1. Let Your Voice Be Heard

by Jason Dozer of Sugar Hill, GA

Draw a picture of yourself singing into this microphone! What are you singing?

2. Metaphysica

by Phil Proctor of Decatur, GA

Have you seen 'The Herd' of goats near the cemetery? This artist made those! See the big piece with the green circle and silver feather? He made that, too! Have you seen 'The Hunger Games'? The artist helped fabricate the 'Cornucopia' used in filming on location in Atlanta!

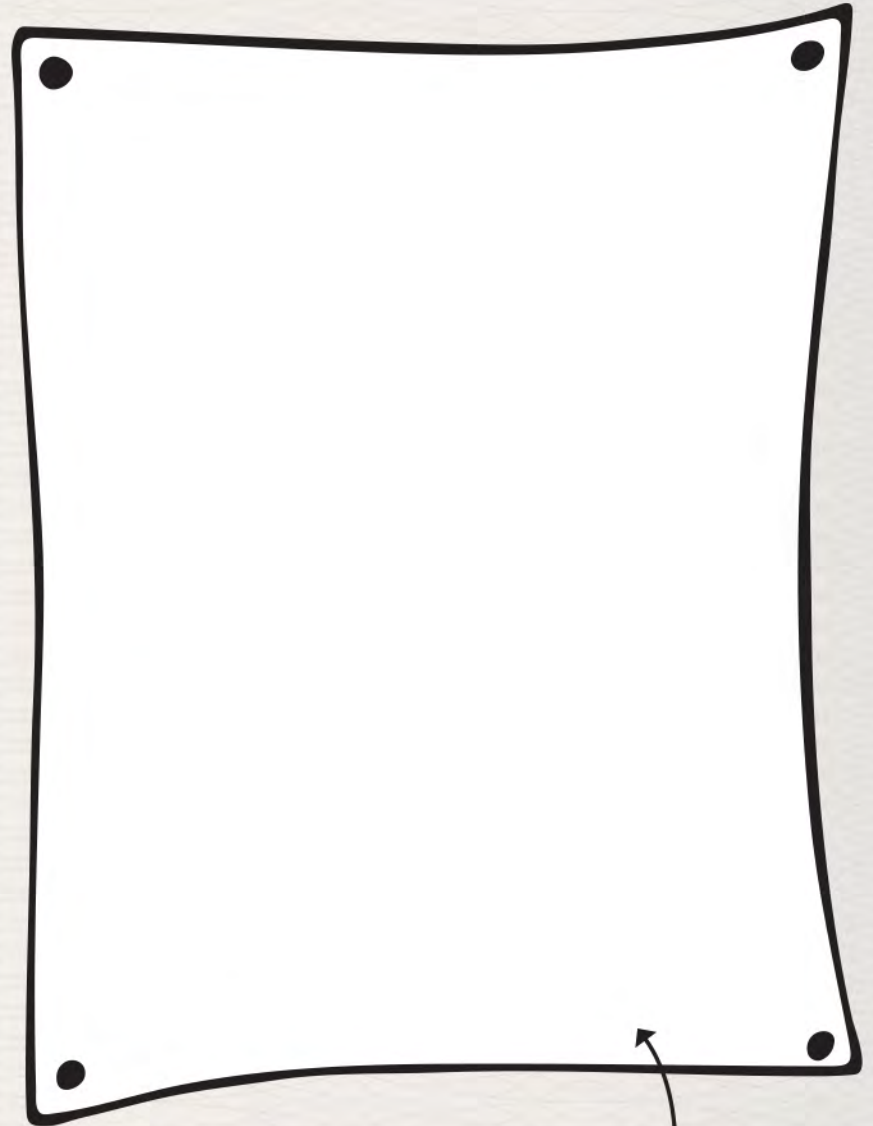

Draw a picture of 'Metaphysica' here!

3. Griffin

by Jonathan Bowling of Greenville, NC

One of this artist's previous Sculptour pieces (a horse named Corey!) was purchased by a local business and is on display at The Terraces at Suwanee Gateway.

The artist likes to create art using recycled materials. List some of the different parts that you see!

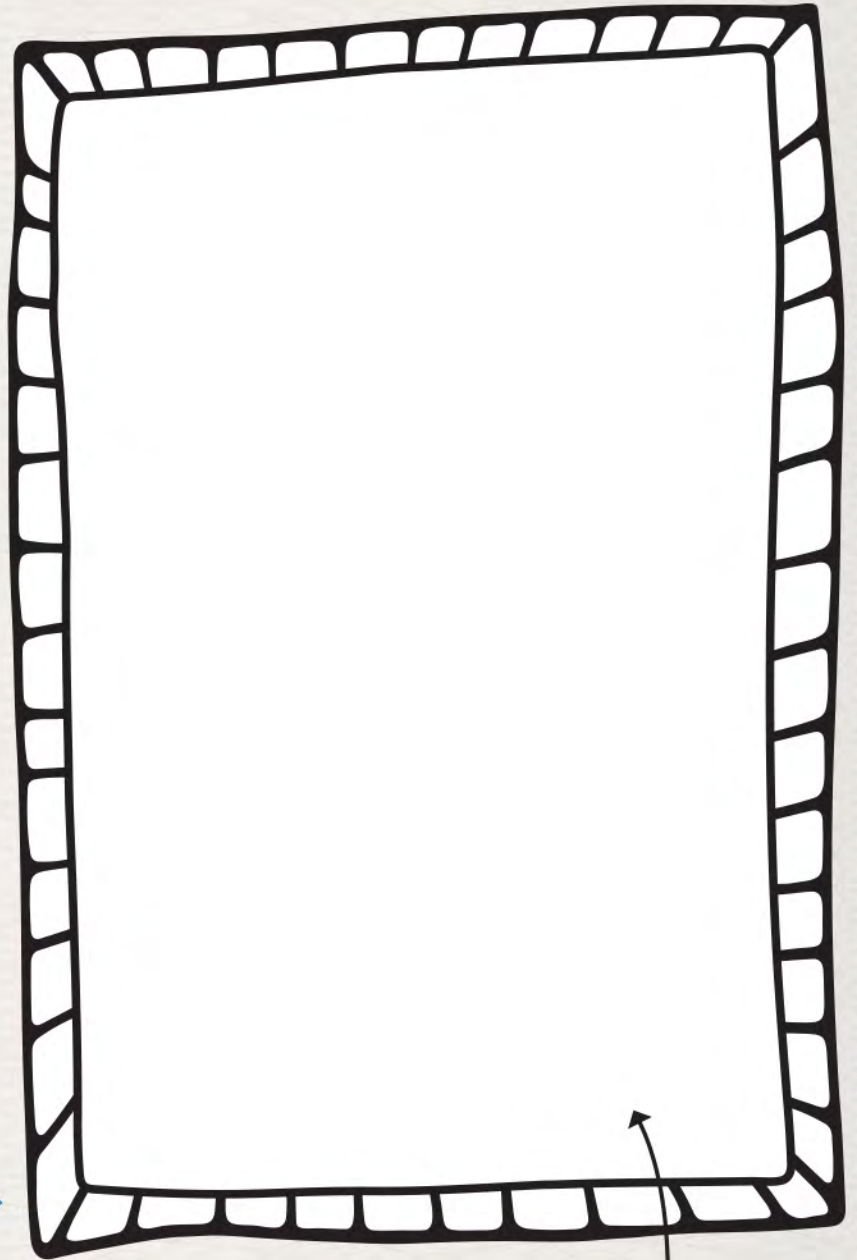

4. Core Red

by Adam Walls of Blacksburg, SC

It's a plant! No, it's a space creature! No, it's an upside-down jellyfish! Whatever your interpretation, the artist hopes that you will enjoy the sculpture as the fun experience it was meant to be.

5. Blossom

by Joni Younkins-Herzog of Athens, GA

Metalsmithing – the art form used by the artist to create this tropical flower – is an ancient metalworking tradition, using a hammer to shape metal after it's been heated.

Draw a picture of your favorite flower!

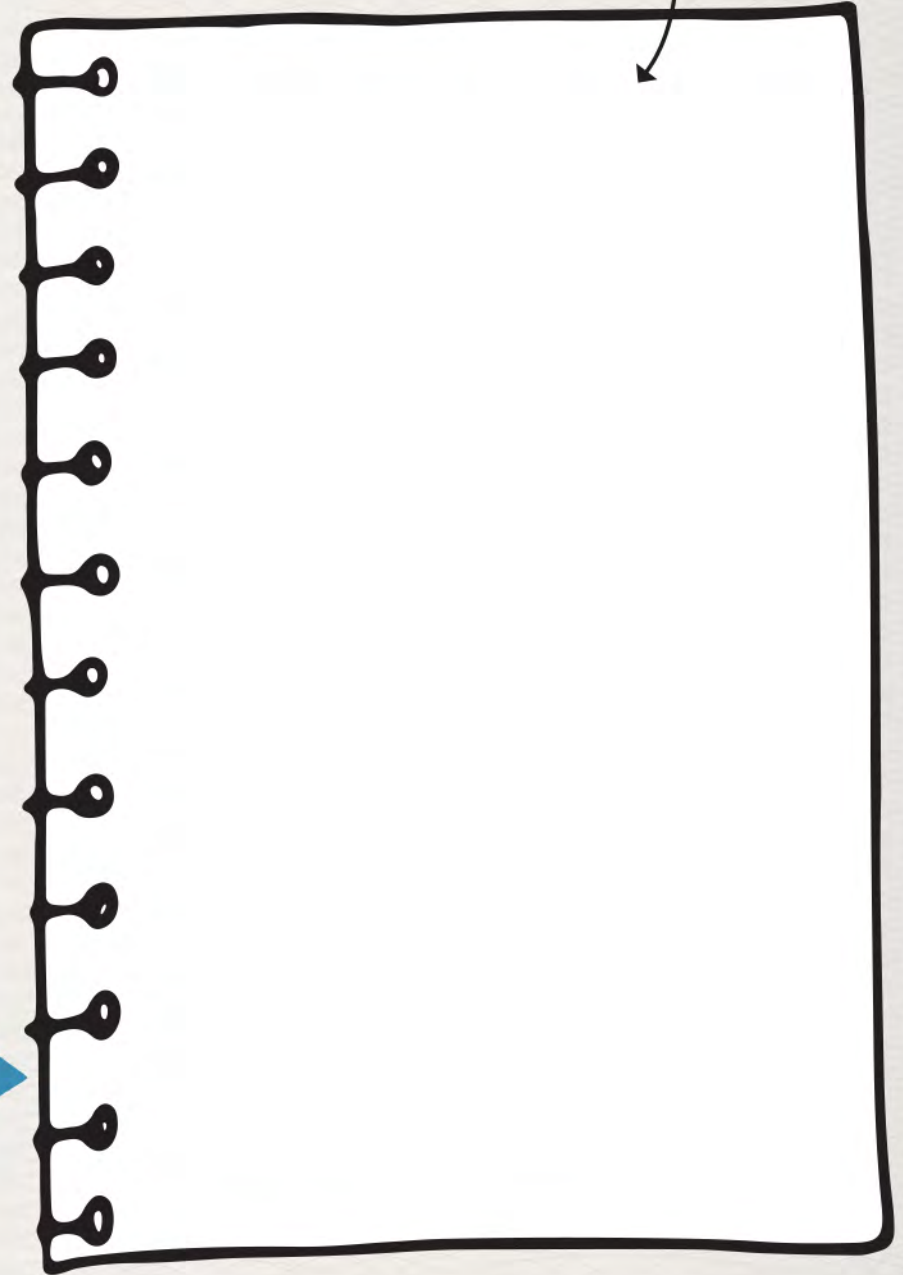

6. Mr. Rings

by Gus & Lina Ocamposilva of Oldsmar, FL

This sculpture reflects the discipline required to fulfill dreams, regardless of how difficult it may be; in this case, defying gravity!

What is a dream that you hope to achieve?

Draw a picture of a Mommy you know!

13. Portal Majestic
