenance costs associated with the capital projects are projected using the Facilities and Park Maintenance Plan along with the management team’s input.

# Review of prior projections

A look back of prior year projections performance as compared to actual revenues and expenditures have shown that the ten year projection model has performed well.

FY 2013 projection model for revenues-variance has ranged from 3% in FY 2014 to 5% in FY 2023. Expenditures variances were -5% in FY 2014 to 6% in FY 2023. The chart below provides a visual comparison for the performance of the FY 2013 projections.

**FY 2013 Ten Year Projections Revenues**

**FY 2013 Ten Year Projections Expenditures**

FY 2015 projection model for revenues- variance has ranged from 6% in FY 2016 to 2% in FY 2023. Expenditures variances were 10% in FY 2016 to 2% in FY 2023. The large variances noted in FY 2016 projections is due to additional funds received from Gwinnett County for dispatch equipment, which caused revenues and expenditure to be higher than anticipated. FY 2016 also had a larger than usual 4th quarter capital prefunding transfer. 4th quarter prefunding adjustments use the current revenue resources to fund subsequent CIP funding. For projection purposes, we assume the current CIP funding will correlate with the requesting fiscal year, no pre-funding is assumed. The chart below provides a visual comparison for the performance of the FY 2015 projections.

**FY 2015 Ten Year Projections Revenues**

**FY 2015 Ten Year Projections Expenditures**

FY 2020 projection model for revenues - variance ranged from -8 % in FY 2021 and less than 1% in FY 2023. Expenditures variances were 1% in FY 2021 and less than 1% in FY 2023.

**FY 2020 Ten Year Projections Revenues**

**FY 2020 Ten Year Projections Expenditures**

*Notes:*

1. FY 2021 numbers included in all charts is the projected ending balance.
2. FY 2021 revenues excludes the \$2,474,060 in CARES Act funding we received from Gwinnett County.
3. FY 2021 revenues included \$550,000 in business and alcohol license tax credits.
4. FY 2021 expenditures exclude \$1,014,840 in non-payroll CARES Act expenditures that were reimbursed by Gwinnett County.
5. FY 2023 numbers presented is the proposed budget.

## FY 2023 Ten Year Projection Model

### Revenue Assumptions

**1. Property Taxes** – Property taxes are assumed to grow by 5% to 4% for fiscal year 2024 thru 2026 (a 1/2% decrease each year). This growth rate assumes that the millage rate required for debt service continues to decrease as the value of one mill increases. Fiscal years 2027 thru 2030 assume a conservative 3.5% to 3% annual increase. The ending three fiscal years use a 2.5% stabilization rate.

**2. Franchise Taxes** – Franchise taxes are assumed to grow by 4% for fiscal year 2024 thru 2027. FY 2028 thru FY 2030 assumes a 3.5% to 3% growth rate, alternating years. The ending three fiscal years use a 2.5% stabilization rate. The normal growth rate for franchise taxes is 4% to 3.5%.

**3. Alcohol Beverage Taxes** – FY 2024 thru FY 2027 assumes a 4% growth rate. FY 2028 thru FY 2030 assumes a 3.5% growth rate. FY 2031 thru FY 2033 assumes a 3% growth rate. The normal growth rate for alcohol beverage ranges from 4% to 3%.

**4. Business Taxes** – Business taxes are assumed to grow by 5.5% to 4% for fiscal year 2024 thru 2028. Fiscal years 2029 thru 2033 use a 3% increase. The normal growth rate ranges from 5% to 4%.

**5. Other Taxes & Penalties** – Other taxes and penalties includes the collection of energy excise tax and penalties on property taxes. The growth in this line item relates to the growth in property taxes along with the economy for payment of property taxes. The normal growth rate of 3% for this revenue source was used for the ten year projection.

**6. Licenses & Permits** – License and permit revenues tend to fluctuate over time based on development growth. FY 2024 thru FY 2027 use 5% to 4%. FY 2028 thru 2033 assumes a rolling 3% to 4% rolling rate every other year.

**7. Intergovernmental Revenues** – FY 2024 assumes the 911 reimbursement we receive from the county for Suwanee's dispatch service will have a 3.5% growth rate added each year. This assumption will change over time as data is collected and trend norms are established.

**8. Charge for Services** – The normal growth rate for this revenue source is 3.5% to 3%. FY 2024 thru FY 2027 assumes a 3.5% growth rate. FY 2028 thru FY 2033 assumes a normal growth rate of 3%.

**9. Fines and Forfeitures** – Fines and forfeitures tend to fluctuate over time. Reductions can occur based on current staffing levels. Reduced staffing means resources are used to respond to calls for service and less is available to provide patrol functions. The model assumes that we return to FY 2020 levels by FY 2025. A rolling 3.5% to 3% growth rate is assumed for FY 2026 thru FY 2033.

**10. Investment Income** – Investment income is based on current market interest rates and available cash to be invested. The model assumes a 3% growth rate carried over the 10 year period. Based on the model, cash on hand for the general fund will not be growing over the period. Market conditions should improve during the period for interest rates. Based on these two variables, the 3% growth rate was determined to be the appropriate rate.

**11. Miscellaneous Revenues** – The majority of the funding source in miscellaneous revenues comes from insurance payments for vehicle damages. The model assumes two midrange vehicles are damaged each fiscal period with a 5% vehicle inflation rate added.

## Expenditure Assumptions

**1. Salaries** – We are proposing to return to the normal raise factor of 3% for FY 2024 thru 2033. New employees are being added to the model:

- FY 2024 one employee in Police.
- FY 2025 one employee in Parks and Public Works.
- FY 2026 one employee in Police.
- FY 2028 two employees one in Police and one in Parks and Public Works.
- FY 2030 one employee in Police and one in Financial Services.
- FY 2031 one employee in Parks and Public Works and one part time employee in Financial Services.
- FY 2032 one employee in Police.

**2. Benefits** – We are proposing to use the normal rate increase of 3% increase per year over the ten year period. Proposed employees noted above benefits have been added in the corresponding year.

**3. Other Cost** – Other costs are projected to increase 2.5% over the ten year period. Normally we use the current consumer price index (CPI) over the ten year period. However, the current index, due to the high inflation rate, has an usually larger rate of 8.6%. Future year models will go back to the CPI rate once the new normal has been reached.

## Projected Capital Projects Operating Impacts

Maintenance costs associated with the capital projects are projected using the Facilities and Park Maintenance Plan along with the management team’s input.

**1. Buford Highway Reconstruction & Streetscape** – Operating costs for the landscaping component of this project are estimated at \$94,500 annually. A 2.5% cost inflator has been added each year to the remaining 9 fiscal years.

**2. Main Street Park Renovation** – Operating costs for the renovations planned at the Main Street Park include upgraded landscaping, planting, and other minor additions made to the park are estimated to be \$15,000. Current operating costs for this park are included in the facilities maintenance plan. These costs are projected to begin in FY 2025. A 2.5% cost inflator has been added each year to the remaining 8 fiscal years.

**3. Main Street Realignment** – Annual operational costs are estimated at \$13,650 to maintain the right-of-way along the reconstructed road and landscape components. These costs are project to begin in FY 2025. A 2.5% cost inflator has been added each year to the remaining seven fiscal years.

**4. Russell Street Streetscape** – Operating cost for maintenance and replacement of landscaping and street furniture (pavers, benches, and trash receptacles) are estimated to be \$12,000 annually. A 2.5% growth factor has been added to each year. Russell Street Streetscape project is scheduled for operating costs to begin FY 2024.

**5. Town Center on Main** – Operating costs for Town Center on Main are estimated at \$400,000 scheduled to begin in FY 2025. A 2.5% cost inflator was added each year to the remaining 8 fiscal years.

The proposed 20 acre park concept includes a 900 foot elevated bridge, a one acre water feature, an open terrace plaza and lawn area, sandpit volleyball courts, and a public art piece.

## CIP Funding Request – General fund

Capital projects, as noted in the Capital Improvement Program (CIP), are indicated in the anticipated implementation year. These only include cost for capital projects that need General fund contributions. Based on the current model, general fund capital transfers are scheduled for FY 2024 and FY 2033. These contributions range from \$934,140 to \$1,630,266

- 1. City Vehicles** – The City routinely replaces and adds vehicles to its fleet. This project includes replacing Planning and Administrative vehicles every other year with a 3% cost inflator added for each year.
- 2. Facility Maintenance** – The City proactively funds the maintenance needs for buildings, trails, parks, and other facility related items on an ongoing basis to ensure that the City’s facilities are well maintained and in good condition. Based on current funding in the facilities maintenance fund, FY 2024 have contributions in the \$200,000 range. FY 2025 thru 2032 include contributions of \$455,00 with a 3% cost inflator added for each year.
- 3. Public Safety/Police Vehicles** – We are proposing to replace 3 vehicles in fiscal year 2024, 4 vehicles in FY 2025 and FY 2026, and 5 vehicles thru 2033. A cost inflator of 3.5% has been added per car each year.
- 4. Public Safety/Parks Video Surveillance** – The City has been installing video surveillance and WIFI hotspots in and around city facilities and parks. To continue and maintain the current program \$60,000 a year with a 3% cost inflator has been added for the 10 years.
- 5. Public Safety/Radar Speed Limit Signs** - Similar to park video surveillance, the City must routinely replace and supplement park video equipment. This equipment maintenance, replacement and additions is estimated at a range of \$5,000 to \$13,577.

**6. Public Works Large Equipment** – Similar to vehicles, the City must routinely replace and supplement Public Works equipment. This equipment is used to maintain the City’s facilities, parks, streets, and other infrastructure. A 3% cost inflator has been added to the base program cost of \$109,000 starting in fiscal year 2025.

**7. Public Works Vehicles** – The current program is proposing to replace one vehicle in FY 2024 and two per year for the remaining 9 years. A 3% cost inflator has been added for each year.

**8. Street Maintenance & Resurfacing** – \$185,000 in General fund contributions for annual preventative maintenance, repair and resurfacing of street surfaces, sidewalk repairs, parking lots, curbs and gutters is provided for FY 2024. FY 2025 increases funding to \$250,000 and includes a 2.5% inflator added for each year.

**9. Street Tree Management Program** – General fund contributions are proposed to be \$154,000 for FY 2024 and increase to \$169,000 in FY 2027. FY 2028 thru FY 2033 includes the same funding with a 2.5% cost inflator added for each year. This program maintains the trees in the city’s right-of-way citywide.

## Other Financing Sources (Uses)

- 1. Transfer In** – These are funds transferred to the General Fund from the Hotel/Motel Fund. FY 2024 and FY 2025 uses a 5% increase as the recovery level due to the current economic conditions. A 3% inflator is added each year to FY 2026 thru FY 2033.
- 2. Transfers Out** – These are funds we are collecting for the Tax Allocation District from property taxes. A 3% inflator has been added to each year for the ten year projection period.

## Conclusion

The chart below summarizes the 10 year projections of revenues to expenditures. The chart displays the current economic conditions with fund balance being use to fill the gap between revenues and expenditures for FY 2024 thru FY 2027. The large increase noted in FY 2024 and FY 2025 includes the full funding of the CIP and the operation impacts of Town Center on Main Park (\$400,000). However, it should be noted that the use of fund balance noted in FY 2024 thru FY 2027 ranges from 7% to 1%. This in the normal variance range and fund balance may not be needed.

# SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources that are restricted legally to expenditures for specified purposes.

## Statement of Service

The purpose of Suwanee Fest is to provide a high-quality family festival for the citizens of Suwanee and its surrounding neighbors. The festival is self-funded whereby it generates sponsorship dollars and booth fees to offset the cost of the festival. In addition, the festival is organized by a volunteer group of citizens with a great deal of City guidance, support, and staffing.

## Revenue Assumptions

### CONTRIBUTIONS AND DONATIONS

**Definition:** Contributions and donations include revenues received from sponsorships, booth rentals, and sale of tee shirts and hats for the annual Suwanee Fest celebration.

**Assumptions:** Revenue projections are based on historical growth trends and estimates from the Suwanee Fest Committee. Fiscal year 2021 and 2022 activity were lower than normal due to the pandemic. Fiscal year 2023 budget assumes the normal activity for this event using fiscal year 2019 as the base.

## Statement of Service

The City Council appointed Public Arts Commission (PAC) was established to work with and encourage developers to include public art or support public art as a component of new projects and to create programs that bring and promote public art in Suwanee. The budget includes the ongoing public capital campaign for an iconic public art piece at the new Town Center on Main Park.

The duties of Suwanee’s Public Arts Commission are listed below.

### Public Arts Commission

- Coordinate developer component of public arts initiative.
- Coordinate SculpTour program.
- Develop Citywide public art master plan.
- Recommend public artwork pieces on behalf of City of Suwanee.
- Acquire art using public art funds.

## Statement of Service

Georgia law allows police agencies to file for seizure of property related to illegal substance or activities. These funds must be used to purchase police equipment. Suwanee participates in the Federal Drug Task Force and the Joint Gwinnett Municipal Drug Task Force. These task forces provide the participants a percentage of the amount of funds/property seized. Currently, Suwanee has one police officer assigned to each of these task forces.

## Statement of Service

Harvest Farm is one of the Southeast’s largest organic community gardens. The garden features 76 raised beds, which are all tended organically. Harvest Farm opened in April 2010 and is located in Suwanee’s White Street Park. A former farm, White Street Park is located in the Old Town historic district. With a mission of “Growing a Healthier Suwanee”, Harvest Farm also serves as an educational resource for the Suwanee community, offering classes and educational events related to gardening, organic living, sustainability, and other relevant topics. Harvest Farm is proud to support the greater Suwanee community, donating both food and supplies to local food banks.

Harvest Farm seeks to provide value to the Suwanee community by:

**Health:** Harvest Farm will provide an opportunity for improved health through exercise and homegrown food.

**Raised Awareness:** Harvest Farm will provide awareness to the members of how our actions can affect the environment and in turn the community as a whole, as well as the importance of greenspace.

**Valuable to the Community:** Harvest Farm will foster volunteerism, cooperation, diversity, and family activities.

**Access:** Harvest Farm will provide access to all members of the community.

**Sustainability:** Harvest Farm will be organic and encourage sound decisions in all day-to-day practices, as well as being aware of how we impact our environment.

**Engage the Community with Education:** Harvest Farm will provide educational opportunities to enhance our knowledge of organic gardening, health and nutrition, and being environmentally aware.

**Time Spent with Family, Community, and Nature:** Harvest Farm will encourage everyone to take time out of our hectic lives to spend in the outdoors and regenerate.

## Statement of Service

Suwanee has been awarded \$7,807,450 in Coronavirus State and Local Fiscal Recovery Funds by the U.S. Department of Treasury as authorized through the American Rescue Plan Act (ARPA). These funds provide a substantial infusion of resources to help turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery. Cities and counties may allocate up to \$10 million of their total ARPA allocation on government services using the revenue loss category.

## Revenue Assumptions

### INTERGOVERNMENTAL

**Definition:** This category includes the funding received from ARPA. A new provision of the Final Rule, issued by the U.S. Department of Treasury, allows municipalities to use a standard allowance of up to \$10 million for loss revenue. The amount claimed under revenue loss can be used for general government services. General government services include any service traditionally provided by a government including general government administration, staff and administrative facilities, and provision of police, fire and other public safety services.

**Assumptions:** Based on Suwanee’s population, the City received 50% of the funding in fiscal year 2022. The balance will be received in fiscal year 2023.

## Statement of Service

This fund accounts for the accommodation taxes collected from the 7% Hotel/Motel tax. These revenues are collected on a monthly basis from each hotel or motel in Suwanee. By state law, the City is required to spend 57% of the collections on programs and initiatives that promote tourism.

## Revenue Assumptions

### SELECTIVE SALES AND USE TAXES

**Definition:** Selective sales and use taxes are taxes levied on the sale, distribution, or consumption of selected goods and services. Included in this category are taxes charged for rooms or accommodations furnished by hotels.

**Assumptions:** The revenue projections for selective sales and use taxes are based on historical trends in conjunction with current economic indicators. To determine the projection for room accommodation taxes, each hotel monthly average was reduced to 2016 actuals due to the current economic conditions.

### INVESTMENT INCOME

**Definition:** Investment income includes revenue from investment of fund equity.

**Assumptions:** Revenues are based on projected rates of return on invested funds in conjunction with current economic indicators.

Hotel/Motel Tax Monthly Average

## Statement of Service

State law permits Georgia municipalities to levy a 3% excise tax of vehicle rentals. In December of 2018, Suwanee adopted the rental vehicle excise tax ordinance that allows for the collection of rental motor vehicle excise tax. The following charges are subject to the excise tax: time, mileage, insurance coverage, and collision damage waivers.

## Revenue Assumptions

### SELECTIVE SALES AND USE TAXES

**Definition:** Selective sales and use taxes are taxes levied on the sale, distribution, or consumption of selected goods and services. The City levies a 3% excise tax on the rent or lease of motor vehicles in the City of Suwanee.

**Assumptions:** The revenue projections for selective sales and use taxes are based on historical trends in conjunction with current economic indicators. To determine the projection for rental vehicle excise tax, a monthly average for the prior year is determined and a twelve-month projection of this average was used for fiscal year 2023.

Capital Project Funds account for financial resources to be used for the acquisition or construction of major capital facilities for the City's governmental funds.

Trevi Ln  
Buford Hwy

Suwanee's capital project funds account for financial resources used for the design, acquisition or construction of major capital facilities and infrastructure and are funded by multiple revenue sources which are summarized below:

## **Special Purpose Local Option Sales Tax (SPLOST)**

- The Georgia legislature gave counties the option to implement a one-cent Special Purpose Local Option Sales Tax, commonly known as SPLOST, starting in 1985. The sales tax program requires voter approval during a general election to approve or renew the one-cent SPLOST Program collected for use in categories, specifically categories such as transportation, recreation, public safety, parking enhancement, etc. The one-percent sales tax is a major source of city revenue for various capital projects and allows the City to improve residents' quality of life and the overall economy without resorting to property tax increases. The financial value of the SPLOST program is substantial, and the revenues are collected from anyone who makes a purchase in Gwinnett County. The City receives the intergovernmental SPLOST revenue from Gwinnett County as a result of the Service Delivery Strategy (SDS) negotiations and cost-sharing and is used for capital improvement projects. The SPLOST funds are legally restricted and for the purchase and construction of major capital facilities, recreation improvements to parks and trails, and other city renovations and upgrades. It allows the City to make transportation improvements to roads, bridges, sidewalks, curbs and gutters, and street lighting. Additionally, it covers the cost of vehicles, machinery, and equipment and stormwater infrastructure needs. SPLOST allows the City to pay for projects that likely could not be accomplished otherwise and without going into debt, saving taxpayer dollars in interest payments. Plus, the additional funding reduces the financial pressure on the general fund. The voters approved a series of SPLOST Programs and there are currently three active SLOST Programs (2009, 2014, and 2017) in effect. Collections for the three SPLOST Programs vary in terms of length and in program focus, see highlights below. Timing of the cost estimates, conditions on the ground, and fluctuations in the economy among other factors may alter the final budgets. As additional information is obtained, cost projections and funding resources are updated. Project budgets are established as part of the City's annual approved budget.

### **2009 SPLOST Highlights (Fund 300)**

- Approved by voters in November 2008.
- Five-year program, 60 months of revenue collections.
- Collections began on April 1, 2009 and continued through March 31, 2014.
- The final revenue collections exceeded \$10 million dollars.
- This program focused on various transportation projects (46%), recreation improvements (19%), parking facilities (19%), public safety projects (15%) and Administrative Buildings (1%).

### **2014 SPLOST Highlights (Fund 370)**

- Approved by voters on November 5, 2013.
- Three-year program, 36 months of revenue collections.
- Collections began on April 1, 2014 and continued through March 31, 2017.
- The final revenue collections exceeded \$7 million dollars.
- This program focused on various transportation projects (91%) and recreation improvements (9%).

## 2017 SPLOST Highlights (Fund 380)

- Approved by voters on November 8, 2016.
- Six-year program, 72 months of revenue collections.
- Collections began on April 1, 2017 and will continue through March 31, 2023. The funds are received on a monthly basis.
- The program is currently performing as expected and anticipate meeting or exceeding the revenue projections of \$19.5 million dollars.
- This program focuses on various transportation projects (70%), recreation improvement projects (15%) and administrative facility projects (15%).

## Urban Redevelopment Authority Highlights (Fund 349)

- This fund accounts for the financial resources provided from the 2017 Urban Redevelopment Authority (URA) Bond Issue. The City issued \$22 million in revenue bonds with the URA that will finance the costs associated with the cash flow bond repayment (36%), and the following redevelopment projects including construction of a new park and quality-of-life amenities (34%), administrative facilities renovations (19%) and transportation projects (11%).

## CAPITAL PROJECT FUNDS (7 Various Funds: 340, 341, 343, 344, 345, 346, and 361))

- These funds account for financial resources provided by the contributions predominately from the general fund and the fund derives its revenues primarily from taxes (i.e., residential and commercial property taxes, various business licenses and taxes, fines and forfeitures and other miscellaneous taxes). These resources, along with additional revenues specific to individual projects, also fund the purchase and construction of major capital facilities, improvements to parks and trails, and other city renovations and upgrades. It allows the City to make transportation improvements and funds the cost of vehicles, machinery and equipment and stormwater infrastructure needs similar to the SPLOST projects.

## AMERICAN RESCUE PLAN ACT (ARPA) (Fund 230)

- The American Rescue Plan Act of 2021 (H.R. 1319) was signed into law on March 11, 2021 to provide additional relief for local governments to address the ongoing COVID-19 public health crisis and spur a strong economic recovery.

# CAPITAL BUDGET MULTIPLE FUNDING SOURCES SUMMARY

# BUDGET

Suwanee's capital projects are funded by multiple revenue sources and most projects are recognized as capital assets. Capital assets are tangible or intangible items acquired for the use in operations that have a value equal to or greater than \$10,000 per item and have an expected useful life beyond one year. The City recognizes acquisition costs based on individual unit prices and typical examples are construction, roadway infrastructure, stormwater infrastructure, land and land improvements, vehicles, and machinery and equipment. The City has a comprehensive approach to long-term capital and infrastructure needs, not only planning for future assets, but also ensuring the proactive maintenance and replacement of existing assets. Summarized below are the various 2023 projects in alphabetical order, the associated fund number(s) and the total budget per project by funding source.

Listed below are the projects and descriptions that are included in the 2023 Capital Budget:

### Buford Highway Reconstruction and Streetscaping / Master Plan Implementation (Fund 346)

- The reconstruction of 1½ miles of Buford Highway extends from McGinnis Ferry Road to the entrance of George Pierce Park and will remain a two lane road. The goal is to provide transportation improvements that enhance the safety of pedestrians, cyclists and park visitors. The project includes dedicated bike lanes, extra wide sidewalks, street trees, benches, landscaped medians, center turn lanes, street lighting and on street parking to encourage on-street commerce and small-scale shopping which will improve the connection between Town Center and Historic Old Town. The project is intended to preserve the rural character and tree canopy along the highway and substantial completion is set for fall 2022. Funding is being provided from the local funds and from the Livable Centers Initiative (LCI) Program. Additional funding is from Gwinnett County and a Federal Grant. Annual operational costs are estimated at \$100,000.

### Buford Highway – Sidewalk Gap (Fund 312)

- This project involves the construction of sidewalks where they do not currently exist in order to close the gaps in the sidewalk system along Buford Highway. Funding is being provided from the 2009 SPLOST Program. Annual operational costs are estimated at \$5,000.

### Buford Highway – Street Furniture (Fund 346)

- This project involves the addition of street furniture along Buford Highway such as benches to serve as a place to rest and admire the views and trash receptacles which are strategically placed to assist people with adequately discarding their trash. Funding is being provided from local funds. Annual operational costs are estimated at \$2,000.

### Facilities Maintenance (Fund 340)

- The City adopted the facility maintenance plan which identifies short- and long-term maintenance needs for the City’s buildings, parking lots, trails, parks, etc. Facilities Maintenance proactively funds the maintenance needs on an ongoing annual basis to ensure that the City’s facilities are well maintained and in good condition, and minimizes the risk for extraordinarily high expenditures in any one year. The proposed maintenance projects and estimates are refined yearly. Funding is being provided from local funds. Annual operational costs will be determined on a project-by-project basis. Summarized below are highlights of large capital maintenance items for FY 2023 by location:

Town Center Amphitheater	New roof, interior upgrades, painting and flooring	\$	100,000
Playtown, Suw Creek Park, Town Center Pk	Six full bathroom upgrades at three various parks		100,000
Sims Lake Park	Fix well for water feature and upgrade facility structures		60,000
White Street Park	Fix and upgrade walking path and barn structure repairs		40,000
Various walking paths	Paths within Suwanee need to be upgraded or repaired		100,000
Police Station	New roof and other various upgrades		150,000
Police Station	Fire alarm and sprinkler system controls inspection		5,000
		<b>TOTAL \$</b>	<b><u>555,000</u></b>

## Gateway Landscape Improvements - (Fund 361)

- Suwanee's Tax Allocation District (TAD) was created to revitalize Suwanee's commercial district along I-85, Suwanee's Gateway, which primarily consists of commercial properties. Many portions of the Gateway are aging and need redevelopment or need to be refurbished to improve the community aesthetics. Funds obtained through the creation of a tax allocation district will ignite additional private investment and growth. Suwanee's I-85 Business District Competitive Assessment and Development Strategy Report was adopted in 2005 and includes Gateway landscape and median improvements. Funding is being provided annually from the tax allocation district millage collection in the district. Annual operational costs will be determined on a project-by-project basis.

## Historic Interpretive Signs – (Fund 346)

- In an effort to raise public awareness and enrich citizens' appreciation of the depth and diversity of our local history that makes up our community and acts to generate a positive user experience, historic interpretive signage is being created to be used at historical buildings, locations and other sites where descriptive diagrams, photos or a narrative can be communicated to the viewer. Funding is being provided from local funds. Annual operational costs are estimated at \$1,000.

## Main Street Park Renovation - (Fund 384)

- This project includes adding granite retaining walls, additional parking, refreshing the pavilion and the basketball court areas. Lastly, a veteran's memorial will be added in this downtown park. The design will be incorporated into the Town Center on Main Park project. Funding is being provided by the 2017 SPLOST Program. Annual operational costs are estimated at \$5,000.

## Main Street Realignment - (Funds 319, 349, 372 & 384)

- Along In conjunction with the Town Center on Main Park and the soon to be construction Gwinnett County Fire Station #13, Main Street will need to be realigned. The proposed road realignment will include shifting the road to go through the new park and exiting onto Suwanee Dam Road at an existing traffic signal. This shift will allow the median break at the existing Main Street and Suwanee Dam Road near the railroad crossing to close, greatly improving the safety and traffic flow on Suwanee Dam Road. This budget will cover the design cost estimate only which is underway. The City will contribution 19% to the overall project and Gwinnett County will contribute an 81% match. Funding is being provided from the 2009, 2014 and 2017 SPLOST Programs, the Urban Redevelopment Fund and Gwinnett County. Annual operational costs are estimated at \$10,000.

## Moore Road Sidewalk - (Fund 383)

- This project includes a study and the construction of a sidewalk at the intersection of Moore Road and Settles Bridge Road. Construction plans are for the addition of sidewalk along the west side of Moore Road and the south side of Settles Bridge Road where they do not currently exist in order to close the gaps in the sidewalk system. Funding is being provided from the 2017 SPLOST Program. Annual operational costs are estimated at \$5,000.

## Old Town Suwanee Projects - (Fund 346)

- Funding is being earmarked for several projects in Old Town Suwanee such as painting and rebranding the current water tower. Based on its current condition, the tank needs to be repainted on the inside and the outside as part of the normal maintenance cycle. While the outside of the tank is being painted, the current Suwanee logo will be added to the side of the tank. Improvements will also be made to the City owned property at 431 Main Street (formerly known as the Jimmy Sims property). Lastly, this project will cover the costs of some property acquisitions in Old Town. Funding is being provided from local funds. Annual operational costs are estimated at \$2,000.

## **Parklets in Town Center Park - (Fund 346)**

- Parklets are being added in Town Center Park. A parklet converts two on street parking spaces into a public community gathering place for all to enjoy; to stop, to sit, to read, to sip a cup of coffee, to have a bite to eat, to socialize and to rest while taking in the surrounding park area and activities. Two parklets will be added in 2022 and two in 2023. Funding is being provided from local funds. Annual operational costs are estimated at \$2,000.

## **Pedestrian and Bicycle Loop – Phase 1 - (Fund 346)**

- Continuous multi-use path around Suwanee with connections to the Suwanee Greenway, downtown Suwanee and other regional trails. The Atlanta Regional Commission (ARC) is funding 80% of this project via a grant. The Suwanee 20% grant funding match will come from local funds. Annual operational costs are estimated at \$10,000.

## **Public Safety – Park Video Surveillance - (Fund 341)**

- Over the past several years, the City has been installing video surveillance and Wi-Fi hotspots in and around city facilities and parks. The proposed CIP funding continues this program for the next five years. Funding is being provided from local funds. Annual operational costs are estimated at \$1,000.

## **Public Safety - Police Headquarters – Phase 1 - (Fund 230)**

- The city is analyzing the need for a new Police headquarters building. Phase 1 includes the initial land search phase and commencing site work to potentially construct a new PD facility. Approximately \$4.1 million has been allocated for this project. Funding for this phase of the project is anticipated to come from the American Rescue Plan Act. Annual operational costs will be determined at a future time.

## **Public Safety – Radar Speed Limit Signs - (Fund 341)**

- Radar speed limit signs have proven an effective tool to alert drivers to their speed and reduce speeding. Current funding allows for adding additional signs throughout the city for the next five years. Funding is being provided from local funds. Annual operational costs are estimated at \$5,000.

## **Public Safety – Small Equipment - (Fund 341)**

- The City must routinely replace and supplement Police equipment. Funding is being provided from local funds. Annual operational costs are estimated at \$1,000.

## **Public Works - Large Equipment - (Fund 341)**

- Similar to vehicles, the City must routinely replace and supplement Public Works equipment. This equipment is used to maintain the City's facilities, parks, streets, and other infrastructure. Funding is being provided from local funds. Annual operational costs are estimated at \$3,000.

## **Resurfacing and Street Maintenance (Funds 344 & 385)**

- This purpose of this program is to provide funding for planned annual preventative maintenance, repair and resurfacing of city streets, sidewalk repairs, parking lots, drives, curb and gutters on city streets paved with concrete, asphalt or pavers based on their condition since roadways don't deteriorate at uniform rates as well as any unanticipated emergency repairs. Roadway issues will be addressed such as patching, repairs and resurfacing of street surfaces identified from the annual road maintenance survey and to be proactive in an attempt to keep the City's infrastructure in good condition as it continues to age. Funding is being provided from the 2017 SPLOST Program and from local funds and the Georgia Department of Transportation via the Local Maintenance and Improvement Grant (LMIG) Program.
- The funds themselves include ongoing maintenance funding for Suwanee's street infrastructure system.

### **Russell Street Streetscaping Phase 1 - (Funds 383)**

- In conjunction with the Buford Highway project, Russell Street (from Buford Highway to the railroad) will be improved with landscaping, street furniture (pavers, benches and trash receptacles, etc.), and extensive grading to provide greater visibility to drivers. This project is expected to be complete by spring of 2023. Funding is being provided from the 2017 SPLOST Program. Annual operational costs are estimated at \$12,000.

### **Stormwater Rehabilitation Phase 1 - (Funds 345 & 386)**

- Suwanee maintains the stormwater infrastructure associated with local roads and a majority of the stormwater system was completed at the same time. Eighteen major rehabilitation projects have been identified in the Stormwater Assessment Study in an attempt to prevent system failures. Funding is being provided from the 2017 SPLOST Program and local funds. The funds themselves include ongoing maintenance funding for Suwanee's stormwater system.

### **Street Tree Pruning Program - (Fund 341)**

- This is a city-wide program to limb up trees in the City's right of way. It is anticipated that this program will take 24 months to complete. Funding is being provided from local funds. The fund itself includes ongoing maintenance cost for Suwanee's tree pruning program.

### **Town Center on Main and Delay Nature Park - (Funds 230, 349 & 383)**

- City Council unanimously approved a master plan for this new City Park which is approximately 20 acres along Main Street. The property was purchased in 2002 as an early acquisition in the Open Space Initiative for a future park site. It's situated behind the Suwanee Library and PlayTown Suwanee and features a mixture of urban and rural environments. The park will include a 900-foot elevated bridge, a one-acre water feature, an open terrace plaza, sandpit volleyball courts and a public art piece. The lawn area will serve as an extension of the existing PlayTown Suwanee playground but geared toward older children. Funding is being provided from the 2017 SPLOST Program with a 75% match from Gwinnett County, the Urban Redevelopment Fund and the American Rescue Plan Act. Annual operational cost is estimated at \$500,000.00.

### **Town Center Park Signage - (Fund 346)**

- The city is working on assisting our visitors to easily identify where parking is located in and around Suwanee Town Center Park. Plans with consultants are being finalized to design the new bright and bold, purposeful and noticeable parking wayfinding signs and placing them in strategic locations. Additionally, plans are underway to re-purpose existing sign poles already located in and around the park. The project is expected to be complete by the spring of 2023. Funding is being provided from local funds. Annual operational costs are estimated at \$1,000.

Summarized below are the various projects in alphabetical order, the associated fund number(s) and the total anticipated operational costs once the projects are put into service.

# DEBT SERVICE FUND

The Debt Service Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

## Statement of Service

This fund accounts for the accumulation of resources for, and the payment of, the refunded 2016 general obligation (GO) bonds for open greenspace (original issue date 2002), the refunded 2015 Urban Redevelopment Agency (URA) revenue bonds for the construction of a new City Hall at Town Center (original issue date 2006) and the 2017 URA revenue bonds for capital improvements in the URA area (including Main Street re-alignment, Town Center on Main, land acquisition, and facilities improvements).

## Revenue Assumptions

### GENERAL PROPERTY TAXES

**Definition:** Ad valorem taxes are levied at 40% of the assessed value on real and personal property at the millage rate adopted by the City Council.

**Assumptions:** Debt Service millage rate for fiscal year 2023 is estimated at 1.12 mills. This millage rate is applied to the estimated assessed values for calendar year 2022. Please see property taxes assumptions on page 64 for additional information.

### INVESTMENT INCOME

**Definition:** Investment income includes revenue from investment of fund equity.

**Assumptions:** Revenues are based on projected rates of return on invested funds in conjunction with current economic indicators.

### OTHER FINANCING SOURCES

**Definition:** Other financing sources include funds received from SPLOST proceeds. A portion of the 2017 URA bond funds are being used to help with cash flow with the 2017 SPLOST capital projects in the URA district and will be reimbursed to the debt service fund for bond re-payment.

**Assumptions:** Revenues are based on projected cash flow schedules for SPLOST projects.

## General Obligation Bonds

### 2016 REFUNDING SERIES, 2006 GENERAL OBLIGATION REFUNDING SERIES

The General Obligation Refunding Bonds, Series 2016, were issued to advance refund the City's General Obligation Refunding Bonds, Series 2006, maturing January 2, 2017 through 2032, the aggregate principal amount of \$12,235,000. This advanced refunding is considered a legal defeasement of the 2006 General Obligation Refunding series January 2017 through 2032. The 2016 General Obligation Refunding series have a non-callable rate of 1.96%.

## Revenue Bonds

In 2002, the City approved an urban redevelopment plan, entitled “Old Town Suwanee Urban Redevelopment Plan”, to redevelop the area of the City known as “Old Town Suwanee” as the focal point of the City’s center. The Urban Redevelopment Plan anticipated that the City would purchase certain tracts of land in the Old Town Suwanee area, and construct a new city park and city hall surrounded by mixed use development including commercial/retail space, office/professional uses, and residential units. All of these uses were designed to functionally integrate, with the new city hall as the centerpiece.

On November 12, 2015, the City entered into a private placement, bank qualified refunding bond agreement with JP Morgan Chase Bank, 2015 URA refunding series. The City advanced refunded \$3,890,000 of the City’s 2006 URA bond series, maturing January 2017 through 2027. This advanced refunding is considered a legal defeasement of the 2006 URA bonds series January 2017 through 2027. The 2015 URA refunding series has a non-callable rate of 1.94%.

In 2017, the agency issued \$21.5 million in revenue bonds for the purpose of paying a portion of the cost of projects detailed in the updated 2017 Urban Redevelopment Plan. Projects include construction of a new park on Main Street, Main Street re-alignment, land acquisitions, and facilities improvements.

### Last Five Years

The debt per capita figure is an indicator of the debt burden apportioned to individual residents of the City (assuming each resident is responsible for an equal share of the debt.) Debt per capita continues to show consistent annual declines.

## Legal Debt Margin

### Last Three Years

Under state law, the constitutional debt limit for direct general obligation (G.O.) bonds is limited to 10% of the assessed value of all taxable property within the City. The legal debt margin is the difference between the outstanding debt and the total amount the City is legally allowed to borrow. The City of Suwanee remains below the debt ceiling for general obligation debt, as determined by the following computation:

	FY 2020	FY 2021	FY 2022
<b>Assessed value of all taxable property</b>	<b>\$ 1,472,621,045</b>	<b>\$ 1,614,204,672</b>	<b>\$ 1,685,311,649</b>

# CUSTODIAL FUND

Custodial funds are fiduciary in nature. They do not represent the results of operations or have a measurement focus.

This fund, the Municipal Court fund, is used to account for assets that the City holds for others in a custodial capacity.

## Statement of Service

The Municipal Court fund accounts for the collection of various fines and forfeitures (mostly traffic violations), a portion of which are disbursed to other parties and the remaining balance is transferred to the general fund.

## Revenue Assumptions

### FINES AND FORFEITURES

**Definition:** Revenues in this category consist of fines and charges imposed by the City's Municipal Court. Council sets some of these charges while others are mandated by the State and adopted by Council.

**Assumptions:** Projections are based on the rates set by Council and historical trends.

# IMPROVEMENT PROGRAM

# CAPITAL

# PROGRAM

The Capital Improvement Program details the proposed projects the City plans to undertake over the next five years. This section includes a summary of the proposed projects, the funding required and the proposed funding source.

Suwanee’s capital assets are the physical foundation of our service delivery. The City owns and maintains a variety of facilities, ranging from recreational assets like the Suwanee Creek Disc Golf Course and Harvest Farm community garden to public buildings like City Hall, Municipal Court and the Police facilities, among others. Suwanee has an extensive network of parks, trails, and other protected open spaces. The City owns and maintains an expansive network of infrastructure, including 62 miles of streets and a growing stormwater system. Lastly, the City owns a fleet of over 90 vehicles and inventory of equipment ranging from a state-of-the-art police communication system to mowers and tractors for maintaining Suwanee’s rights-of-way.

Like all other growing cities, Suwanee is faced with the challenge of providing an ever-increasing number of services and facilities, while being sensitive to the reality of limited financial resources. This is even more relevant as Suwanee’s population continues to grow. The construction and improvement of streets, recreation facilities, public safety facilities and services must not only keep pace with the growing population, but should also match the level of quality that Suwanee citizens have come to expect and appreciate. It is essential that the City has a comprehensive approach not only

in planning for future assets, but also for maintaining and replacing its current inventory. A long-range plan for funding these expenditures is vital, as decisions about investments in these assets affect the availability and quality of most government services.

### The Concept of Capital Planning

The Capital Improvement Program (CIP) is the tool that allows Suwanee’s decision makers to plan how, when, and where future improvements should be made. The document itself is a snapshot into the next five years – existing and anticipated capital needs and the funding needed to make them a reality. The CIP is derived from a variety of sources – the City’s Short Term Work Program, the Strategic Plan, the Comprehensive Plan, the Pedestrian Bicycle Plan, and the Downtown Suwanee Master Plan, as well as recommendations from the City Council and staff.

In the private sector, clear criteria usually exist for determining which capital investments to make and when to make them. Most often, the decision rests on the best way to maximize profits. The return for a capital investment by government, however, is often a social benefit, which, while real, is often difficult to measure since it cannot be captured in revenue streams. Development of the CIP allows the City to clearly assess its needs, ensuring the projects that are proposed are the ones that will best serve the needs of the community, while still balancing the community’s ability to pay for the projects. Finally, the CIP promotes financial stability through long term planning of resources and needs. The impact of capital funding on the operating budget is clearly visible and can be forecasted several years out.

## Suwanee's Capital Improvement Policy

A CIP covering a five-year period, is developed, reviewed and updated annually. To be considered in the CIP, a project should have an estimated cost of at least \$10,000. Projects are not combined to meet the minimum standard unless they are dependent upon each other. Items that are operating expenses, such as maintenance agreements and personal computer software upgrades, are not considered within the CIP.

The City identifies the estimated costs and potential funding sources for each capital project prior to inclusion in the CIP. The operating costs to maintain capital projects are considered prior to the decision to undertake the projects.

The CIP is presented annually to the City Council for approval in conjunction with the annual operating budget. The CIP is a financial and resource planning tool, but it does not represent an adopted budget for any project. At the time the City is ready to undertake a project, it will be designed and engineered, as appropriate, with a final scope and cost estimate and, at that point, the City Council will adopt a formal capital project budget (see capital project budget section starting on page 255).

## Funding the CIP

Suwanee's 2023-2027 CIP totals \$42,619,000 over the next five years. The City plans to fund \$33.1 million or about 78% of the total CIP. The City will leverage an additional \$6.6 million in American Rescue Plan Act funding along with \$2.8 million in joint funding from Gwinnett County.

The CIP is an early planning tool. Cost estimates are usually from non-engineered sources. As a project progresses, cost projections are refined and specific project budgets are established.

## CIP Strategies

The CIP is a five-year plan with multiple funding sources and various types of projects that are often developed as part of a larger planning effort. As such, it has a lot of "moving parts," that all need to be considered in order to make the plan function as an effective planning tool. The 2023-2027 CIP has been developed with the following strategies and considerations:

- 1) The proposed CIP does not utilize all of the City's capital funds on hand** (including unreserved fund balance). Approximately \$4.1 million will remain in reserves for other projects and/or project increases. Unallocated resources include \$3 million in unassigned fund balance and \$1 million in URA funding.
- 2) The 2017 SPLOST was approved in November 2016** and revenue estimates have been allocated into the CIP. The City anticipates receiving approximately \$19.5 million over the next six years, allocated to the following three categories.

- Transportation: \$14 million
- Administrative Facilities: \$2.3 million
- Recreation: \$3.2 million

The 2017 SPLOST program began on April 1, 2017 and continues until March 30, 2023. These funds are received on a monthly basis and until all deposits are received, these are estimates only.

### 3) The CIP is funded with a diverse mix of funding sources:

- URA Bond: 25%
- SPLOST: 24%
- Outside Funding: 22% \*
- Local Funds: 12%
- General Fund: 17%

\* Outside funding includes ARPA related relief funds and joint funding provided by Gwinnett County.

**4) The CIP does not propose the use of any new debt.**

The remainder of the CIP has been structured to undertake “pay-as-you-go” financing. As such, projects will not be completed until resources are available and many projects rely on multiple funding sources.

**5) Certain funding sources, such as SPLOST, are legally restricted.**

Some funding sources in the CIP, including SPLOST and grants, are legally restricted, meaning they must be used for narrowly-defined purposes. For example, the City must allocate its SPLOST funds across defined categories with specified percentages allotted to each category, as approved by the voters. SPLOST funds are also limited to capital projects only and cannot be used for operating expenses, such as staffing, supplies, etc. Proposed grants are project-specific and cannot be transferred to other projects.

**6) General Fund contributions to the CIP are expected to increase in future years.**

SPLOST funding is used for many ongoing programs, such as street resurfacing, sidewalks, stormwater, etc. If the SPLOST is not extended or other funding sources identified, these projects will rely on increased funding from the General Fund. The CIP does not assume a continuation of the SPLOST program beyond the March 2023 collections.

**7) The City’s facilities and infrastructure are aging and maintenance costs will continue to increase.**

Over \$7.8 million has been recommended for maintenance of the City’s facilities (buildings and parks), as well as its streets and stormwater infrastructure. Proactively funding these needs on an annual basis ensures the City’s infrastructure is well-maintained and minimizes the risk for extraordinarily high expenditures in any one year.

**8) Proposed project costs are estimates only.**

The majority of the projects in the CIP are in concept-stage only and have not been designed or engineered. As such, project costs are estimates only and are representative of current funding allocations, rather than actual project cost/budget. Project estimates will change as more refined information is received.

**9) Stormwater Assessment Study.**

The City of Suwanee is currently undertaking a stormwater assessment study that includes a citizen stakeholders’ committee. The study and the citizen stakeholders’ committee has identified and recommended over \$12.5 million in stormwater improvement projects that need to be completed within the next ten years. The 2023 - 2027 CIP (five-year program) includes funding for \$2.5 million in Stormwater Phase I projects, leaving \$5 million in Phase II projects as unfunded for the next five-year period.

### **BUFORD HIGHWAY RECONSTRUCTION & STREETSCLAPING (\$1,135,000)**

The reconstruction of 1 ½ miles of Buford Highway extends from McGinnis Ferry Road to the entrance of George Pierce Park and will remain a two-lane road. The goal is to provide transportation improvements that enhance the safety of pedestrians, cyclists, and park visitors. The project includes dedicated bike lanes, extra wide sidewalks, street trees, benches, landscaped medians, center turn lanes, street lighting, and on street parking to encourage on-street commerce and small-scale shopping which will improve the connection between Town Center and Historic Old Town. The project is intended to preserve the rural character and tree canopy along the highway and substantial completion is set for spring 2023. The remaining balance of this project includes the following elements:

- Reconstruction Costs \$865,000
- Sidewalk Gap \$20,000
- South Gateway Element \$100,000
- Street Furniture \$150,000

### **CITY VEHICLES FOR PLANNING AND ADMINISTRATION (\$102,000)**

The City routinely replaces and adds vehicles to its fleet. This project includes the five-year estimate for Planning and Administrative vehicles.

### **FACILITIES MAINTENANCE (\$2,265,000)**

The City adopted the facility maintenance plan which identifies short and long-term maintenance needs for the City's buildings, parking lots, trails, parks, etc. Facilities Maintenance proactively funds the maintenance needs on an ongoing annual basis to ensure that the City's facilities are well maintained and in good condition, and minimizes the risk for extraordinarily high expenditures in any one year.

### **PARKS (\$850,000)**

**Main Street Park Renovation (\$600,000)** – This project includes adding granite retaining walls, additional parking, refreshing the pavilion and the basketball court areas.

**Veterans Memorial (\$250,000)** – This project includes a veteran's memorial which will be incorporated into the Town Center on Main Park design.

## **PUBLIC SAFETY/POLICE (\$3,269,000)**

**Police Headquarters Phase I (\$2,750,000)** – This includes the initial steps for beginning on site work for the new police headquarters.

**Park Video Surveillance (\$296,000)** – Over the past several years, the City has been installing video surveillance and WIFI hotspots in and around city facilities and parks. The proposed CIP funding continues this program for the next five years.

**Radar Speed Limit Signs (\$33,000)** – Radar speed limit signs have proven an effective tool to alert drivers to their speed and reduce speeding. Current funding allows for adding additional signs throughout the City for the next five years.

**Vehicles (\$1,378,000)** - The City routinely replaces and adds vehicles to its fleet. This project includes the five-year estimate for Police vehicles.

## **PUBLIC WORKS (\$4,168,000)**

**Large Equipment (\$569,000)** – Similar to vehicles, the City must routinely replace and supplement Public Works equipment. This equipment is used to maintain the City’s facilities, parks, streets, and other infrastructure.

**Stormwater Rehabilitation Phase I (\$2,500,000)** – This program includes 18 of the major Stormwater rehabilitation projects that were identified in the Stormwater Assessment Study.

**Street Tree Pruning Program (\$909,000)** - This is a city-wide program to limb up trees in the City’s right-of-way. It is anticipated that this program will take 24 months to complete.

**Vehicles (\$190,000)** - The City routinely replaces and adds vehicles to its fleet. This project includes the five-year estimate for Public Works.

## **TRANSPORTATION (\$13,874,000)**

**Main Street Traffic Calming & Streetscaping Phase I Study (\$50,00)** – This study will provide an action plan for traffic calming, landscaping, street furniture and hardscape on Main Street.

**Moore Road Sidewalks (\$510,000)** - This project includes both a study and the construction for the sidewalk at the intersection of Settles Bridge Road and Moore Road. Construction plans are for the addition of a sidewalk along the gap of the west side of Moore Road and the south side of Settles Bridge Road.

**Russell Street Streetscape (150,000)** - In conjunction with the Buford Highway project, Russell Street will be improved with landscaping, street furniture, and extensive grading. These modifications to the intersection will provide greater visibility to drivers. There are two phases for this project:

**Phase I: Buford Highway to Railroad** (\$375,000)

**Phase II: Railroad to Main Street** (\$375,000)

**Transportation Enhancements (\$400,000)** – This program sets aside funding to implement various transportation enhancement projects, such as streetscaping, traffic signal improvements, signage, and traffic calming.

**Street Maintenance & Resurfacing (\$3,065,000)** – The purpose of this program is to provide funding for planned annual preventative maintenance, repair and resurfacing of street surfaces, sidewalk repairs, parking lots, drives, curbs and gutters on City streets paved with concrete, asphalt or pavers based on their condition. Roadway issues will be addressed such as patching, repairs, and resurfacing as identified from the annual road maintenance survey.

**Suwanee Gateway Landscape Improvements (\$600,000)** – To improve the community aesthetics of the Gateway area, which is the commercial district along I-85, the City plans to undertake various landscape and median improvements.

**Western Gwinnett Bikeway (\$380,000)** – As part of an intergovernmental agreement with Gwinnett County, the City is partnering with the County on a bikeway project that will extend along Peachtree Industrial Boulevard. This project will extend through several municipalities.

## TOWN CENTER DEVELOPMENT PROJECT (\$26,600,000)

**Town Center on Main (\$17,113,000)** – This is a new City park approximately 20 acres along Main Street. It is situated behind the Suwanee Library and PlayTown Suwanee and features a mixture of urban and rural environments. This park will include a 900-foot elevated bridge, a one-acre water feature, an open terrace plaza, and lawn area. The Veteran's Memorial will be added into the design.

**Main Street Realignment (\$5,634,000)** – In conjunction with the Town Center on Main Park and the soon to be constructed Gwinnett County Fire Station #13, Main Street will need to be realigned. The proposed road realignment will include shifting the road to go thru the new park and exiting onto Suwanee Dam Road at an existing traffic signal. Realigning Main Street will allow the median break at Main Street and Suwanee Dam Road near the railroad crossing to be closed. This will improve the safety and flow of traffic on Suwanee Dam Road.

# DOWNTOWN DEVELOPMENT AUTHORITY

The Downtown Development Authority of Suwanee is a legally separate entity. The Authority's budget is approved by the City Council and has been included for informational purposes.

## Statement of Service

The purpose of Suwanee's Downtown Development Authority (DDA) is to revitalize, create, historically preserve, and maintain downtown Suwanee so that it is a symbol of community pride, making it the heart of the City, and a visible example of why Suwanee is a great place to live, work, play, invest, and do business.

Daily administrative operations of the DDA is funded in function 7520 Downtown Suwanee in the General fund.

## Vision Statement

To create and sustain a vibrant downtown in the heart of Suwanee

## Mission Statement

To strengthen the economic viability of downtown Suwanee through economic development, aesthetic improvements, historic preservation, and promotion and image-building efforts.

## Revenue Assumptions

### INVESTMENT INCOME

**Definition:** Investment income includes revenue from investment of fund equity and the interest portion of monthly lease payments.

**Assumptions:** Revenues are based on projected rates of return on invested funds in conjunction with current economic indicators.

### RENTAL INCOME

**Definition:** Rental incomes include rents received from tenants at the renovated old fire station (Still Fire) and the commercial retail spaces located on Buford Highway.

**Assumptions:** Revenue estimates are based on current lease terms.

### OTHER FINANCING SOURCES

**Definition:** Other financing sources include budgeted fund balance from prior period resources that will be used in fiscal year 2023 budget.

**Assumptions:** Budgeted fund balance includes resources received from the City to renovate Pierce's Corner that will be expended in the current fiscal year.

The Short-Term Work Program (STWP) is a key implementation tool that outlines the City's goals over the next five years and the strategies to achieve them. The STWP is reviewed, updated, and re-adopted annually. The STWP is on a calendar year schedule.

# SHORT-TERM WORK PROGRAM

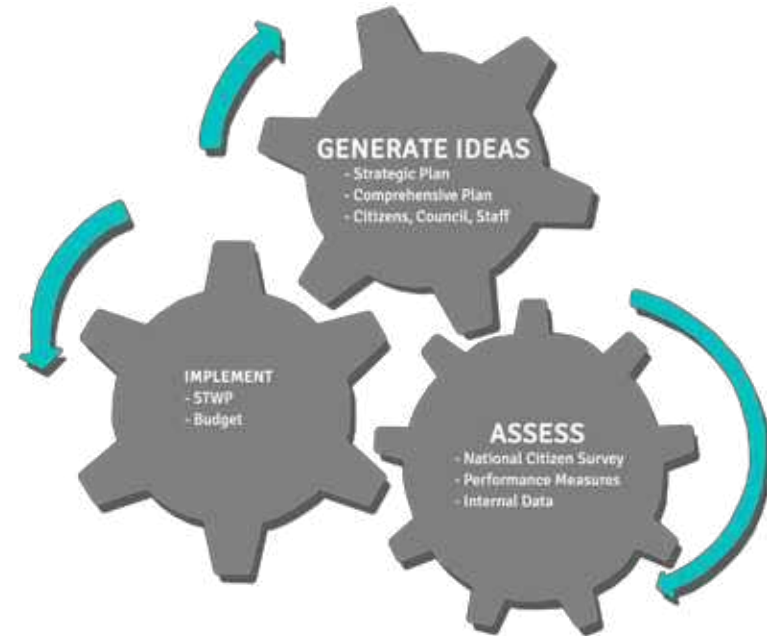

## What is the STWP?

The City of Suwanee's Short Term Work Program (STWP) is a five-year plan of actions that the City intends to complete in order to address identified needs and goals. Suwanee's STWP serves as an important implementation tool that allows both City Council and staff to balance and prioritize upcoming projects, to budget effectively for needs, and to identify key measures of success to assess the City's performance on the Program. For citizens, the STWP offers a look ahead at projects and programs the City intends to implement, needed resources, who will be involved in implementing the projects, etc.

The STWP is important not only because it defines the City's goals for the next five years, but also because it plays an important role in budget development. With that being said, the **STWP is a planning document** – it is **not a budget document**. It is a tool used to help develop projects and information for budgets, but is itself only one component. Any and all cost figures in the STWP are estimates only.

It is important to note that it is a document that is always subject to change, as new or different circumstances arise. A project's inclusion on the STWP does not automatically guarantee that it will be undertaken. Nor does exclusion from the STWP necessarily mean the City won't later decide to pursue a project. Many STWP items are exploratory in nature only and subsequent evaluation will determine that, for various reasons, some projects will either be modified or not even advanced at all.

Unlike the budget, which is implemented throughout a fiscal year beginning on July 1 of each year, the STWP is tied to the calendar year. Therefore, projects listed for 2022 would be between January 1 and December 31, 2022.

## Development of the STWP

The STWP is updated annually – removing the prior year's projects and adding a new 5th year. This year's plan represents projects for calendar years 2020 to 2024. Each project is reviewed annually to see if it has been completed and no longer needs to be on the STWP, if it has been delayed and needs a schedule adjustment, or if it is no longer a relevant project and should be removed altogether. As projects are completed each year, new projects are added to the STWP.

Discussion and review of the STWP occurs throughout the year and is typically memorialized at the City Council's annual work retreat, held at the beginning of each calendar year. This is an important process that drives a large portion of the retreat. Upon returning from the retreat, staff makes the necessary revisions and additions and submits the STWP to the Council for consideration and adoption. The formal vote by Council normally takes place 1-2 months following the Council work retreat.

## Organization of the STWP

The STWP is organized in the following way:

- **Strategy:** The first column on the STWP is entitled Strategy and offers a name and brief description of each project/item.
- **Schedule:** The next section is broken down into 5 columns, each representing one of the five years in the STWP. The anticipated completion dates for STWP projects are subject to change depending on workload, priorities, funding, etc.
- **Responsibility:** This section defines which group has responsibility for implementing the associated project. As this is Suwanee's STWP, the City clearly has a large role and is identified as a responsible party in each of the projects. However, project implementation often requires a cooperative partnership between two or more parties. For example, projects planned for Downtown Suwanee often require a partnership with the Downtown Development Authority (DDA); in these cases, the DDA will be included as a responsible party.
- **Estimated Cost:** Strategies and projects in the STWP may require anywhere from some staff time, at a minimum, to the range of millions of dollars. For the purposes of comparing projects and establishing priorities, it is important to have some idea of what the project might cost or how much the City is willing to allocate toward it. The **STWP is not a financial document and estimated costs should not be interpreted as a budget for each of the specific projects.** Estimated costs are for long-range planning and goal-setting only. Specific budgets are developed for the projects (if necessary) as a part of the City's annual fiscal budget. Please also note, the STWP is prepared at the conclusion of the City Council's annual planning retreat and adopted before development of the next fiscal year budget. With that in mind, cost estimates for STWP projects may change during budget development and there may be inconsistency between the STWP and the budget or CIP.
- **Funding Source:** This section projects how the City plans to fund each project. As the City has primary responsibility for the projects, local funds are used for the majority of the STWP. Local funds typically include the City's annual operating budget or capital funds. If the City plans to seek grant money for a project, designated sources may include County and/or State sources. SPLOST (Special Purpose Local Option Sales Tax) and other capital sources play a large role in funding capital projects.

- **Success Measure:** The final section lists a project-specific measure that will allow the City to evaluate its performance and determine if a project has been completed, or, in the case of on-going projects, if progress is still being made. These measures are tracked and identified in the annual Report of Accomplishments, which is a review of progress for the prior year.

## What are all those acronyms?

The STWP document includes a number of acronyms. The following list is provided to assist in understanding these acronyms:

- CALEA:** Commission on Accreditation for Law Enforcement Agencies

## The STWP is not...

Suwanee has an excellent track record of accomplishing its STWP projects. However, the STWP should not be viewed as a guarantee that each of the projects will be accomplished or that the scope won't change. Projects can and will change, especially projects that are proposed further out in the STWP timeframe. Scopes change. Priorities change. As such, the Council annually revisits each item on the STWP to assess scale, scope, feasibility, relevance, and appropriateness. With this in mind, the City views the STWP as a flexible document that can be revised, as appropriate.

Again, the **STWP is not a financial document**. While there are estimated costs assigned to each project, these are estimates only and are generated purely for the purpose of comparing projects and establishing priorities. In some cases, the estimate may not reflect the full project cost, but rather what the City is willing to financially commit to it. The project estimates may change over time, particularly for longer-range projects. When it is time to fully implement a listed project, a specific project budget will be developed and outlined in the annual fiscal budget, if necessary.

In terms of responsibility, the STWP does not contain commitments from any group other than the City. When other groups are listed in this section, it is because the City intends to solicit their help.

The STWP is not a comprehensive list of all work that is being undertaken by the City. The staff carries out many day-to-day operating functions that are not included on the STWP. For more in-depth information on other functions, the annual budget includes department goals, performance measures, and other data.

The STWP is not a land-use planning document. This may be the case for the STWP of other Georgia municipalities, since a STWP is a required element for a community's Comprehensive Plan. Suwanee's STWP was initially developed for such reasons...to "check the box" when seeking approval from the Department of Community Affairs (DCA) for the City's Comprehensive Plan. Suwanee's STWP continues to serve as this required element of the Comprehensive Plan, but over time, has developed into an important tactical implementation plan for helping the City achieve its strategic goals.

# STRATEGIC PLAN

The Strategic Plan was adopted by Council in 2012. Broadly speaking, planning is a way to guide investment, development and allocation of services in a community. But cities are complicated places and often require a number of different plans to set a course for the future.

Thus, most cities have transportation plans, for instance, that look specifically at ways to better manage traffic or make it safer to walk or bike. Suwanee has one such transportation plan in place, updated in 2011. Other plans, like Comprehensive Plans, are required by State law and intended as a land use tool. Suwanee's 2030 Comprehensive Plan does just that. Completed in 2008, it identifies the physical opportunities and challenges facing Suwanee and makes recommendations for new development that reflect local values.

A strategic plan is a different kind of document. In a typical comprehensive plan, squarely focused on the task of managing growth, it is difficult to adequately address the critical programs and services that help define a place, its people, and the quality of life they enjoy – aspects of community life like the arts, youth services, or public safety to name a few.

Simply put, Suwanee has a legacy of effective planning, but until now have not had the important conversations about who we are and what binds us together as a community. The City of Suwanee 10-Year Strategic Plan, known as the 20/20 Vision, is intended to look beyond physical planning and discuss what makes Suwanee, well, Suwanee. The feedback and ideas submitted by the committed residents who have devoted so much time to this process have yielded a clear vision, and a set of goals and guidelines for the City to follow to achieve this vision.

## THE 20/20 VISION

Suwanee is a diverse and forward-looking community actively engaged in shaping its own future. The people of Suwanee are working to capitalize on the qualities and values that have made it a successful and distinctive community.

### SUWANEE OF 2020 IS....

**WELCOMING:** A place that everyone of all ages, cultures, and backgrounds can call home.

**COMMUNITY-FOCUSED:** A unique combination of safe, friendly neighborhoods with excellent open spaces and environmental preservation, award-winning schools, and City amenities.

**VIBRANT:** A center for arts, education, culture, and events with strong commerce and employment.

**BALANCED:** A well-rounded community where development is a complementary mix of housing, businesses, parks, and recreation facilities that are designed to harmonize people and nature, old and new.

**CONNECTED:** A community where people come together across generations and cultures and are connected to the places where they live, work, and play.

**FORWARD-THINKING:** Proactive and accessible leadership that has cultivated a strong reputation for doing things differently and created a distinctive, easily recognizable brand and image.

**ENGAGED:** A place where all citizens have a voice and are active partners in guiding the future of the City.

**COMMUNICATIONS & ENGAGEMENT: HOW WE CONNECT**

Suwanee’s approach to communications is one that values its citizen’s opinions, whatever they may be, and encourages citizens to be involved in a very hands-on way. The City realizes that communication is a two-way opportunity; it provides various means through which citizens may provide feedback, request services, make comments, and share information. In addition to informing and engaging citizens, Suwanee’s communications materials also promote and reinforce the City’s reputation as a regional role model; they position and protect the Suwanee “brand.”

20/20 Vision participants rated communications as a high priority, with the understanding that while it was already one of the City’s strengths, it was important enough to be one of the seven driving principles in the strategic plan. Why does this matter? **SUWANEE WANTS TO BE ENGAGED.**

**WHAT HAVE WE DONE TO BETTER CONNECT & ENGAGE SUWANEE?**

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Communications and Engagement:

**• CREATE OPPORTUNITIES FOR EVERYONE TO PARTICIPATE**

- The City Council attends a minimum of one HOA/PACT meeting per year.
- The Citizens Police Academy has been expanded to include a “City Hall” section.
- Created a volunteer brochure and section on the website.

**• ENCOURAGE YOUTH INVOLVEMENT**

- Suwanee Youth Leaders (SYL) launched in 2014 with over 60 participants annually.
- SYL provides year-round volunteer opportunities.
- The City has partnered with many Scouts for projects in the park.
- Created a SculpTour “passport” to encourage youth involvement in public art.

**• PROMOTE THE SUWANEE BRAND**

- The City’s website was overhauled in 2018.
- Various Suwanee “swag” products have been produced and sold through the welcome center.
- Partnered with Peter Kageyama for the 2015 “For the Love of Suwanee” campaign.
- Installed new wayfinding signage throughout Suwanee.
- Gave the I-85 bridge a facelift with new branding of the Suwanee logo.

**• EMBRACE NEW ENGAGEMENT TECHNIQUES & AUDIENCES**

- Suwanee currently has nearly 21,000 Facebook likes, a nearly threefold increase since 2012.
- The City launched an Instagram account, which has over 4,000 followers.
- Twitter is another social media platform for the City, with over 7,600 followers.
- The City launched the Go! Suwanee app in 2013 and then retired it in 2018 when technology shifted.
- Added free public WiFi to Town Center.

**• SHARE INFORMATION EFFECTIVELY & REGULARLY**

- 89% of citizens use suwanee.com as a source of information on Suwanee (2017 NCS).
- 44% of citizens consider the Connects newsletter their preferred source for information about the City and its activities, events, and services; Connects was rated higher than any other source of information (2017 NCS).
- Expanded social media coverage of public safety services, including the 2019 #OfficeronaShelf campaign.

## HOW ARE WE DOING AT CONNECTING SUWANEE?

Citizen surveys and benchmark data indicate that, overall, residents are satisfied with the job Suwanee is doing at engaging the community and sharing information. In the 2017 National Citizen Survey (NCS), Suwanee residents not only give the City overwhelmingly positive ratings for the quality of these services, but also rank the City higher than the national benchmarks. Our residents rated the following communications and engagement services as excellent or good in the most recent survey:

- Social events and activities (86% positive)
- Public information services (83% positive)
- Volunteer opportunities (82% positive)
- Sense of community (81% positive)
- The job the City does at welcoming citizen involvement (80% positive)
- Community openness and acceptance (80% positive)

Our residents aren't the only ones taking notice of our work in this area. The City has won numerous awards for its efforts at connecting and engaging the community since the 20/20 Vision plan was adopted. Here are some of those awards:

- Best Volunteers – Bronze, for Suwanee Youth Leaders, Southeast Festivals & Events Association (2018)
- Downtown Excellence Award; Volunteers – Georgia Downtown Association (2018)
- Voice of the People Award; Community Engagement – International City/County Management Association and National Research Center (2018, 2015)
- 3CMA Savvy Award – Annual Report (2018)
- Silver W3 Award; Video Features – Use of Interactive Video – Police Lip Sync Challenge Video (2018)
- Davey Awards; Copywriting for Design/Print – 2016 Annual Report (2018)
- 3CMA Award of Excellence Printed Publications – External Publications for Connects newsletter (2014)

COMMUNICATIONS AND ENGAGEMENT: HOW WE CONNECT	CURRENT STATUS
<b>Goal 1: CREATE OPPORTUNITIES FOR EVERYONE TO PARTICIPATE</b>	
Use a liaison to work with ethnic communities	The police and events staff have formed partnerships with ethnic communities.
Encourage greater participation of ethnic communities on Boards and Commissions	No formal action to date, but community members of all backgrounds are encouraged to join boards, commissions, and other groups.
Prepare a comprehensive communications plan that includes City departments	The City strategically structures its communications to highlight relevant information from all departments, but does not have a formal plan.
Communicate with homeowners associations	Council attends a minimum of one HOA/PACT meeting per year.
Consider creating a Citizen's College	Incorporated a "City Hall" section into the Citizens Police Academy; created SYL.
<b>Goal 2: ENCOURAGE YOUTH INVOLVEMENT</b>	
Provide youth volunteer programs	SYL provides year-round volunteer programs, in addition to opportunities for Scout projects in the parks.
Organize a Youth Council / Youth Advisory Board	Suwanee Youth Leaders program launched in 2014.
Organize school meet and greets	Action item for others to lead; SYL brings high schoolers from all Suwanee clusters together.
Create a formal internship program	A formal program has not been created, however the City regularly hosts interns in various departments.
<b>Goal 3: PROMOTE THE SUWANEE BRAND</b>	
Market quality of life and amenities to attract workers, businesses, new residents	Launched "For the Love of Suwanee" campaign with Peter Kageyama in 2015. New website was designed in a way to better market the City in these areas.
Publicize through national media	The City seeks appropriate opportunities for a national audience.
Create distinctive Suwanee products	Suwanee website was overhauled in 2018. Created swag products for welcome center - mugs, public art shirts, etc.

**ECONOMIC DEVELOPMENT: HOW WE PROSPER**

Suwanee’s economic development approach focuses on two key areas: business recruitment/retention and quality of life initiatives. The city primarily concentrates on quality of life initiatives while participating in the Partnership Gwinnett as our principal external arm for business recruitment and retention. This allows the city to localize efforts and make Suwanee attractive to businesses, employers and employees.

Small businesses are an important economic engine for the city, with 75% of all Suwanee businesses considered small businesses, employing five or fewer people.

20/20 Vision participants rated economic development as the chief priority for the City’s focus, understanding the need for Suwanee to attract diverse and high-quality commercial development, strengthen local businesses, and recruit job-creating businesses that generate revenue and ensure the future of Suwanee.

Why does this matter? **SUWANEЕ WANTS TO BE VIBRANT.**

**WHAT HAVE WE DONE TO HELP SUWANEЕ BE PROSPEROUS & VIBRANT?**

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Economic Development:

**• FOCUS ON QUALITY OF LIFE**

- The City has continued funding budget items dedicated to quality of life, including Town Center on Main, the Orchard, support for public art, and similar.
- The City hosts over 40 special events annually.

**• COMPETE FOR THE FUTURE**

- The City actively supports Partnership Gwinnett activities as our primary traditional economic development recruiting organization.

**• BECOME A JOBS CENTER**

- The City submitted a response to Amazon’s RFP.
- Over 1,500 businesses are licensed in Suwanee.
- Nearly 13,000 people are employed by Suwanee businesses.

**• RECRUIT & DEVELOP A DIVERSE, HIGH-QUALITY COMMERCIAL BASE**

- Several medical service providers have developed and opened since 2012 including Salude (transitional care and rehabilitation facility) and Heartis Senior Living. Another assisted living facility is currently under development at McGinnis Ferry Rd. and Buford Hwy.
- Overhauled alcohol beverage ordinance in 2018 to encourage independent breweries, distilleries, and similar.
- Farmers Market has been expanded throughout the winter (one Saturday a month).
- DDA has partnered with Solis to provide commercial spaces in Town Center.

**• ATTRACT & RETAIN KNOWLEDGE WORKERS**

- Partnered with Geek Space Gwinnett to locate a “maker space” in Suwanee.
- Host many annual events targeted toward this population – Beerfest, Wine Fest, Food Truck Fridays, multiple races, etc.
- New apartment communities at Town Center and Suwanee Gateway have attracted this population.

**• HELP SMALL BUSINESSES THRIVE**

- Business Services has revamped permitting/reporting processes related to business licenses and online excise tax reporting to provide assistance to small businesses.
- Suwanee Business Alliance remains active; City provides ongoing support, as needed.

## HOW ARE WE DOING AT MAKING SUWANEE PROSPEROUS & VIBRANT?

Citizen surveys and benchmark data indicate that, overall, residents are satisfied with the job Suwanee is doing at engaging the community and sharing information. In the 2017 National Citizen Survey (NCS), Suwanee residents not only gave the City consistently positive ratings for the quality of these services, but also rank the City higher than the national benchmarks on many as well. Our residents rated the following economic development services as excellent or good in the most recent survey:

- Overall quality of life (92% positive)
- Overall economic health (86% positive)
- Economic development services (83% positive)
- Business and services (78% positive)
- Health care services (75% positive)
- Place to work (72% positive)
- Employment opportunities (53% positive)

Our residents aren't the only ones taking notice of our work in this area. The City has won numerous awards for its efforts in economic development since the 20/20 Vision plan was adopted. Here are some of those awards:

- Main Street Across America – Town Center Avenue, National Life Group (2017)
- IMPACT Hospitality Award – Gwinnett Chamber (2017)
- #3 on the list of Most Successful Cities in Georgia - Zippia (2017)
- 100 Most Genius Places in America list, Time magazine (2017 & 2016)
- Named Georgia's eCity by Google, recognizing Suwanee for having the strongest online business community in the state (2014)
- One of three "Best Small Cities to Raise a Family," RealEstate.com (2014)
- Ranked #33 on Money magazine's list of Best Places to Live 2013

**PUBLIC SAFETY: WHAT PROVIDES US COMFORT**

Suwanee has a reputation as being one of the safest communities in the region. The crime rate in Suwanee is generally very low. The City uses two main tactics in its policing approach: community policing and high police visibility. The City has numerous ongoing programs to support and implement community policing and uses a combination of personnel and technology to deter crime through strategic and targeted police visibility efforts.

20/20 Vision participants gave Suwanee’s police force high marks for being responsive and citizens fully appreciate the high visibility approach the City has taken. Residents value friendly and engaging police officers with community ties. Having a strong police presence improves quality of life, which is good for attracting and retaining residents and businesses. Why does this matter? **SUWANEЕ WANTS TO BE SAFE.**

**WHAT HAVE WE DONE TO HELP SUWANEЕ BE A SAFE COMMUNITY?**

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Public Safety:

**• PARTNER WITH THE COMMUNITY**

- Offer internship program with Duluth High School and the University of North Georgia.
- All Suwanee neighborhoods participate in the PACT program.
- Host regular community-building events, such as Pizza with Police and Coffee with a Cop.
- Suwanee operates a police training center which provides officers access to ongoing, high-quality training and also serves as a regional training facility for other public safety personnel.

**• EDUCATE & ENGAGE THE COMMUNITY**

- Support youth through the Police Explorers program, with 20 active participants in 2019.
- Host two Citizens Police Academy sessions annually, with an average of 20 graduates each time.
- The police have offered targeted educational campaigns through social media and other platforms, including the recent “porch pirates” video in the 2019 holiday season.

**• USE TARGETED POLICE VISIBILITY EFFORTS**

- Participated in 2019 Operation PURGE by the Gwinnett County Sheriff’s Office for a warrant sweep which resulted in drug seizures and arrests.
- Participated in the 2019 Internet Crimes Against Children (ICAC) Operation Southern Impact which resulted in numerous arrests for child pornography throughout the City of Suwanee and Gwinnett County.
- The City’s substation and training center is strategically located at the I-85 interchange.
- The police provide high-visibility efforts through a combination of directed patrols, safety road checks, a speed trailer, and stationary radar signs.

**• EMBRACE NEW TECHNOLOGIES**

- Partner with Specialized Response Team (SRT) and provide equipment to support their needs
- Ongoing deployment of additional AED’s to assist community members in life saving situations.
- Suwanee purchased and equipped a Crime Scene van.

## HOW ARE WE DOING AT KEEPING SUWANEE SAFE?

We're proud that Suwanee's police force is not only certified by the State of Georgia, but is also nationally accredited through CALEA. Both of these professional accreditations are external confirmation of Suwanee's excellence in providing public safety services.

Citizen surveys and benchmark data indicate that, overall, residents are highly satisfied with the job Suwanee is doing at keeping the community safe. In the 2017 National Citizen Survey (NCS), Suwanee residents not only gave the City consistently positive ratings for the quality of these services, but also rank the City higher than the national benchmarks. Our residents rated the following public safety services as excellent or good in the most recent survey:

- Safe in neighborhood (98% positive)
- Safe downtown/commercial area (97% positive)
- Overall feeling of safety (96% positive)
- Were NOT the victim of a crime (93% positive)
- Police services (90% positive)
- Crime prevention (85% positive)

Further, when surveying residents who have moved to Suwanee since 2012, 91% of respondents indicated that the City's police/public safety services were "essential" or "very important" in their decision to select Suwanee as a place to live.

Our residents aren't the only ones taking notice of our work in this area. The City has won numerous awards for its efforts at in public safety since the 20/20 Vision plan was adopted. Here are some of those awards:

- Safest Cities in Georgia - #15, BackgroundChecks.org (2019)
- Georgia Outstanding Chief of the Year - Mike Jones, Georgia Association of Chiefs of Police (2018)
- Davey Awards (multiple) - Police Lip Sync Challenge Video (2018)
- Program of the Year - HOPE Court, Georgia Municipal Court Clerks' Council (2017)
- Phyllis Goodwin Police Agency of the Year, Georgia Chapter of the FBI National Academy Associates (2016)

PUBLIC SAFETY: WHAT PROVIDES US COMFORT	CURRENT STATUS
<b>Goal 1: PARTNER WITH THE COMMUNITY</b>	
Expand community-oriented policing where possible	The police have strategically expanded community-oriented policing, particularly with public information efforts and community events like Coffee with a Cop, Pizza with Police, and the lip sync vides. Additionally, the City Council members have joined on PACT meeting annually.
<b>Goal 2: EDUCATE &amp; ENGAGE THE COMMUNITY</b>	
Promote and expand existing programs	Currently offer Citizens Police Academy, PACT program, PRIDE classes, Park Ambassadors, and others.
<b>Goal 3: USE TARGETED POLICE VISIBILITY EFFORTS</b>	
Finish the police training center/substation at I-85	Completed.
Use available officers strategically	Joined Mobile Field Force Unit.
Continue high-visibility efforts along Lawrenceville-Suwanee Road	Efforts have continued through a combination of directed patrols (including safety road checks) in addition to the speed trailer and stationary radar signs.
<b>Goal 4: EMBRACE NEW TECHNOLOGIES</b>	
Maximize the use of the training center	The training center is used extensively for both Suwanee staff as well as a regional training facility for other public safety personnel.
Use technology for effective policing	Crime Scene Van purchased and equipped; updated radio communications equipment.
Expand the use of mapping technology to track criminal activity	The police have transitioned from UCR to NIBRS which provides for expanded data collection of criminal activity.
Follow your PACT officer @ Twitter	No action to date; Twitter is not currently the City's main social media platform.

## PLANNING: HOW WE GROW

The fruits of Suwanee’s proactive planning have been impressive: the extensive parks and greenway system; the well-loved and well-used Town Center Park; new traditional, walkable neighborhoods; and mixed-use development. These assets help shape the City’s identity and image throughout the region.

20/20 Vision participants were keenly interested in how Suwanee would balance growth and infrastructure, deal with vacancies and stalled developments, build upon the success of Town Center, and most importantly, transform Suwanee Gateway. Why does this matter? **SUWANEЕ WANTS TO BE PROACTIVE.**

## WHAT HAVE WE DONE TO HELP SUWANEЕ GROW PROACTIVELY?

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Planning:

### • TRANSFORM SUWANEЕ GATEWAY

- Main Event and Movie Tavern have both opened and offer entertainment options.
- The City completed landscape enhancements at the I-85 interchange and replaced the fencing along the bridge. The bridge was enhanced with Suwanee “S” medallions and new lighting.
- Multiple eye-catching pieces of public art have been installed by private developers in addition the the Police Training Center.
- The City continues to hold the former Hotel May Queen property for a transformative redevelopment opportunity.

### • INVEST IN DOWNTOWN SUWANEЕ’S FUTURE

- The Buford Highway reconstruction is substantially underway, with targeted completion in 2021.
- The \$75 million Solis project opened in 2019 with retail, townhomes, and apartments. The City partnered with this project to construct a parking deck to serve Town Center.
- A \$3.7 million renovation and addition to the Municipal Court is underway.
- Construction is underway to repurpose Pierce’s Corner for a restaurant.

### • BALANCE GROWTH

- All previously stalled subdivisions are either now complete or have active construction.
- The Comprehensive Plan was updated in 2018, which evaluated needs across the City.
- Annexation has been analyzed in the Suwanee Gateway, but there was consensus not to pursue action.

### • ENSURE LIFETIME HOUSING

- Heartis Senior Living opened in 2019 with 157,000 SF of senior independent living, assisted living, and memory care.
- Council also rezoned land for another assisted living at McGinnis Ferry Road and Buford Highway.
- Through rezonings and the 2040 Comprehensive Plan, the City has promoted a variety of housing and development types - single family traditional, single family cottages, townhomes, condos, apartments, mixed use.

### • GROW GREENER & CONSERVE RESOURCES

- The City installed two electric vehicle charging stations in Town Center.
- Sewer has been expanded in various areas in Old Town.

## HOW ARE WE DOING AT GROWING SUWANEE PROACTIVELY?

Citizen surveys and benchmark data indicate that, overall, residents are highly satisfied with the way that Suwanee is growing. In the 2017 National Citizen Survey (NCS), Suwanee residents not only gave the City consistently positive ratings for the quality of these services, but also rank the City higher than the national benchmarks. Our residents rated the following as excellent or good in the most recent survey:

- Overall image (96% positive)
- Place to raise children (95% positive)
- Overall natural environment (94% positive)
- Neighborhood (94% positive)
- Overall appearance (94% positive)
- Plan to remain in Suwanee (89% positive)
- New development in Suwanee (82% positive)
- Land use, planning, and zoning services (81% positive)
- Vibrant downtown/commercial area (80% positive)
- Overall built environment (80% positive)
- Code enforcement services (76% positive)
- Housing options (75% positive)
- Place to retire (75% positive)

Further, when surveying residents who have moved to Suwanee since 2012, 88% of respondents indicated that the quality of housing was “essential” or “very important” in their decision to select Suwanee as a place to live, while 85% said the same for the community’s appearance.

Our residents aren’t the only ones taking notice of our work in this area. The City has won numerous awards for its efforts in planning since the 20/20 Vision plan was adopted. Here are some of those awards:

- Best Cities to Live in Georgia – #10, Chamber of Commerce (2019)

## COMMUNITY CULTURE: WHAT MAKES US INTERESTING

Suwanee values a rich cultural life; it is part of what makes Suwanee attractive to residents and businesses. Therefore, the City’s support for arts and culture is aimed at creating a place and a vibe that is conducive to both economic and community development. Suwanee believes it can and should be a model community. A key factor in taking Suwanee to that next level, in achieving that kind of quality of life, is a commitment to the arts. The City’s focus is on public art, specifically.

The population of Suwanee has a healthy appetite for arts, culture and events. 20/20 Vision participants were supportive of the City’s approach to the arts and very enthusiastic about the many events on tap. Why does this matter? **SUWANEE WANTS TO BE UNIQUE.**

## WHAT HAVE WE DONE TO KEEP SUWANEE INTERESTING & UNIQUE?

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Community Culture:

### • OFFER A WIDE & DIVERSE ARRAY OF LOCAL EVENTS

- The City hosts over 40 public events annually.
- NGAA hosts an annual arts festival, which was recently expanded to a two-day Fine Arts Festival.
- SYL volunteers help incorporate teen-friendly themes into Food Truck Fridays and other events.
- The City partners with Explore Gwinnett to celebrate arts and culture.
- The City launched Summer Porch Jam in 2018 to celebrate local music in Old Town.

### • CAPITALIZE ON THE CITY’S RICH CULTURAL ASSETS

- The City partners with Suwanee Performing Arts to annually host Broadway in the Park.
- The Glow in the Park lantern parade was launched in 2018, which includes lantern-making workshops for the community leading up to the event.
- The City has partnered with the Aurora Theater on events.

### • MAKE PUBLIC ART THE CITY’S ARTS NICHE

- The 6th SculptTour exhibit is currently on display.
- The City now has 20 pieces of public art in its permanent collection.
- Local businesses have installed 24 public art pieces; the City contracts with a public art expertise to assist with selecting and locating these pieces into development projects.
- A capital campaign is currently underway to fund an iconic public art piece in Town Center on Main.
- The City developed and adopted a public art master plan in 2018.

### • FOSTER LOCAL ARTS PROGRAMS & VENUES

- The City partners with NGAA to provide a welcome center and studio/sales space for local artists.
- The City has hosted various temporary arts exhibits – Hans Frabel, street piano, Tic-Tac-Toe bench.
- The City hosted a Guess Who’s Coming to Cocktails event to target local supporters of the arts.
- Arts curriculum is being maintained in Suwanee cluster schools.

## HOW ARE WE DOING AT KEEPING SUWANEE INTERESTING & UNIQUE?

Citizen surveys and benchmark data indicate that, overall, residents are highly satisfied with the way that Suwanee is maintaining its interesting and unique character and vibe. In the 2017 National Citizen Survey (NCS), Suwanee residents give positive ratings for the quality of these services and also rank the City higher than the national benchmarks for many indicators. Our residents rated the following as excellent or good in the most recent survey:

- Special events (91% positive)
- Social events and activities (86% positive)
- Cultural/arts/music activities (79% positive)
- Attended a City-sponsored event (72% positive)

Further, when surveying residents who have moved to Suwanee since 2012, 84% of respondents indicated that the Suwanee's overall feel/vibe was "essential" or "very important" in their decision to select Suwanee as a place to live, while 63% said the same for the public events and festivals.

Our residents aren't the only ones taking notice of our work in this area. The City has won numerous awards for its efforts in promoting community culture since the 20/20 Vision plan was adopted. Here are some of those awards:

- **Best New Event & Best Creative Idea, Silver**, for Summer Porch Jam, Southeast Festivals & Events Association (SFEA) (2019)

## PARKS + OPEN SPACE: HOW WE PLAY

Since active recreational space needs are being met through non-City facilities, Suwanee has focused on building passive parks over the past two decades. Suwanee's efforts have paid off and 20/20 Vision participants overwhelmingly noted that their favorite places in the city are the parks and greenspace networks.

Now that the City has succeeded in developing its extensive parks system, the City's focus is to keep the parks in excellent condition, make connections between them and the trail network, and enhance the parks. Aside from being a huge part of why Suwanee's residents enjoy such a high quality of life, the parks are also an example of the City's commitment to environmental preservation and demonstrates its philosophy of responsible development.

Why does this matter? **SUWANEE WANTS TO BE GREEN.**

## WHAT HAVE WE DONE TO HELP SUWANEE PLAY & BE GREEN?

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Parks and Open Space:

- **VALUE PASSIVE RECREATION**

- The City funded construction of Orchard at White Street Park which opened in 2017.
- Trek or Treat is hosted annually in Sims Lake Park.
- The annual Art on a Limb month-long event continues in the parks and on the trails.

- **PRIORITIZE EXISTING PARKS**

- The City constructed a dock at Sims Lake Park.
- Harvest Farm continues to reach 100% capacity each year. The Managing Board has plans for continuing to expand the garden and its activities.

- **ENSURE THE PARKS & TRAILS ARE SAFE**

- The City hosts multiple races each year and Big Peach Running Company hosts two evening races each week on the trails.
- Video surveillance has been added to multiple parks for enhanced security.
- The City refurbished the acrylic vinyl trail marker signs along Suwanee Creek Greenway.
- The City implemented an annual mosquito control program in the parks.

- **EXPAND THE PARK CONNECTIONS & TRAIL NETWORK**

- The Brushy Creek Greenway opened and connects to Stonecypther Road.

- **CONTINUE TO PROGRAM TOWN CENTER PARK AS SUWANEE'S FRONT PORCH**

- Active play space is being incorporated into Town Center on Main.

## HOW ARE WE DOING AT HELPING SUWANEE PLAY & BE GREEN?

Citizen surveys and benchmark data indicate that, overall, residents are highly satisfied with the way that Suwanee is maintaining and expanding its parks and greenspace network, as well as finding opportunities for environmental preservation. In the 2017 National Citizen Survey (NCS), Suwanee residents give positive ratings for the quality of these services and also rank the City higher than the national benchmarks for many indicators. Our residents rated the following as excellent or good in the most recent survey:

- Visited a City park (98% positive)
- City parks (97% positive)
- Overall natural environment (94% positive)
- Recreational opportunities (86% positive)
- Paths and walking trails (86% positive)
- Open space (84% positive)
- Natural areas preservation (80% positive)

Further, when surveying residents who have moved to Suwanee since 2012, 80% of respondents indicated that the Suwanee's park system was "essential" or "very important" in their decision to select Suwanee as a place to live, while 67% said the same for the trail system and 66% for Town Center Park specifically.

Our residents aren't the only ones taking notice of our work in this area.

The City has won numerous awards for its efforts in promoting community culture since the 20/20 Vision plan was adopted. Here are some of those awards:

- Outstanding New Initiative - The Orchard at White Street, Georgia Urban Forestry Council (2017)
- Community Beautification Award - The Orchard at White Street, Keep Georgia Beautiful (2017)
- Best of Family Fun Winner - Best Playground for PlayTown Suwanee, by Atlanta Parent magazine (2017)
- Voice of the People Award for Excellence in Recreation and Wellness from the International City/County Management Association and National Research Center (2015)
- Voice of the People Award for Excellence Parks from the International City/County Management Association and National Research Center (2013)

PARKS & OPEN SPACE: HOW WE PLAY	CURRENT STATUS
<b>Goal 1: VALUE PASSIVE RECREATION</b>	
Target funding for passive open spaces	City funded construction of Orchard at White Street Park which opened in 2017.
Encourage residents to explore passive open spaces with new events	Trek or Treat relocated to Sims Lake Park; annual Art on a Limb month-long event continues in parks and on trails.
<b>Goal 2: PRIORITIZE EXISTING PARKS</b>	
Add amenities and enhancements to parks	Dock constructed at Sims Lake Park.
Add a separate bike trail to the greenway	No action to date.
Improve the parks for runners	No formal action to date, but City hosts multiple races each year on the trails. Big Peach Running Company hosts two evening races each week on the trails.
Expand community gardening	Harvest Farm continues to reach 100% capacity each year. The Managing Board plans to explore the possibility of installing larger-scale plots in the expansion area of the garden.
Explore the construction of a dog park	A dog park was considered in the master plan for Town Center on Main, but did not make the final design.
<b>Goal 3: ENSURE THE PARKS AND TRAILS ARE SAFE</b>	
Add caution signs on trails	No action to date; lead by others.
Have an enhanced presence on trails	Ongoing, as needed.
Add video surveillance to local parks	This has been completed and will be improved in 2019.
Improve the maintainance of parks and trails	Refurbished acrylic vinyl trail marker signs along Suwanee Creek Greenway. Implemented annual mosquito control program with distribution of larvicides briquettes to catch basins and parks.
<b>Goal 4: EXPAND THE PARK CONNECTIONS &amp; TRAIL NETWORK</b>	
Extend the Suwanee Creek Greenway from Suwanee Creek Park to Peachtree Ridge Park	Long range project; no action to date.
Plan ahead for new trails	Ongoing, as opportunities arise. The Brushy Creek Greenway has opened and connects to Stonecypher Road.
Organize a walking group to George Pierce Park senior center	No action to date; lead by others.
<b>Goal 5: CONTINUE TO PROGRAM TOWN CENTER AS SUWANEE'S FRONT PORCH</b>	
Expand active play space in Town Center Park	Active play space is being incorporated into Town Center on Main.
Explore the possibility of a Teen Center	Long-range project by others; no action to date.

## TRANSPORTATION: HOW WE MOVE

The City’s local transportation actions can be summarized in four primary focus areas: 1) connectivity; 2) safety; 3) maintenance; and 4) alternative transportation. The City’s role is not to create large, multi-lane highways crisscrossing Suwanee. Rather, the City’s efforts are primarily focused on alternatively (i.e. other than roads) connecting destinations (jobs, schools, services, etc.) throughout the community in order to minimize the need for a car for every trip and thus alleviate traffic.

The City values slower vehicle speeds in order to make the roads safe for drivers and pedestrians alike and undertakes efforts to calm traffic in various ways, such as narrow, connected streets. The City also is implementing its Pedestrian and Bicycle plan, which focuses on improving and building sidewalks and greenways.

Why does this matter? **SUWANEЕ WANTS TO BE CONNECTED.**

## WHAT HAVE WE DONE TO HELP CONNECT SUWANEЕ?

Since adopting the 20/20 Vision plan in 2012, here are some of the activities the City has done to further the goals related to Transportation:

### • IMPROVE TRAFFIC MANAGEMENT

- The City installed sidewalks on Smithtown Road and Suwanee Dam Road to improve pedestrian connections/safety to the schools.
- The City explores traffic calming methods, where feasible, such as the project currently being evaluated on Settles Bridge Road.
- The median break at Sawmill Drive was closed, allowing for extended turn lane on to I-85N.
- Additional turn lanes were added to Lawrenceville-Suwanee Road at Horizon Drive and Satellite Blvd.

### • MAKE LOCAL CONNECTIONS

- Buford Highway reconstruction is underway, which will slow (and possibly divert) vehicle traffic and improve pedestrian/bike safety.
- Sidewalks are incorporated into all new developments (both internally and along frontage).
- The City has constructed sidewalks on Smithtown Road and Stonecypher Road.
- The City completed a trail that connects Ruby Forest neighborhood to George Pierce Park and also connected Brushy Creek Greenway/PlayTown Suwanee to Stonecypher Road.

### • FOCUS ON DIFFERENT WAYS TO GET AROUND

- The City partnered with Zagster to provide bikes/racks in Town Center Park and on the greenway.
- An electric vehicle charging station was installed in the Town Center commercial area.
- The introduction of Uber, Lyft, and Waze carpooling has significantly improved carpooling opportunities.

### • DESIGN ATTRACTIVE ROADWAYS

- The City added an Environmental Division to provide for enhanced attention to landscaping and maintenance of rights-of-way and city properties.
- The City planted the medians along Peachtree Industrial Blvd. and plans to address other roads as part of the new Environmental Division.

## HOW ARE WE DOING AT CONNECTING SUWANEE?

Citizen surveys and benchmark data indicate that, overall, residents are largely satisfied with the way that Suwanee is maintaining and expanding its transportation network and mobility options. In the 2017 National Citizen Survey (NCS), Suwanee residents give positive ratings for the quality of these services and also rank the City higher than the national benchmarks for many indicators. Our residents rated the following as excellent or good in the most recent survey:

- Sidewalk maintenance (79% positive)
- Overall ease of travel (75% positive)
- Travel by car (72% positive)
- Ease of walking (68%)

TRANSPORTATION: HOW WE MOVE	CURRENT STATUS
<b>Goal 1: IMPROVE TRAFFIC MANAGEMENT</b>	
Divert traffic around high pedestrian areas	Buford Highway reconstruction is underway, which will slow (and possibly divert) vehicle traffic and improve pedestrian/bike safety.
Improve traffic safety around schools	The City installed sidewalks on Smithtown Road (Suwanee Elementary) and Suwanee Dam Road (North Gwinnett HS) to improve pedestrian connections/safety to the schools.
Use traffic calming methods	The City explores traffic calming methods, where feasible. A project is currently being evaluated on Settles Bridge Road.
Plan for better traffic flow at I-85/Lawrenceville-Suwanee Road	Median break closed at Sawmill Drive, allowing for extended turn lane on to I-85N. Additional turn lane added to Lawrenceville-Suwanee Road for Horizon Drive, as well as at Lawrenceville-Suwanee Road and Satellite Blvd. Gwinnett County is finalizing design of an interchange at McGinnis Ferry Road/I-85 which will improve traffic flow at exit #111."
<b>Goal 2: MAKE LOCAL CONNECTIONS</b>	
Transform Buford Highway	Buford Highway reconstruction is underway and scheduled for completion in 2020.
Build more sidewalks	Sidewalks are incorporated into new developments (both internally and along frontage); City has constructed sidewalks on Smithtown Road and Stonecypher Road.
Create safer pedestrian crossings along PIB	Long-range project; no action to date.
Create better pedestrian connections to the parks	Completed a trail that connects Ruby Forest neighborhood to George Pierce Park. Also connected Brushy Creek Greenway/PlayTown Suwanee to Stonecypher Road.

Explore ideas for improved bus service	Long-range project; no action to date.
Encourage carpooling	The introduction of Uber, Lyft, and Waze carpooling has addressed much of this need.
Create an integrated network of local bike lanes and bike racks in key locations	The City has partnered with Zagster to provide bikes/racks in Town Center Park and on the greenway.
Develop public education materials for drivers and bikers on road safety	No action to date.
Plan for electric car charging stations	An electric vehicle charging station was installed in the Town Center commercial area.
Plan for a commuter rail line and station	No activity to date, but the City continues to maintain a long-term plan for a commuter rail station in Suwanee Station.
<b>Goal 4: DESIGN ATTRACTIVE ROADWAYS</b>	
Grow the Adopt a Road Program	No action to date.
Provide landscaping and cleaning	The City incorporated an Environmental Division into the FY19 budget to provide for enhanced attention to landscaping and maintenance of rights-of-way and city properties.
Plant median strips on Peachtree Industrial Boulevard/Suwanee Dam Road (with business sponsorship)	The PIB median planting project is complete. The City plans to address other roads as part of the new Environmental Division.
Paint utility poles	No action to date.

**SUPPLEMENTAL  
INFORMATION**

The City of Suwanee was originally chartered on February 25, 1949.

**Location:**

Suwanee is located in the north central portion of the State of Georgia, approximately 30 miles northeast of the City of Atlanta. The City is located in the northwestern portion of Gwinnett County. Suwanee is part of the Atlanta Standard Metropolitan Statistical Area, as designated by the Bureau of the Census of the United States Department of Commerce.

**Form of Government:**

The governing authority of the City consists of a five-member City Council and Mayor. The Mayor and all Councilmembers are elected at large, serving staggered four-year terms. Suwanee operates under a council-manager form of government in which the City Council hires a professional manager to handle the day-to-day operations of City government.

**Population:**

Suwanee was the 5th fastest-growing City in Georgia and the fastest growing small City in metro Atlanta during the 1990s. Suwanee's population grew 262% from 1990-2000, and then another 76% from 2000-2010.

Population figures from previous years provide a good indicator of Suwanee's growth trends:

**Population Change**

**Area:**

11.0 square miles (7,040 acres)

**Altitude:**

The City's elevation ranges from 900 to 1,200 feet above sea level, and the terrain is rolling.

**Climate:**

**Average Temperature:**

**January** - 41.0 Degrees Fahrenheit

**July** - 78.8 Degrees Fahrenheit

Avg. Mean Temp: 61.3 Degrees Fahrenheit

**Average Rainfall:**

50.77 Inches Annually

Prevailing Winds: NW, Mean Speed 0 9.1 MPH

**Humidity:**

80 - 90% Mornings

50 - 60% Afternoons

**Miles of Roads:**

The City maintains approximately 64 miles of streets

**Number of Street Lights:**

Approximately 1,169

NOTES:

- (1) Source - City of Suwanee Planning and Development Permit Summary
- (2) 2013 - Increase in construction values largely due to commercial expansion.
- (3) 2015 - Increase in construction units largely due to new practice of issuing roof permits.
- (4) 2016 - Very few lots left to develop in existing neighborhoods.
- (5) 2017 - New neighborhoods sub-divided and ready for residential construction in mid-2017.
- (6) 2017 - One mixed-use project contained 240 units with a \$45 million estimated cost.
- (7) 2020 - The number of residential units permitted exceeds the total permits because 3 of the building permits permitted a total of 233 new residential units.

## Definitions

The budget document contains specialized and technical terminology that is unique to public finance and budgeting. The following definitions are provided to assist the reader in understanding these terms.

<b>Account:</b>	A separate financial reporting unit. All budgetary transactions are recorded in accounts.	<b>Assessed Property Value:</b>	The value set upon real estate or other property by the Gwinnett County Assessor and the State as a basis for levying taxes. The assessed value in the state of Georgia is 40 percent of the fair market value.
<b>Account Number:</b>	A line item code that defines the fund, function, and object for an appropriation.	<b>Assets:</b>	Property owned by a governmental unit which has monetary value.
<b>Accounting System:</b>	The total set of records and procedures used to record, classify, and report information on the financial status and operations of an entity.	<b>Assigned Fund Balance:</b>	Assigned fund balance includes the portion of fund balance that reflects the City's intended use of resources. Such intent was established by formal action of the City Council. Modifications require action by the City Council.
<b>Accrual Accounting:</b>	The method of accounting under which revenues are recorded in the accounting period in which they are earned and expenses are recognized in the period in which they are incurred.	<b>Audit:</b>	The examination of documents, records, reports, systems of internal control, accounting and financial procedures.
<b>Ad Valorem Tax:</b>	Commonly referred to as property taxes. These charges are levied on all real and certain personal property according to the property's assessed valuation and the tax rate.	<b>Authorized Position Resolution:</b>	The formal statement approved by the City Council that outlines the approved positions for the approaching fiscal year.
<b>Adopted Budget:</b>	Term used to describe revenues and expenditures for the upcoming year beginning July 1st as adopted by City Council.	<b>Balance Sheet:</b>	A financial statement that discloses the assets, liabilities, reserves and balances of a fund as of a specific date.
<b>Advanced Refunding:</b>	A transaction in which new debt is issued to provide monies to pay interest on old, outstanding debt as it becomes due; and to pay the principal on the old debt either as it matures or at an earlier call date.	<b>Balanced Budget:</b>	A budget in which planned funds available equal planned expenditures.
<b>Appraised Value:</b>	The market value of real and personal property located in the City as of January 1st each year, determined by Gwinnett County Tax Commissioner Office.	<b>Bond:</b>	A certificate of debt issued by an entity guaranteeing payment of the original investment plus interest by a specified future date.
<b>Appropriation:</b>	A specific amount of money authorized by City Council for the purpose of providing or acquiring goods and services.	<b>Bonded Indebtedness:</b>	That portion of indebtedness represented by outstanding bonds.
<b>Appropriation Resolution:</b>	The formal statement approved by the City Council which shows budgeted revenues and expenditures for the approaching fiscal year.	<b>Bond Proceeds:</b>	The money paid to the issuer by the purchaser or underwriter of a new issue of municipal securities. These monies are used to finance the project or purpose for which the securities were issued, and to pay certain costs of issuance as may be provided in the bond contract.

**Budget:** A financial plan for a specified period of time that matches all planned revenues and expenditures to planned services.

**Budget Authority:** Under certain circumstances, the City Council may adjust the budgeted appropriations for reasons unforeseen at the time of the adoption of the original budget. Such amendments are made by Council. The City Manager may make transfers of appropriations within a function.

**Budget Document:** The official publication that outlines the financial plan as supported by City Council.

**Budget Message:** A general discussion of the proposed budget as presented by the City Manager to City Council.

**Budget Resolution:** The formal statement approved by City Council which shows budgeted revenues and expenditures for the approaching fiscal year.

**Budget Schedule:** A comprehensive calendar of key dates or milestones, which the City departments follow in the preparation, adoption and administration of the budget.

**Business Tax:** This is a general tax of business for the privilege of conducting business within the city limits. Rates are set at each City’s discretion but may not be discriminatory or confiscatory.

**Capital Asset:** Assets of long-term character, which are intended to continue to be held or used, such as buildings, machinery, and equipment.

**Capital Improvement Program (CIP):** A plan for capital expenditures to be incurred each year over a five-year period. This plan specifies the resources estimated to be available to finance the projected expenditures with costs of at least \$10,000.

**Capital Expenditures:** Expenditures which result in the acquisition of a capital asset, such as equipment, vehicles, building improvements or major repairs.

**Capital Outlay:** Expenditures for the acquisition of capital assets.

**Capital Project Budget:** A financial plan for construction of physical assets such as buildings, streets, and recreation facilities. The time period usually expands more than one fiscal year.

**Capital Project Fund:** A fund that accounts for financial resources to be used for acquisition, renovation or construction of major capital facilities and improvements.

**Chart of Accounts:** The classification system used by the City to organize the accounting for various funds.

**City Council:** The Mayor and five Council members collectively acting as the legislative and policymaking body of the City.

**Comprehensive Annual Financial Report (CAFR):** This report is published to provide the Council, representatives of financial institutions, our citizens and other interested persons, detailed information concerning the financial condition of the City government.

**Commission on Accreditation for Law Enforcement Agencies (CALEA):** The primary purpose of the Commission is to improve law enforcement services by creating a national body of standards developed by law enforcement professionals. It recognizes professional achievements by establishing and administering an accreditation process through which a law enforcement agency can demonstrate that it meets those standards.

**Committed Fund Balance:** Committed fund balance represents resources the use of which is constrained by limitation that the government imposes upon itself at the highest level of decision making, City Council, and can only be removed by formal action equivalent to the action taken to impose it.

**Contractual Services:** The cost related to services performed for the City by individuals, businesses or utilities.

**Custodial Fund:** A type of Fiduciary Fund used to report fiduciary activities. This fund is used to account for assets that the City holds for other parties in an custodial capacity.

- Debt:** An obligation resulting from the borrowing of money or from the purchase of goods and services over a period of time.
- Debt Limit:** A maximum amount of debt that may be legally incurred. A debt limit usually only applies to general obligation debt, and is most often expressed as a percentage of the taxable value of property in a jurisdiction.
- Debt Service:** Interest and principal payments associated with the issuance of bonds.
- Debt Service Fund:** A fund established to finance and account for the payment of interest and principal on all general obligation bonds, special assessments and revenue debt issued or serviced by another governmental entity.

- Excise Tax:** A levy on a specific type of transaction at a rate specific to that transaction. Also known as a selective sales and use tax.
- Expenditures:** Costs of goods received or services rendered.
- Fiduciary Fund:** A fund used to report and record assets held in trust or as in an agency capacity for others.
- Financial Inflow:** Money received as a result of operating activities, investment activities, and financial activities.
- Financial Policies:** Financial policies are used to enable the City to achieve a sound financial position. They are in writing and are periodically updated and endorsed.
- Fiscal Year:** Any period of 12 consecutive months designated as the budget year. The City's fiscal year begins on July 1st and ends on June 30th.
- Franchise Fees:** Fees paid to a municipality from a franchisee for the use of city streets and right-of-ways. Businesses required to pay franchise fees include utilities such as gas, electricity, cable television, and telephone.
- Function:** A group of related activities aimed at accomplishing a major service or regulatory program.
- Fund:** A set of interrelated accounts to record revenues and expenditures associated with a specific purpose.
- Fund Balance:** The difference between a fund's assets and its liabilities. Portions of the fund balance are presorted into four categories: restricted, designated, stabilization, and unassigned.
- Fund Group:** A group of funds which are similar in purpose and character.

- General Fund:** The operating fund used to account for revenues and expenditures which are not accounted for in other funds, and which are used for the general operating functions. Revenues are derived primarily from general property taxes, charges and fees, excise taxes, and fines. General fund expenditures include the cost of the general operations and transfers to other funds.
- General Obligation Bonds:** Bonds that finance a variety of public projects such as streets, buildings, open greenspace and improvements. The repayment of these bonds is usually made from the general fund. These bonds are backed by the full faith and credit of the issuing government. General obligation bonds distribute the cost of financing over the life of the improvement so that future users help to repay the cost.
- Goal:** A statement of broad direction, purpose or intent based on the needs of the community.
- Government Accounting Standards Board (GASB):** A governmental accounting standard setting body, which is the source of generally accepted accounting principles (GAAP) used by state and local governments in the United States. It is a private, non-governmental organization. The GASB issues Statements, Interpretations, Technical Bulletins, and Concept Statements defining accounting standards for state and local governments.
- Governmental Fund:** A fund used to account for mainly tax-supported activities.

- Intergovernmental Revenue:** Revenue received from another governmental entity for a specified purpose.
- Investments:** Securities and real estate held for the production of income in the form of interest, dividends, or lease payments.
- Legally Adopted Budget:** The total of the budget of each City fund including budgeted transactions between funds formally adopted by City Council.
- Levy:** The total amount of taxes, special assessment or service charges imposed by a governmental unit.
- Liabilities:** Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed or refunded at some future date.
- Licenses and Permits:** Revenues in this category are charges designed to reimburse the City for costs of regulating the activities being licensed.
- Line Item Budget:** A budget that lists each expenditure category separately along with the dollar amount budgeted for each specified category.
- Long Term Debt:** Debt with a maturity of more than one year after the date of issuance.
- Maintenance:** The upkeep of physical properties in condition for use or occupancy.
- Major Fund:** Funds with revenues, expenditures, assets or liabilities that make up at least 10 percent of the total for the fund category or type and at least five percent of the aggregate amount of all governmental and enterprise funds. The general fund is always considered a major fund.
- Millage Rate:** The ad valorem property tax rate expressed in terms of the levy per thousand dollars of taxable assessed value.

- Modified Accrual Accounting:** The basis of accounting under which expenditures are recorded as soon as they result in liabilities for benefits received and revenue is recorded when received. The extent of modification varies in practice, depending upon the accountant's judgment.
- Net Bonded Debt:** Gross bonded debt less any cash or other assets available and earmarked for its retirement.
- Net Budget:** The legally adopted budget less all interfund transactions. Interfund transactions representing transfers and interfund reimbursements are subtracted from the legally adopted budget amount to prevent being double counted from the perspective of the entire budget.
- Net Position:** The difference between the City's total assets and total liabilities. Measuring net position is one way to gauge the City's financial condition.
- Non-major Fund:** A fund in which the revenues, expenditures, assets or liabilities do not make up at least 10 percent of the total for the fund category or type and at least five percent of the aggregate amount of all governmental and enterprise funds.
- Object:** As used in expenditure classification, this term applies to item purchased or the service obtained, such as personal services, purchased property services, other purchased services, supplies and capital outlay.
- Objective:** Serving as a goal; being the object of a course of action.
- Ordinance:** A formal legislative enactment by the governing board of a municipality.
- Overlapping Debt:** The proportionate share that residents, within the reporting government, must bear of the debts of other local governments located wholly or in part within the geographic boundaries of the reporting government.
- Pay-As-You-Go:** Method of payment for equipment or property using funds currently available without going into debt.
- Paying (Fiscal) Agent Fees:** Fees paid to the financial institution that receives and disburses bond payments made on the City's debt obligations.
- Performance Measures:** Specific quantitative measures of work performed within a department.
- Personal Property:** Mobile property not attached permanently to real estate, including tangible property (such as furniture, equipment, inventory, and vehicles) and intangible property (such as stocks, taxable bonds, and cash).
- Personal Services:** The costs associated with compensating employees for their labor. This includes salaries and benefits.
- Policy:** A set of guidelines used for making decisions.
- Productivity:** A measure of the increase of service output of City programs compared to the per unit of resources input invested.
- Projected:** Estimation of revenues and expenditures based on past trends, current and expected economic conditions, and future financial forecasts.
- Property Tax:** A tax levied on the assessed value of real, public utility, and personal property.
- Proprietary Fund:** A fund to account for activities that focus on operating income and cash flows. Such activities are often business like whether internal or external in operations.
- Public Hearing:** The portions of open meetings held to present evidence and provide information on both sides of an issue.
- Purchase Order:** A document which authorizes the delivery of specified merchandise or the rendering of specific services.
- Real Property:** Immobile property; examples are land, natural resources above and below the ground, and fixed improvements to the land.
- Refunding:** The issuance of new debt whose proceeds are used to repay previously issued debt.

**Resolution:** A special order of the City Council, which has a lower legal standing than an ordinance.

**Restricted Fund Balance:** Restricted fund balance encompasses the net fund resources subject to externally enforceable legal restrictions. Such restrictions would include 1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or 2) imposed by law through constitutional provisions or enabling legislation.

**Revenues:** Monies received or anticipated by a local government from both tax and non-tax sources during the fiscal year.

**Revenue Appropriation:** A designated portion of a fund allocated and appropriated in order to meet potential liabilities during a fiscal year.

**Revenue Bond:** A bond secured by the revenues of the specific operation being financed.

**Service Level:** Measurement of services provided by the City to the public.

**Special Purpose Local Option Sales Tax (SPLOST):** Tax levied at the rate of one percent which applies to the same items as the State sales tax, except that the special purpose local option sales tax also applies to sales of motor fuels and groceries. The City's share of voter-approved Gwinnett County SPLOST funds allow the City to proceed with capital improvement projects, without placing additional pressure on operating budgets or tax rates.

**Special Revenue Fund:** A fund defined to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

**Stabilization Account:** The stabilization account consists of a minimum of four months of general fund budgeted expenditures and transfers. As a part of the budget resolution, the City Council will annually commit the funding level of the stabilization account.

**Supplies:** Expenditures or expenses for supplies that ordinarily are consumed within a fiscal year and which are not included in inventories.

**Tax Allocation District (TAD):** The Georgia Redevelopment Powers Law gives cities and counties the authority to issue bonds to finance infrastructure and other redevelopment costs within a specifically defined area. A tax allocation district is a contiguous geographic area within the redevelopment area defined and created by resolution of the local legislative body for the purpose of issuing tax allocation bonds to finance the redevelopment costs within that area.

**Tax Digest:** The tax digest is a comprehensive list of all taxable and non-taxable property in the city.

**Tax Rate:** The amount of tax stated in terms of a unit of the tax base.

**Taxes:** Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. The term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments.

**Transfers In/Out:** Amount transferred from one fund to another to assist in financing the services of the recipient fund.

**Unassigned Fund Balance:** Unassigned fund balance includes fund balance that has not been reported in any other classification.

**Urban Redevelopment Agency (URA):** The Urban Redevelopment Agency of the City of Suwanee was established as a legally separate entity. The Agency provides a means to issue revenue bonds for development within the City.

**User Charges:** The payment of a fee for direct receipt of a public service by the party benefiting from the service.

**Workloads:** A measure of the services provided.
